

the sell side of a transaction. However, when the exchange accepts an ITS commitment to buy, the ultimate seller is a party on another market. The exchange lacks the ability to pass a fee to that seller directly, because the seller may not be a member of the exchange. Under the proposed arrangement, which the Commission understands will be adopted by each of the ITS participant exchanges,¹⁷ the exchange that routed the ITS commitment away will continue to collect a fee from the broker-dealer that placed the sell order. Then, with respect to each ITS participant exchange, the exchange will determine whether it is a net sender or net receiver of ITS trades and send fees to or accept fees from each other exchange accordingly. The Commission believes this is an equitable manner for the exchanges to obtain funds to pay their Section 31 fees on covered sales resulting from ITS trades.

Under Section 19(b)(2) of the Act,¹⁸ the Commission may not approve any proposed rule change prior to the thirtieth day after the date of publication of the notice of filing thereof, unless the Commission finds good cause for so doing. The Commission hereby finds good cause for approving the proposed rule change prior to the thirtieth day after publishing notice of filing thereof in the **Federal Register**. In this case, the Commission does not believe a comment period is necessary because all of the parties affected by the proposed fee—the other ITS participant exchanges—have already consented to and will adopt the same fee arrangement.¹⁹

For the reasons set forth above, the Commission finds good cause to accelerate approval of the proposed rule change pursuant to Section 19(b)(2) of the Act.²⁰

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²¹ that the proposed rule change (SR-BSE-2005-41) is hereby approved on an accelerated basis.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CBOE included statements concerning the purpose of, and basis for, the proposed rule change, as amended, and discussed any comments it received on the proposed rule change, as amended. The text of these statements may be examined at the places specified in Item IV below. The CBOE has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule to amend certain fees for DIA options. Specifically, the Exchange proposes to reduce customer and broker-dealer fees for transactions in DIA options, amend non-member

market-maker fees for orders in DIA options sent to CBOE through Linkage and outside of Linkage,⁸ and eliminate the market-maker license fee surcharge applicable to transactions in DIA options.

In particular, the transaction fees for public customer transactions in DIA options are currently \$.45 per contract if the premium is equal to or greater than \$1, and \$.25 per contract if the premium is less than \$1. The Exchange proposes to reduce the transaction fees for public customer transactions in DIA options to \$.15 per contract, regardless of the premium. Moreover, the transaction fees for broker-dealer transactions in DIA options are currently \$.45 per contract if the premium is equal to or greater than \$1, and \$.25 per contract if the premium is less than \$1. The Exchange proposes to reduce the transaction fees for broker-dealer transactions in DIA options to \$.25 per contract, regardless of the premium. Further, the transaction fees for non-member market-maker transactions in DIA options are currently \$.47 per contract if the premium is greater than or equal to \$1, and \$.27 per contract if the premium is less than \$1. The transaction fees assessed to non-member market-makers for orders in DIA options sent to CBOE through Linkage are currently \$.45 per contract if the premium is greater than or equal to \$1, and \$.25 per contract if the premium is less than \$1. The Exchange proposes to change both the non-member market maker transaction fee and the Linkage transaction fee for transactions in DIA options to \$.26 per contract, regardless of the premium.⁹

In addition, the Exchange currently charges market-makers that trade Dow Jones products, including DIA options, a license fee of \$.10 per contract in addition to the regular transaction fee of \$.24 per contract, to assist the Exchange in offsetting some of the royalty fees the Exchange must pay to Dow Jones for its license to trade Dow Jones products.¹⁰ The Exchange proposes to eliminate the \$.10 license fee solely with respect to market-maker transactions in DIA options.¹¹

⁸ See Amendment No. 2, *supra* note 4.

⁹ See Amendment No. 2, *supra* note 4. According to CBOE, the proposed changes to the transaction fees assessed to non-member market-makers for orders in DIA options sent to CBOE through Linkage or outside of Linkage will be implemented on November 1, 2005.

¹⁰ See Securities Exchange Act Release No. 48223 (July 24, 2003), 68 FR 44978, 44979 (July 31, 2003).

¹¹ The Commission notes that the Exchange currently charges market-makers that trade Dow Jones products, including DIA options, a total fee of \$.34 per contract, which reflects a \$.10 licensing fee surcharge. Under the proposed rule change, the

The proposed rule change, as amended, is intended to establish fees for CBOE's DIA options that will be competitive with fees charged by other exchanges for transactions in DIA options.

The Exchange also proposes to make a minor technical amendment to its Fees Schedule to change references relating to "Reduced Value Russell 2000" options to its ticker symbol, "RMN."

2. Statutory Basis

The CBOE believes that the proposed rule change, as amended, is consistent with section 6(b) of the Act,¹² in general, and furthers the objectives of section 6(b)(4) of the Act,¹³ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among CBOE members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The CBOE does not believe that the proposed rule change, as amended, will impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change, as amended, has been designated as a fee change pursuant to section 19(b)(3)(A)(ii) of the Act¹⁴ and Rule 19b-4(f)(2)¹⁵ thereunder, because it establishes or changes a due, fee or other charge imposed by the Exchange. Accordingly, the proposal will take effect upon filing with the Commission.¹⁶ At any time within 60 days of the filing of the proposed rule change, as amended, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁷

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-52631; File No. SR-FICC-2005-14]

Self-Regulatory Organizations; Fixed Income Clearing Corporation; Notice of Filing of a Proposed Rule Change Relating to the Federal Reserve's National Settlement System

October 18, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on September 9, 2005, Fixed Income Clearing Corporation ("FICC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared primarily by FICC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change would amend the rules of FICC's Government Securities Division ("GSD") to have funds-only settlement obligation payment processing occur through the Federal Reserve's National Settlement System ("NSS").

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FICC has prepared summaries, set forth in Sections (A), (B), and (C) below, of the most significant aspects of such statements.²

¹⁸ 17 CFR 200.30-3(a)(12).

¹⁵ 15 U.S.C. 78s(b)(1).

² The Commission has modified parts of these statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of the proposed rule change is to amend the rules of GSD to require netting members to satisfy their funds-only settlement amounts ultimately through the Federal Reserve's NSS.³ GSD's funds-only settlement process is set forth in GSD Rule 13. On a daily basis, FICC reports a funds-only settlement amount, which is either a debit amount or a credit amount, to each netting member. Each netting member that has a debit is required to satisfy its obligation by the applicable deadline. Netting members with credits are subsequently paid by FICC by the applicable deadline. All payments of funds-only settlement amounts by a netting member to FICC and all collections of funds-only settlement amounts by a netting member from FICC are done through depository institutions that are designated by such netting member and FICC to act on their behalves with regard to such payments and collections. All payments are made by fund wires from one depository institution to the other.

In 1997, the Commission approved an enhancement to GSCC's⁴ funds-only settlement payment processing ("1997 Filing").⁵ This enhancement gave members the option to participate in an auto-debit arrangement that was to eliminate the need to send fund wires for the satisfaction of funds-only settlement payments. Under the auto-deposit arrangement, GSCC, the netting member, and the netting member's depository institution would enter into a "funds-only settlement procedures agreement" whereby the depository institution would pay or collect funds-only settlement amounts on behalf of the netting member and GSCC through accounts of the member at the depository institution. As a result, the

³ This is consistent with the manner in which FICC's affiliates, The Depository Trust Company ("DTC") and the National Securities Clearing Corporation ("NSCC"), handle their funds settlement process. DTC and NSCC do not currently use NSS for the processing of funds credits, whereas FICC is proposing to have the GSD process both the debits and credits of its funds-only settlement process through NSS.

⁴ The Government Securities Clearing Corporation ("GSCC") was the predecessor to GSD. GSCC became the GSD division of FICC when GSCC and the Mortgage Backed Securities Clearing Corporation were merged to create FICC in 2002.
