SUPPLEMENTARY INFORMATION: For nearly forty years, the Federal Trade Commission has published periodic reports containing data on domestic cigarette sales and marketing expenditures by the major U.S. cigarette manufacturers. The Commission has published comparable reports on smokeless tobacco sales and marketing expenditures since 1987. Both reports originally were issued pursuant to statutory mandates. After those statutory mandates were terminated, the Commission continued to collect and publish information obtained from the cigarette and smokeless tobacco industries pursuant to section 6(b) of the FTC Act, 15 U.S.C. 46(b).

More recently, the Commission decided to address its information requests to the ultimate parent of each of the leading cigarette and smokeless tobacco manufacturers in order to ensure that no relevant data from affiliated companies go unreported. This change presumably increases the

The information will be sought using compulsory process under section 6(b) of the FTC Act, 15 U.S.C. 46(b) (hereinafter "6(b) orders").
