**Lea Industries, La-Z-Boy Greensboro, Inc., Morristown, TN; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance**

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification Regarding Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on October 28, 2005, applicable to workers of Lea Industries, La-Z-Boy Greensboro, Inc., Morristown, Tennessee. The notice will soon be published in the **Federal Register**.

At the request of the State Agency, the Department reviewed the certification for workers of the subject firm. The workers receive, inspect, ship, and warehouse bedroom and dining room furniture.

The firm formerly produced bedroom furniture at this facility and all workers of Lea Industries in Morristown,

Tennessee, were certified eligible to apply for worker adjustment assistance under petition number TA-W-52,200, that expired July 22, 2005.

In order to avoid an overlap in worker group coverage, the Department is amending the current certification for workers of Lea Industries, La-Z-Boy Greensboro, Inc., Morristown, Tennessee, to change the impact date from September 16, 2004 to July 23, 2005.

The amended notice applicable to TA-W-58,001 is hereby issued as follows:

All workers of Lea Industries, a division of La-Z-Boy Greensboro Inc., Morristown, Tennessee, who became totally or partially separated from employment on or after July 23, 2005, through two years from the date of certification, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under section 246 of the Trade Act of 1974.

Signed in Washington, DC, this 8th day of November, 2005.

**Mueller Copper Tube Products, Inc., Subsidiary of Mueller Industries, Inc., Wynne, AR; Notice of Negative Determination on Remand**

The United States Court of International Trade (USCIT) granted the Secretary of Labor's motion for a voluntary remand in *Former Employees of Mueller Copper Tube Products, Inc. v. Elaine Chao, U.S. Secretary of Labor*, Court No. 05-00442.

The Department's initial negative determination for the former workers of Mueller Copper Tube Products, Inc., a subsidiary of Mueller Industries, Inc., Wynne, Arkansas (hereafter "Mueller Copper Tube Products") for Trade Adjustment Assistance ("TAA") was issued on May 17, 2005. The Notice of determination was published in the **Federal Register** on June 13, 2005 (70 FR 34154).

The petition for the workers of Mueller Copper Tube Products engaged in the production of copper tube products was denied because the "contributed importantly" group eligibility requirement of Section 222 of the Trade Act of 1974, as amended, was not met, nor was there a shift in production from that firm to a foreign country. The "contributed importantly" test is generally demonstrated through a

survey of the workers' firm's customers. The survey revealed that customers of the subject firm did not increase reliance on imports of copper tube products in 2003, 2004 and during the period of January through March of 2005 over the corresponding 2003 period. The subject firm did not import copper tube products nor did it shift production to a foreign country during the relevant period.

By letter of July 14, 2005 to the USCIT, the Petitioners appealed the denial alleging that the subject firm lost its business due to other businesses selling copper tubing manufactured in Mexico.

A careful review of the documents revealed that the Department surveyed major declining customers of the subject firm regarding their purchases of "copper tubing". In order to establish import impact, the Department must consider imports that are "like or directly competitive" with those produced at the subject firm. Because the customer survey which specifies copper tubing as a product might have omitted information on other "like or directly competitive" products, the Department requested, and was granted, a voluntary remand to conduct a further investigation. The Order was issued on September 13, 2005.

Hence, during the remand investigation, the Department conducted another survey of the subject firm's major declining customers regarding their purchases of products "like or directly competitive" to copper tubing manufactured by the subject firm during the relevant time period. The remand investigation revealed that the major declining customers did not increase their reliance on imports of products "like or directly competitive" to copper tubing during the relevant time period.

### Conclusion

After reconsideration on remand, I affirm the original notice of negative determination of eligibility to apply for adjustment assistance for workers and former workers of Mueller Copper Tube Products, Inc., a subsidiary of Mueller Industries, Inc., Wynne, Arkansas.

Signed at Washington, DC, this 9th day of November, 2005.
