

(b) \* \* \*

(3) *Catfish*. The tolerance for florfenicol amine (the marker residue) in muscle (the target tissue) is 1 ppm.

(c) *Related conditions of use*. See §§ 520.955, 522.955, and 558.261 of this chapter.

## PART 558—NEW ANIMAL DRUGS FOR USE IN ANIMAL FEEDS

■ 3. The authority citation for 21 CFR part 558 continues to read as follows:

**Authority:** 21 U.S.C. 360b, 371.

■ 4. In paragraph (d) of § 558.4, in the “Category II” table, add an entry in

alphabetical order for “Florfenicol” to read as follows:

### § 558.4 Requirement of a medicated feed mill license.

\* \* \* \* \*

(d) \* \* \*

## CATEGORY II

Drug	Assay limits percent <sup>1</sup> Type A	Type B maximum (100x)	Assay limits percent <sup>1</sup> Type B/C <sup>2</sup>
Florfenicol	90–110	n/a	80–110

<sup>1</sup> Percent of labeled amount.

<sup>2</sup> Values given represent ranges for either Type B or Type C medicated feeds. For those drugs that have two range limits, the first set is for a Type B medicated feed and the second set is for a Type C medicated feed. These values (ranges) have been assigned in order to provide for the possibility of dilution of a Type B medicated feed with lower assay limits to make Type C medicated feed.

\* \* \* \* \*

■ 5. Add § 558.261 to read as follows:

### § 558.261 Florfenicol.

(a) *Specifications*. Type A medicated article containing 500 grams florfenicol per kilogram.

(b) *Sponsor*. See No. 000061 in § 510.600(c) of this chapter.

(c) *Special considerations*—(1) Federal law limits this drug to use under the professional supervision of a licensed veterinarian. See § 558.6 of this chapter for additional requirements.

(2) The expiration date of veterinary feed directives (VFDs) for florfenicol must not exceed 15 days from the date of issuance. VFDs for florfenicol shall not be refilled.

(d) *Related tolerances*. See § 556.283 of this chapter.

(e) *Conditions of use*—(1) *Catfish*—(i) *Amount*. 10 milligrams per kilogram of fish daily for 10 consecutive days.

(ii) *Indications for use*. For the control of mortality due to enteric septicemia of catfish associated with *Edwardsiella ictaluri*.

(iii) *Limitations*. Feed containing florfenicol shall not be fed to catfish for more than 10 days. Following 10 days administration, fish should be re-evaluated by a licensed veterinarian before reinitiating a further course of therapy. A dose-related decrease in hematopoietic/lymphopoietic tissue may occur. The time required for the hematopoietic/lymphopoietic tissues to regenerate was not evaluated. The effects of florfenicol on reproductive performance have not been determined.

Feeds containing florfenicol must be withdrawn 12 days prior to slaughter.  
(2) [Reserved]

Dated: November 8, 2005.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[R04–OAR–2005–KY–0001–200521(c); FRL–7999–5]

### Approval and Promulgation of Implementation Plans and Designation of Areas for Air Quality Planning Purposes; Kentucky; Redesignation of the Christian County, Kentucky Portion of the Clarksville-Hopkinsville 8-Hour Ozone Nonattainment Area to Attainment for Ozone; Correction

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; correction.

**SUMMARY:** On October 21, 2005, at 70 FR 61232, EPA published a withdrawal action of a direct final rule approving the redesignation of the Christian County, Kentucky portion of the Clarksville-Hopkinsville 8-hour ozone nonattainment area to attainment for ozone. This document corrects a Code of Federal Regulations (CFR) reference contained in the withdrawal action.

**DATES:** This correction is effective November 21, 2005.

**FOR FURTHER INFORMATION CONTACT:** Mr. Sean Lakeman, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303–8960. The telephone number is (404) 562–9043. Mr. Lakeman can also be reached via electronic mail at [lakeman.sean@epa.gov](mailto:lakeman.sean@epa.gov).

**SUPPLEMENTARY INFORMATION:** EPA is making a correction to the document published October 21, 2005 (70 FR 61232), which withdrew the direct final rule published September 22, 2005, (70 FR 55550) approving the redesignation of the Christian County, Kentucky portion of the Clarksville-Hopkinsville 8-hour ozone nonattainment area to attainment for ozone. EPA is correcting the citation to the CFR contained in the October 21, 2005, withdrawal action to exclude an erroneous reference to 40 CFR 52.919. The last paragraph after the signature block on page 61232 should read as follows: “Accordingly, the amendment to 40 CFR 52.920 and 40 CFR 81.318 (which published in the **Federal Register** on September 22, 2005, at 70 FR 55550) is withdrawn as of October 21, 2005.”

Dated: November 15, 2005.
