

2005.⁵ The Commission received no comments on the proposal.

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a self-regulatory organization.⁶ In particular, the Commission believes that the proposed rule change is consistent with section 15A(b)(6) of the Act⁷ in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,⁸ that the proposed rule change (File No. SR-NASD-2005-106) be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁹

Secretary.

Self-Regulatory Organizations; Pacific Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Remote Market Makers

November 2, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 21, 2005, the Pacific Exchange, Inc. (“PCX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal pursuant to Section 19(b)(3)(A)

of the Act,³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The PCX proposes to amend PCX Rule 6.35 by eliminating the restriction contained in PCX Rule 6.35(h)(4) that prohibits a Remote Market Maker (“RMM”) from concurrently trading and/or quoting the same option issue as an RMM who is a Nominee of the same OTP Firm. The text of the proposed rule change is set forth below. Additions are in italics and deletions are in brackets.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

PCX Rule 6.35 governs the appointment of Market Makers. The rule change would eliminate PCX Rule 6.35(h)(4), which prohibits two or more RMMs who are Nominees of the same OTP Firm from concurrently trading options in the same class.

The current restriction on RMMs that are from the same OTP Firm concurrently trading the same issues was included as part of Amendment No. 2 to PCX-2002-36,⁵ (Rules of PCX Plus). This restriction grew out of early concerns over trade allocation and the possibility that an OTP Firm could unfairly game the “size pro rata” allocation method that PCX Plus utilizes. It was thought that having multiple RMMs in the same issue, quoting smaller individual markets, could somehow cause a greater contract allocation than a single RMM quoting the same aggregate size market. PCX Rule 6.76, Priority and Order Allocation Procedures, governs trade allocations for trades executed on the PCX Plus System. Specifically, PCX Rule 6.76(a)(4) outlines the Size Pro Rata Allocation. By reviewing this rule, one can see that the PCX allocation method is based strictly on the market size that Market Makers are quoting at the time of a trade. A single Market Maker quoting one size would be entitled to no more or no less than two or more Market Makers quoting the same aggregate size. Due to the fact that trade allocations are based strictly on quote size, and not the number of quoters, the Exchange believes that PCX Rule 6.76(h)(4) is obsolete and serves no purpose.

Some PCX OTP Firms are large businesses that have multiple Nominees that pursue separate and distinct trading strategies, and each of these Nominees may be interested in serving in an RMM capacity. Under present PCX rules, each OTP Firm is limited to allowing only one RMM to trade a particular options issue, regardless of the number of Nominees the firm may employ. By eliminating the current restriction on affiliated RMMs, these individual Nominees will be able to concurrently trade the same options issue. The

Exchange believes that additional market participants will create deeper markets, allowing for better executions and better prices for all customers. In this regard, the PCX proposes to no longer prohibit multiple Nominees of an OTP Firm from concurrently trading as RMMs in the same option issue.

2. Statutory Basis

For the above reasons, the Exchange believes that the proposed rule change would enhance competition. The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5),⁷ in particular, in that it is designed to facilitate transactions in securities, to promote just and equitable principles of trade and to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated the proposed rule change as one that: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest pursuant to Section 19(b)(3)(A)(iii) of the Act⁸ and Rule 19b-4(f)(6)⁹ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the

Act. The PCX provided the Commission with written notice of its intent to file this proposed rule change at least five business days prior to the date of filing the proposed rule change.

The Exchange has requested that the Commission accelerate the operative date so that the proposed rule change may take effect upon filing. The Commission believes that acceleration of the operative date will permit more RMMs to trade the same options issue, which should increase liquidity in the market thereby allowing for better executions and better prices for customers. For these reasons, the Commission finds it consistent with the protection of investors and the public interest to accelerate the operative date of the proposed rule change so that it may become operative immediately upon filing.¹⁰
