This **Federal Register** document is also accessible via the Internet at the Office of the **Federal Register**'s website at <http://www.access.gpo.gov/su-docs/aces/aces140.html>.

Background

Section 312(b)-(e) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1861a(b) through (e)) (Magnuson-Stevens Act) generally authorizes fishing capacity reduction programs. In particular, Magnuson-Stevens Act section 312(d) authorizes industry fee systems for repaying fishing capacity reduction loans which finance program costs.

Section 212 of Division B, Title II, of Public Law 108-7 (section 212) specifically authorizes the Pacific Coast groundfish fishing capacity reduction program. Pursuant to section 212, NMFS implemented the groundfish program by a July 18, 2003, **Federal Register** notice (68 FR 42613). On July 13, 2005, NMFS published this program's fee regulations as a final rule (70 FR 40225) which is codified under subpart M at § 600.1102.

The fee regulations require the payment and collection of fees as percentages of the ex-vessel value of certain fish landed in both a "reduction fishery" and in certain "fee-share fisheries". One of the fee-share fisheries is the Washington State fishery for pink shrimp.

Section 212 defines a "fee-share fishery" as "a fishery, other than the reduction fishery, whose members are eligible to vote in a referendum for an industry fee system . . ." Section 212 also provides that "persons who have been issued . . . Washington . . . Pink shrimp permits shall be eligible to vote in the referendum . . ." Consequently, under section 212, the fee-share fishery involving Washington pink shrimp is the fishery for pink shrimp conducted by person whom Washington has issued a "pink shrimp permit."

At the time the proposed and final rules were published, NMFS was aware of only one "pink shrimp" fishery. NMFS became aware after publication of both the groundfish program notice and the program's subsequent fee regulations of the existence of two additional Washington State licenses involving pink shrimp other than the "pink shrimp" licenses themselves.

These additional Washington State licenses are the "Puget Sound Shrimp Pots" licenses and "Puget Sound Shrimp Trawl" licenses. Although both these Puget Sound shrimp licenses involve some pink shrimp harvests in Puget Sound, both involve the harvest of other types of shrimp as well. The Washington "pink shrimp" permits issued for Puget Sound were not intended to be included in the Washington fee-share fishery involving pink shrimp.
