Natural Gas Pipeline Company of America; Notice of Negotiated Rates

November 9, 2005.

Take notice that on November 4, 2005, Natural Gas Pipeline Company of America (Natural) tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1, First Revised Sheet No. 26U, to become effective September 28, 2005.

Natural states that the purpose of this filing is to terminate an existing interruptible transportation negotiated rate transaction.

Natural states that copies of the filing are being mailed to all parties set out on the Commission's official service.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the

"eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Project No. 2082-039]

PacifiCorp; Notice of Petition for Declaratory Order and Soliciting Comments, Motions To Intervene, and Protests

November 9, 2005.

On October 3, 2005, the United States Department of the Interior (Interior), filed a petition for a declaratory order to resolve matters relating to the terms and conditions of any annual license that may issue for the Klamath Hydroelectric Project No. 2082, which is licensed to PacifiCorp. The project is located primarily on the Klamath River in Klamath County, Oregon, and Siskiyou County, California.

The petition contends that the project license includes a contract between Interior and PacifiCorp's predecessor in interest, California Oregon Power Company, which the Commission required to be executed and filed as a condition of issuance of the license (Link River Dam contract). The Link River Dam contract provides, among other things, for the licensee to furnish electric power at specified rates to the United States for pumping and drainage of irrigation water at the Klamath River irrigation project, which is administered by Interior's Bureau of Reclamation. Interior seeks a declaration that the terms and conditions of the Link River Dam contract, particularly those relating to the sale of power, will continue in force during any annual licenses issued for the project when the existing license expires on March 1, 2006.

Any person desiring to be heard or to protest the petition should file comments, a protest, or a motion to intervene in accordance with the requirements of the Commission's Rules

of Practice and Procedure, 18 CFR 385.210, 385.211 and 385.214. In determining the appropriate action to take, the Commission will consider all protests and other comments, but only those who file a motion to intervene may become parties to the proceeding. Comments, protests, or motions to intervene must be filed within 10 days of publication of this notice in the Federal Register and must bear in all capital letters the title "COMMENTS," "PROTEST," or "MOTION TO INTERVENE," as applicable, and Project No. 2082-039.

Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-filing" link.

Send the filings (original and 8 copies) to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Copies of the petition for declaratory order are on file with the Commission and are available for public inspection in Room 2A and may also be viewed on the Web at <http://www.ferc.gov/online/rim.htm>. For assistance, call (202) 502-8222 or for TTY, (202) 208-1659.

Secretary.

Unocal Windy Hill Gas Storage, LLC; Notice of Application

November 9, 2005.

Take notice that on November 2, 2005, Unocal Windy Hill Gas Storage, LLC (Windy Hill), 14141 Southwest Freeway, Sugar Land, Texas 77478, filed in the above referenced dockets, an application pursuant to section 7(c) of the Natural Gas Act (NGA), requesting: (i) A certificate of public convenience and necessity authorizing Windy Hill to construct, own, operate, and maintain an underground natural gas storage facility in four bedded salt caverns near the town of Brush, Morgan County, Colorado; (ii) a blanket certificate pursuant to part 157, subpart F of the Commissions regulations; (iii) a blanket certificate pursuant to part 284, subpart G of the Commission's regulations; (iv)

authorization to provide storage services at market based rates; and (v) approval of a pro forma FERC Gas Tariff, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Specifically, Windy Hill proposes to construct and operate a high-deliverability salt dome natural gas storage facility, including compression facilities, near the town of Brush, Morgan County, Colorado. When completed, the project will have a total working gas capacity of 6 Bcf. The facilities will be capable of injection and withdrawal rates of 135 MMcf per day and 400 MMcf per day, respectively. Windy Hill also proposes to construct pipeline laterals to interconnect with the interstate pipeline systems of Cheyenne Plains Gas Pipeline Company, LLC and Colorado Interstate Gas Company, as well as the intrastate pipeline system of Public Service Company of Colorado.

Any questions regarding this application should be directed to J. Patrick Nevins, Partner, Hogan & Hartson, LLP, 555 Thirteenth Street, NW., Washington, DC 20004-1109, phone (202) 637-6441.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

Persons who wish to comment only on the environmental review of this

project, or in support of or in opposition to this project, should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the applicant. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

Comment Date: November 30, 2005.
