V. Application Review Information

1. Criteria

Applications will be reviewed and scored with the following criteria:

- Needs of the IHS (Health Work Force needs in Indian Country). Applicants are considered for scholarship awards based on their desired career goals and how these goals relate to current Indian health work force needs. Applications for each health career category are reviewed and ranked separately.
- Academic Performance (40 points). Applicants are rated according to their academic performance as evidenced by transcripts and faculty evaluations. In cases where a particular applicant's school has a policy not to rank students academically, faculty members are asked to provide a personal judgement of the applicant's achievement. Health

Professions applicants with a cumulative GPA below 2.0 are not eligible to apply.

- Faculty/Employer Recommendations (30 points). Applicants are rated according to evaluations by faculty members, current and/or former employers and Tribal officials regarding the applicant's potential in the chosen health related professions.

- Stated Reasons for Asking for the Scholarship and Stated Career Goals (30 points). Applicants must provide a brief written explanation of reasons for asking for the scholarship and of their career goals. The applicant's narrative will be judged on how well it is written and its content.

If several students have the same date of graduation and score within the same discipline, computer ranking list will randomly sort and will not be sorted by alphabetical name. Selections for recommendations to the Director, IHS, are then made from the top of each ranking list to the extent that funds allocated by the IHS among the three scholarships are available for obligation.

VI. Award Administration Information

1. Award Notices

It is anticipated that applicants will be notified in writing during the third week of June, 2006. An Award Letter will be issued to successful applicants. 2. Administrative and National Policy Requirements

Regulations at 42 CFR 136.304 provide that the IHS shall, from time to time, publish a list of health professions eligible for consideration for the award of Indian Health Professions Preparatory and Pregraduate Scholarships and Indian Health Scholarships (Professions). Section 104(b)(1) of the IHCA, as amended by the Indian Health Care Amendment of 1988, Pub. L. 100-713, authorizes the IHS to determine specific health professions for which Indian Health Scholarships will be awarded.

Awards for the Indian Health Scholarships (Professions) will be made in accordance with 42 CFR 136.330.

Recipients shall incur a service obligation prescribed under section 338A of the Public Health Service Act (42 U.S.C. 2541) which shall be met by service:

- (1) In the Indian Health Service;
- (2) In a program conducted under a contract or compact entered into under the Indian Self-Determination Act and Education Assistance Act (Pub. L. 93-638) and its amendments;
- (3) In a program assisted under Title V of the Indian Health Care Improvement Act (Pub. L. 94-437) and its amendments; and
- (4) In a private practice option of his or her profession, if the practice (a) is situated in a health professional shortage area, designated in regulations promulgated by the Secretary and (b) addresses the health care needs of a substantial number (51%) of Indians as determined by the Secretary in accordance with guidelines of the Service.

Pursuant to the Indian Health Amendments of 1992 (Pub. L. 102-573), a recipient of an Indian Health Professions Scholarship may, at the election of the recipient, meet his/her active duty service obligation prescribed under section 338A of the Public Health Service Act (42 U.S.C. 2541) by a program specified in options (1)-(4) above that:

(i) Is located on the reservation of the Tribe in which the recipient is enrolled; or

3. Reporting

Scholarship Program Minimum Academic Requirements

It is the policy of the IHS that a scholarship recipient awarded under the Health Professions Scholarship Program of the Indian Health Care Improvement Act maintain a 2.0 cumulative grade point average (GPA) each semester/quarter and be a full-time student (minimum of 12 credit hours considered by your school as full-time). A recipient of a scholarship under the Health Professions Pre-Graduate and Health Professions Preparatory Scholarship authority must maintain a good academic standing each semester/quarter and be a full time student (minimum of 12 credit hours or the number of credit hours considered by your school as full-time). In addition to the two requirements stated above, a Health Professions Scholarship program grantee must be enrolled in an approved/accredited school for a health professions degree.

Part-time students for the three scholarship programs must also maintain a 2.0 cumulative GPA and must take at least 6 credit hours each semester/quarter but less than the number of hours considered full-time by your school. Scholarship grantees must be approved for part-time status at the time of scholarship award. Scholarship grantees may not change from part-time status to full-time status or vice versa in the same academic year.

The following reports must be sent to the IHS Scholarship Program at the identified time frame. Each scholarship grantee will be provided with an IHS Scholarship Handbook where the below needed reports are located. If a scholarship grantee fails to submit these reports as required, they will be ineligible for continuation of scholarship support and scholarship award payments will be discontinued.

A. Recipient's Enrollment and Initial Progress Report

Within thirty (30) days from the beginning of each semester or quarter, scholarship grantees must submit a Recipient's Enrollment and Initial Progress Report (Form F-02 of the student handbook).

B. Transcripts

Within thirty (30) days from the end of each academic period, *i.e.*, semester, quarter, or summer session, scholarship grantees must submit an Official Transcript showing the results of the classes taken during that period.

C. Notification of Academic Problem/Change

If at any time during the semester/quarter, scholarship grantees are advised to reduce the number of credit hours for which they are enrolled below the minimum of 12 (or the number of hours considered by their school as full time) for a full-time student or at least 6 hours for part-time students; or if they experience academic problems, they must submit this report (page F-04 of student handbook).

D. Change of Status

- **Change of Academic Status.** Scholarship Grantees must immediately notify the IHS Area Coordinator if they are placed on academic probation, dismissed from school, or voluntarily withdraw for any reason (personal or medical).

- **Change of Health Discipline.** Scholarship Grantees may not change from the approved IHS Scholarship Program health discipline during the school year. If an unapproved change is made, scholarship payments will be discontinued.

- **Change in Graduation Date.** Any time that a change occurs in a scholarship grantee's expected graduation date, they must notify their IHS Area Coordinator immediately in writing. Justification must be attached from the school advisor.

Comments Invited

TSA invites interested persons to participate by submitting written comments, data, or views. See **ADDRESSES** above for information on where to submit comments.

With each comment, please include your name and address, identify the docket number at the beginning of your comments, and give the reason for each comment. The most helpful comments reference a specific portion of the document, explain the reason for any recommended change, and include supporting data. You may submit comments and material electronically, in person, by mail, or fax as provided under **ADDRESSES**, but please submit your comments and material by only one means. If you submit comments by mail or delivery, submit them in two copies, in an unbound format, no larger than 8.5 by 11 inches, suitable for copying and electronic filing.

If you want TSA to acknowledge receipt of comments submitted by mail, include with your comments a self-addressed, stamped postcard on which the docket number appears. We will stamp the date on the postcard and mail it to you.

TSA will file in the public docket all comments received, except for comments containing confidential information and sensitive security information (SSI)¹, TSA will consider all comments received on or before the closing date for comments and will consider comments filed late to the extent practicable. The docket is available for public inspection before and after the comment closing date.

Handling of Confidential or Proprietary Information and Sensitive Security Information (SSI) Submitted in Public Comments

Do not submit comments that include trade secrets, confidential commercial or financial information, or SSI to the public regulatory docket. Please submit such comments separately from other comments on the rulemaking. Comments containing this type of information should be appropriately marked as containing such information and submitted by mail the address listed in **FOR FURTHER INFORMATION CONTACT** section.

TSA will not place such comments in the public docket, but rather, will handle these comments in accordance with applicable safeguards and restrictions on access. TSA will hold them in a separate file to which the public does not have access, and place a note in the public docket that TSA has received such materials from the commenter. If TSA receives a request to examine or copy this information, TSA will treat it as any other request under the Freedom of Information Act (FOIA) (5 U.S.C. 552) and the Department of Homeland Security's (DHS') FOIA regulation found in 6 CFR part 5.
