SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-52852; File No. SR-DTC-2005-18]

Self-Regulatory Organizations; The Depository Trust Company; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Clarify the Scope of Risk Management Controls as They Relate to Maturity Presentment Transactions of Pledged Money Market Instruments

November 29, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on October 28, 2005, The Depository Trust Company ("DTC") filed with the Securities and Exchange Commission ("Commission") and on November 16, 2005, amended the proposed rule change described in Items I, II, and III below, which items have been prepared primarily by DTC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested parties.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The purpose of the proposed rule change is to clarify the scope of DTC's use of risk management controls as they relate to maturity presentment ("MP") transactions of pledged Money Market Instruments ("MMIs").

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, DTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. DTC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.²

¹ 15 U.S.C. 78s(b)(1).

² The Commission has modified the text of the summaries prepared by DTC.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The proposed rule change clarifies the scope of DTC's use of risk management controls as they relate to MP transactions of pledged MMIs.³ Specifically, pledged MP transactions shall be processed in the same manner as non-pledged MP transactions⁴ and therefore subject to DTC's collateral monitor and net debit cap controls.⁵ As is the case for unpledged MPs, pledged MPs shall only be processed if they will not cause the IPA's collateral monitor or net debit cap to become negative.

Other pledged MPs shall recycle in a "pend" queue until additional collateral or liquidity for the IPA is infused later in the day, which may come from payments sent to DTC by the IPA or from credits resulting from the issuance of new commercial paper.

The proposed rule change is consistent with the requirements of Section 17A of the Act⁶ and the rules and regulations thereunder applicable to DTC because it assures the safeguarding of securities and funds which are in the custody or control of DTC because pledged MP transactions will be processed in the same manner as non-pledged MP transactions and therefore

³ For background information regarding DTC's MMI program, see Securities Exchange Act Release Nos. 49618 (April 26, 2004), 69 FR 23840 [File No. SR-DTC-2003-12]; 48145 (July 9, 2003), 68 FR 42442 [File No. SR-DTC-2003-03]; 39422 (December 17, 1997), 62 FR 66158 [File No. SR-DTC-97-20]; 36811 (February 5, 1996), 61 FR 5433 [File No. SR-DTC-95-15]; 35655 (April 28, 1995), 60 FR 22423 [File No. SR-DTC-95-05]; 33958 (April 22, 1994), 59 FR 22878 [File No. SR-DTC-93-12]; and 28424 (September 11, 1990), 55 FR 38428 [File No. SR-DTC-90-08].

⁴ MMI maturity processing is initiated automatically each morning by DTC, which electronically sweeps all maturing positions of MMI CUSIPs from investors' custodian accounts and generates the appropriate MPs. The MMI is then delivered to the account of the appropriate issuing/paying agent ("IPA"). DTC debits the IPA's account in the amount of the maturity proceeds for settlement that day. DTC credits the same amount of the maturity proceeds to the investor's custodian account for payment that day to the investor. Processing of a pledged maturing MMI uses a DTC internal account and generates deliver orders from the internal account to the pledgor upon the processing of the release. However, in the event of a market disruption, pledged MMIs will be automatically swept and processed and will not be included in the maturity presentment contingency system (MPCS) processing as are non-pledged MMIs, which can be selectively released for processing in a market disruption using MPCS.

⁵ Dealers or custodian banks may pledge MMI positions to a pledgee bank. When the applicable MMI matures, MP transactions are staged to DTC's Account Transaction Processor to deliver the pledged position from an internal DTC account to the IPA in exchange for the total maturity payment of the pledged position.

subject to collateral monitor and net debit cap controls.

(B) Self-Regulatory Organization's Statement on Burden on Competition

DTC does not believe that the proposed rule change will have any impact on or impose any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments relating to the proposed rule change have been solicited or received. DTC will notify the Commission of any written comments received by DTC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(A)(i) of the Act⁷ and Rule 19b-4(f)(1)⁸ thereunder because the proposed rule change constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule. At any time within sixty days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.⁹

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-52850; File No. SR-NYSE-2004-51]

Self-Regulatory Organizations; New York Stock Exchange, Inc.; Order Approving Proposed Rule Change and Amendment No. 1 Thereto Relating to a Proposed Interpretation to Rule 342 (Offices—Approval, Supervision, and Control)

November 29, 2005.

I. Introduction

On September 3, 2004, the New York Stock Exchange, Inc. ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Exchange Act"),¹ and Rule 19b-4 thereunder,² a proposed Interpretation of Exchange Rule 342 (Offices—Approval, Supervision, and Control) to permit the waiver of the qualified resident branch office manager requirement for "limited purpose offices" with more than three registered representatives ("RRs"). On September 28, 2005, the Exchange filed Amendment No. 1 to the proposed rule change, replacing the original filing in its entirety.³ The proposed rule change was published for comment in the **Federal Register** on October 25, 2005.⁴ The Commission received no comments regarding the proposal. This order approves the proposed rule change.

II. Description of Proposed Rule Change

Currently, except for "small offices,"⁵ all member and member organization branch offices are required to have an on-site qualified manager. According to the Exchange, member organizations with branch offices that have a limited scope of activities, but that do not meet the definition of "small office" under the Interpretation, have approached the

³ Amendment No. 1 more fully describes the factors to be used in determining whether a location qualifies as a limited purpose office, as well as how those factors will be considered by the Exchange when examining an application for a limited purpose office status. The proposed rule change is described in its entirety in Section II below.

⁵ The Interpretation of NYSE Rule 342.15 limits a small office to a total of three RRs. Small offices that serve an order-taking function only and have no operational facilities are not required to have a qualified manager on-site if they are under the close supervision of the main office or other designated branch offices. See NYSE Rule Interpretation 342.15/01-02. In addition, supervision and control procedures must be made part of the member's or member organization's written plan of supervision.
