[Public Notice 5224]

**International Joint Commission
Announcement of Public Meetings****Review of the Great Lakes Water
Quality Agreement**

The governments of the United States and Canada have asked the International Joint Commission (IJC) to consult with the residents of the Great Lakes and St. Lawrence River basin to find out their views on what needs to be done to protect water quality in their area, and on the future of the Great Lakes Water Quality Agreement.

The Great Lakes Water Quality Agreement between Canada and the United States expresses the commitment of each country to restore and maintain the chemical, physical and biological integrity of the waters of the Great Lakes basin ecosystem, including the international portion of the St. Lawrence River.

The governments intend to launch a review of the operation and effectiveness of the Agreement in early 2006. The Agreement was first signed in 1972 and last amended in 1987.

The International Joint Commission is holding 14 public meetings across the Great Lakes and St. Lawrence River basin, conducting a Web Dialogue from November 29 to December 2 and accepting written and oral submissions until November 30. BILLING CODE 4710-14-P**DEPARTMENT OF TRANSPORTATION****Office of the Secretary**

[OST Docket No. 2005-22114]

RIN 2105-AD53**Standard Time Zone Boundary in the
State of Indiana**

AGENCY: Office of the Secretary (OST), the Department of Transportation (DOT).

ACTION: Notice of public hearings.

SUMMARY: To gather information concerning the effects of changing time zone boundaries in Indiana, DOT is holding four public hearings. This notice provides the dates, times, locations, and agenda for these public hearings. The objective of the hearings is to provide State and local government representatives and the public an opportunity to comment on DOT's proposal concerning the time zone boundary in 18 Indiana counties. To aid us in our consideration of whether a time zone change would be "for the convenience of commerce," which is the standard Congress established for these matters, DOT seeks comments on how the time zone change impacts on such things as economic, cultural, social, and civic activities and how time zone changes affect businesses, communication, transportation, and education.

DATES: The hearing in Logansport will be held on November 13 from 2:30 pm to 6:30 pm; in Terre Haute on November 14 from 5 p.m. to 10 p.m.; in Jasper on November 16 from 6 p.m. to 10 p.m., and in South Bend on November 21, 2005 from 5 p.m. to 10 p.m. To help us prepare for the meeting, all State and local government representatives must register in order to ensure an opportunity to speak at the hearings by November 10, 2005. If anyone needs a sign language interpreter, please let us know as soon as possible. To register or to request an interpreter for the hearings, please send an e-mail message to indianatime@dot.gov or call (202) 366-9283 and identify the hearing location at which you wish to speak. As announced previously, all written comments should be received by November 30, 2005, to be assured of consideration. Comments received after that date will be considered to the extent practicable.
