

Estimated Annual Burden Hours: An estimated 185,000 hours annually.

Abstract: Information is collected from applicants who wish to obtain repair station certification. Applicants must submit FAA form 8310-3 to the appropriate FAA flight standards district office for review. If the application is satisfactory, an onsite inspection is conducted. When all the requirements have been met, and air agency certificate and repair station operations specifications with appropriate rating and limitations are issued.

ADDRESSES: Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention FAA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC, on November 4, 2005.

Judith D. Street,

FAA Information Collection Clearance Officer, Information Systems and Technology Services Staff, ABA-20.

Federal Aviation Administration

Agency Information Collection Activity Under OMB Review, Request for Comments; Renewal of an Approved Information Collection Activity, Aviation Medical Examiner Program

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: The FAA invites public comments about our intention to request the Office of Management and Budget's (OMB) renewal of a current information collection. The **Federal Register** Notices with a 60-day comment period soliciting comments on the following collection of information was published on July 27,

2005, vol. 70, #143, pages 43502-43503. This collection of information is necessary in order to determine applicants' professional and personal qualifications for certification as an Aviation Medical Examiner (AME). The information is used to develop the AME directories used by airmen who must undergo periodic examinations by AMEs.

DATES: Please submit comments by December 12, 2005.

FOR FURTHER INFORMATION CONTACT: Judy Street on (202) 267-9895.

SUPPLEMENTARY INFORMATION:

Federal Aviation Administration (FAA)

Title: Aviation Medical Examiner Designation Program.

Type of Request: Renewal of an approved collection.

OMB Control Number: 2120-0604.

Forms(s): None.

Affected Public: A total of 450 Aviation Medical Examiners.

Frequency: The information is conducted on an as-needed basis.

Estimated Average Burden Per Response: Approximately 0.5 hours per response.

Estimated Annual Burden Hours: An estimated 225 hours annually.

Abstract: This collection of information is necessary in order to determine applicants' professional and personal qualifications for certification as an Aviation Medical Examiner. The information is used to develop the AME directories used by airmen who must undergo periodic examinations by AMEs.

ADDRESSES: Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention FAA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC, on November 4, 2005.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Receipt of Noise Compatibility Program and Request for Review; Vero Beach Municipal Airport, Vero Beach, FL

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces that it is reviewing a proposed noise compatibility program that was submitted for Vero Beach Municipal Airport under provisions of 49 U.S.C. 47501 *et. seq* (the Aviation Safety and Noise Abatement Act hereinafter referred to as "the Act") and 14 CFR part 150 by the city of Vero Beach, Florida. This program was submitted subsequent to a determination by AA that the associated noise exposure maps submitted under 14 CFR part 150 for Vero Beach Airport were in compliance with applicable requirements effective October 28, 2003. The proposed noise compatibility program will be approved or disapproved on or before May 1, 2006.

DATES: The effective date of the start of FAA's review of the associated noise compatibility program is November 2, 2005. The public comment period ends January 2, 2006.

FOR FURTHER INFORMATION CONTACT: Ms. Bonnie Baskin, Federal Aviation Administration, Orlando Airports District Office, 5950 Hazelton National Dr., Suite 400, Orlando, Florida 32822, (407) 812-6331. Comments on the proposed noise compatibility program should also be submitted to the above office.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA is reviewing a proposed noise compatibility program for Vero Beach Municipal Airport which will be approved or disapproved on or before May 1, 2006. This notice also announces the availability of this program for public review and comment.

An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with

the requirements of Federal Aviation Regulations (FAR) part 150, promulgated pursuant to the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes to reduce existing non-compatible uses and prevent the introduction of additional non-compatible uses.

The FAA has formally received the noise compatibility program for Vero Beach Municipal Airport, effective on November 2, 2005. The airport operator has requested that the FAA review this material and that the noise mitigation measures, to be implemented jointly by the airport and surrounding communities, be approved as a noise compatibility program under section 47504 of the Act. Preliminary review of the submitted material indicates that it conforms to the requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before May 1, 2006.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR part 150, section 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety or create an undue burden on interstate of foreign commerce, and whether they are reasonably consistent with obtaining the goal of reducing existing non-compatible land uses and preventing the introduction of additional non-compatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments relating to these factors, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps, the FAA's evaluation of the maps, and the proposed noise compatibility program are available for examination at the following locations:

Federal Aviation Administration, Orlando Airports District Office, 5950 Hazeltine National Dr., Suite 400, Orlando, Florida 32822.

Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT.**

Issued in Orlando, Florida, November 2, 2005.

W. Dean Stringer,

Manager, Orlando Airports District Office.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Random Drug and Alcohol Testing Percentage Rates of Covered Aviation Employees for the Period of January 1, 2006, Through December 31, 2006

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The FAA has determined that the minimum random drug and alcohol testing percentage rates for the period January 1, 2006, through December 31, 2006, will remain at 25 percent of covered aviation employees for random drug testing and 10 percent of covered aviation employees for random alcohol testing.

FOR FURTHER INFORMATION CONTACT: Dr. Mark Crispi, Office of Aerospace Medicine, Drug Abatement Division, Program Analysis Branch (AAM-810), Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone (202) 267-8442.

Discussion: Pursuant to 14 CFR part 121, appendix I, section V.C, the FAA Administrator's decision on whether to change the minimum annual random drug testing rate is based on the reported random drug test positive rate for the entire aviation industry. If the reported random drug test positive rate is less than 1.00%, the Administrator may continue the minimum random drug testing rate at 25%. In 2004, the random drug test positive rate was 0.54%. Therefore, the minimum random drug testing rate will remain at 25% for calendar year 2006.

Similarly, 14 CFR part 121, appendix J, section III.C, requires the decision on the minimum annual random alcohol testing rate to be based on the random alcohol test violation rate. If the violation rate remains less than 0.50%, the Administrator may continue the minimum random alcohol testing rate at 10%. In 2004, the random alcohol test violation rate was 0.09%. Therefore, the minimum random alcohol testing rate will remain at 10% for calendar year 2006.

SUPPLEMENTARY INFORMATION: If you have questions about how the annual random testing percentage rates are

determined please refer to the Code of Federal Regulations Title 14: part 121, appendix I, section V.C (for drug testing), and appendix J, section III.C (for alcohol testing).

Issued in Washington, DC, on November 3, 2005.

Jon L. Jordan,

Federal Air Surgeon.

RTCA Special Committee 186: Automatic Dependent Surveillance—Broadcast (ADS-B)

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of RTCA Special Committee 186 meeting.

SUMMARY: The FAA is issuing this notice to advise the public of a meeting of RTCA Special Committee 186: Automatic Dependent Surveillance—Broadcast (ADS-B).

DATES: The meeting will be held December 5-8, 2005 starting at 9 a.m. (unless stated otherwise)

ADDRESSES: The meeting will be held at RTCA, Inc., 1828 L Street, NW., Suite 805, Washington, DC 20036.

FOR FURTHER INFORMATION CONTACT: RTCA Secretariat, 1828 L Street, NW, Suite 805, Washington, DC, 20036; telephone (202) 833-9339; fax (202) 833-9434; Web site <http://www.rtca.org>.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463, U.S.C., Appendix 2), notice is hereby given for a Special Committee 186 meeting. **Note:** Specific working group sessions will be held on December 5, 6 & 7.

- December 5:
 - ASAS MOPS—STP Subgroup.
 - December 6:
 - ASAS MOPS—CDTI Subgroup.
 - ASAS MOPS—STP Subgroup.
 - December 7:
 - ASAS MOPS—CDTI Subgroup.
 - ASAS MOPS—STP Subgroup.
 - WG-3—1090 MHz MOPS.
- Note:** ASAS—Aircraft Surveillance Applications System.

CDTI—Cockpit Display of Traffic Information.

MOPS—Minimum Operational Performance Standards.

STP—Surveillance Transmit Processing.

The plenary agenda will include:
