

organizations, schools, colleges, universities, and federal/state/local/tribal governments. Due to the broad universe of eligible WasteWise partners, a relevant list of NAICS codes would include virtually every business area contained in the NAICS code manual. Therefore, it is not practical to include such a comprehensive list of affected organizations. The WasteWise Endorser Program initially targeted more than 100 trade associations across numerous industry sectors. The program is, however, open to all trade associations, membership organizations, and federal/state/local/tribal organizations.

Estimated Number of Respondents: 1,525.

Frequency of Response: Once when registering for the program, then yearly to report progress.

Estimated Total Annual Hour Burden: 56,700.

Estimated Total Annual Cost: Includes \$0 annualized capital or O&M costs, and \$3,000,000 annual labor costs.

Changes in the Estimates: There is an increase of 350 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This increase is due to an adjustment. Participation in the program has increased.

Dated: October 27, 2005.

An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's

policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: RCRA Hazardous Waste Permit Application and Modification, Part A (Renewal)

Abstract: Section 3010 of Subtitle C of RCRA, as amended, requires any person who generates or transports regulated waste or who owns or operates a facility for the treatment, storage, or disposal (TSDF) of regulated waste to notify EPA of their activities, including the location and general description of activities and the regulated wastes managed. Section 3005 of Subtitle C of RCRA requires TSDFs to obtain a permit. To obtain the permit, the TSDF must submit an application describing the facility's operation. There are two parts to the RCRA permit application—Part A and Part B. Part A defines the processes to be used for treatment, storage, and disposal of hazardous wastes: The design capacity of such processes; and the specific hazardous wastes to be handled at the facility. Part B requires detailed site specific information such as geologic, hydrologic, and engineering data.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9 and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 25 hours per response for new applications, 13 for revised applications. Burden means the

total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Any person or organization who generates or transports regulated waste or owns or operates a facility for the treatment, storage, or disposal of regulated waste.

Estimated Number of Respondents: 23.

Frequency of Response: On occasion.

Estimated Total Annual Hour Burden: 402.

Estimated Total Annual Cost: \$29,056, which includes \$0 annualized capital costs, \$172 annualized O&M costs, and \$28,884 Respondent Labor Costs per year.

Changes in the Estimates: There is a decrease of 174 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease is due to the number of revised Part A Applications decreasing from 28 per year for the years 1999, 2000, and 2001 to 15 per year for the years 2002, 2003, and 2004.

Dated: November 15, 2005.

Acting Director, Collection Strategies Division.

Tribal Solid Waste Management Assistance Project: Request for Proposals

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: The Tribal Solid Waste Interagency Workgroup is soliciting proposals for its eighth year of the Tribal Solid Waste Management Assistance Project (previously called the

Open Dump Cleanup Project). Since FY99, the Workgroup has funded over 100 projects with approximately \$15.4 million. In FY05, the Interagency Workgroup made approximately \$2 million available to fully or partially fund 20 selected projects. A similar amount of funding is projected for FY06. The Project is part of a Federal effort to help tribes comprehensively address their solid waste needs. The purpose of the Project is to assist with closing or upgrading tribal high-threat waste disposal sites and providing alternative disposal and integrated solid waste management. The Workgroup was established in April 1998 to coordinate Federal assistance to tribes in bringing their waste disposal sites into compliance with the municipal solid waste landfill criteria (40 CFR part 258). Current Workgroup members include representatives from the U.S. Environmental Protection Agency (EPA); the Bureau of Indian Affairs (BIA); the Indian Health Service (IHS); and the Departments of Agriculture and Defense.

DATES: For consideration, proposals must be postmarked by January 31, 2006 and received by EPA no later than February 10, 2006. Proposals received after the closing date will not be considered. Electronic submissions must be submitted no later than January 31, 2006. See the Guidance for Applicants package for more information on the submission deadline.

FOR FURTHER INFORMATION CONTACT:

Copies of the Guidance for Applicants package may be downloaded from the Internet at <http://www.epa.gov/tribalmsw> by clicking on the "Grants/Funding" link. Copies may also be obtained by contacting EPA, IHS or BIA regional or area offices or one of the following Workgroup representatives:

EPA—Christopher Dege, 703-308-2392 or Charles Bearfighter Reddoor 703-308-8245.

IHS—Steve Aoyama, 301-443-1046.

BIA—Debbie McBride, 202-208-3606.

SUPPLEMENTARY INFORMATION: Criteria:

Eligible recipients of assistance under The Open Dump Cleanup Project include federally recognized tribes and intertribal consortiums. A full explanation of the submittal process, the qualifying requirements, and the criteria that will be used to evaluate proposals for this project may be found in the Guidance for Applicants package.

Dated: November 16, 2005.
