Abstract: Under the Individuals with Disabilities Education Act discretionary grants are authorized to support technology, State personnel development, personnel preparation, parent training, and information and technical assistance activities. This grant application provides the forms and information necessary for applicants to submit an application for funding, and information for use by technical reviewers to determine the quality of application. Note the following changes: (1) Discretionary grants in the area of research have been excluded from this collection since special education research grants are now under the authority of IES. (2) State Personnel Development Grants (previously know as the State Improvement Grants under the 1820-0620 collection) have been added to this Part D umbrella collection. The 1820-0620 collection included a Q & A that is no longer relevant to the program and has not been used for several years. Other than the Q & A, there is no difference in the 1820-0620 collection and the 1820-0028 Part D umbrella collection. (3) Page B-8 of application package, paragraph 3, includes a detailed description of the abstract that applicants should include in the application.

This information collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1890-0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.
