Animal and Plant Health Inspection Service

Title: Importation of Gypsy Moth Host Materials from Canada.

OMB Control Number: 0579-0142.

Summary of Collection: The United States Department of Agriculture (USDA) is responsible for preventing plant diseases or insect pests from entering the United States, preventing the spread of pests not widely distributed in the United States, and eradicating those imported pests when eradication is feasible. The Plant Protection Act authorizes the Department to carry out this mission. The regulations implementing these Acts are contained in Title 7 of the Code of Federal Regulations, Part 319: Foreign Quarantine Notices. The Plant Protection and Quarantine Division of USDA's Animal and Plant Health Inspection Service (APHIS) is responsible for ensuring that these regulations are enforced. APHIS will collect information using phytosanitary certificates, certificates of origin, and signed statements from individuals both within and outside the United States.

Need and Use of the Information: APHIS will collect information to ensure that importing foreign logs, trees, shrubs, and other articles do not harbor plant or insect pests such as the gypsy moth. If the information is not collected it would cripple APHIS' ability to ensure that trees, shrubs, logs, and a variety of other items imported from Canada do not harbor gypsy moths.

Number of Respondents: 2,146.
