

section is the denial of Suburban Guns (Pty) Ltd.'s export privileges for five (5) years and a civil penalty of forty-four thousand dollars (\$44,000).

On this basis, I concur with BIS and recommend that the Under Secretary enter an Order denying Suburban Guns (Pty) Ltd.'s export privileges for a period of five (5) years and requiring Suburban Guns (Pty) Ltd. to pay a civil penalty in the amount of forty-four thousand dollars (\$44,000). These penalties are consistent with penalties imposed in recent cases under the Regulations involving violations of denial orders. *In the Matters of Yaudat Mustafa Talyi a.k.a. Yaudat Mustafa a.k.a. Joseph Talyi, 41 Chamale Cove East, Slidell, Louisiana, 70460. Respondents; Decision and Order, 69 FR 77177 (Dec. 27, 2004)* (affirming the ALJ's recommendations that a temporary denial and maximum civil penalty of \$11,000 per violation was appropriate where an individual exported oil field parts to Libya without authorization, in violation of the terms and conditions of a BIS order temporarily denying his export privileges and with knowledge that a violation would occur; and solicited a violation of the Regulations by ordering oil field parts from an equipment manufacturer located in the United States without authorization and with knowledge that a violation would occur). A five (5) year denial of Suburban Guns (Pty) Ltd.'s export privileges is warranted because Suburban Guns (Pty) Ltd.'s violations, like those of the defendants in the above-cited case, were deliberate acts in violation of an order denying export privileges.

Recommended Order—[Redacted]

Accordingly, I am referring this Recommended Decision and Order to the Under Secretary of Commerce for Industry and Security for review and final action for the agency, without further notice to the respondent, as provided in section 766.7 of the Regulations.

Within thirty (30) days after receipt of this Recommended Decision and Order, the Under Secretary will issue a written order affirming, modifying or vacating the Recommended Decision and Order. See 15 CFR 766.22(c).

Done and dated this 21st day of September, 2005.

Walter J. Brudzinski,
Administrative Law Judge, U.S. Coast Guard.

Notice of Correction to Amended Final Results of Antidumping Duty Administrative Review: Ball Bearings and Parts Thereof from Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On October 21, 2005, the Department of Commerce published in the **Federal Register** the amended final results of the administrative review of the antidumping duty order on ball bearings and parts thereof from Japan. The period of review is May 1, 2003, through April 30, 2004. Based on the correction of a certain ministerial error, we have changed the margin for Nippon Pillow Block Co., Ltd., for the administrative review of ball bearings and parts thereof from Japan.

EFFECTIVE DATE: November 15, 2005.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun or Richard Rimlinger, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-5760 or (202) 482-4477, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 21, 2005, the Department of Commerce (the Department) published in the **Federal Register** the amended final results of the administrative review of the antidumping duty order on ball bearings and parts thereof (ball bearings) from Japan covering the period May 1, 2003, through April 30, 2004 (70 FR 61252) (*Amended Final Results Notice*).

We received a timely allegation of a ministerial error from Nippon Pillow Block Co., Ltd (NPB). In its comments dated October 26, 2005, NPB alleged that the Department released a correct amended margin percentage for NPB in the Department's October 14, 2005, amended final analysis memorandum but published an incorrect amended margin percentage for NPB in the *Amended Final Results Notice*. The petitioner did not comment on the alleged ministerial error.

We agree with NPB that the published margin was incorrect. We are now

issuing the correct amended margin percentage for NPB in this notice.

Amended Final Results of Review

As a result of the correction of a clerical error, the weighted-average margin for exports of ball bearings by NPB for the period May 1, 2003, through April 30, 2004, is 15.51 percent.

The Department will determine and the U.S. Bureau of Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries. We will issue appropriate assessment instructions directly to CBP within 15 days of publication of these amended final results of review. Where the importer-/customer-specific assessment rate or amount is above *de minimis*, we will instruct CBP to assess duties on all entries of subject merchandise by that importer or for that customer.

We will also direct CBP to collect cash deposits of estimated antidumping duties on all appropriate entries in accordance with the procedures discussed in *Ball Bearings and Parts Thereof from France, et al.: Final Results of Antidumping Duty Administrative Reviews*, 70 FR 54711 (September 16, 2005), and at the rate as amended by this notice. The amended deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date these amended final results are published in the **Federal Register**.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR § 351.224(e).

Dated: November 8, 2005.

Stephen J. Claeys,

Acting Assistant Secretary for Import Administration.
