#### Corrosion-Resistant Carbon Steel Flat Products from Korea: Extension of Time Limits for the Final Results of Antidumping Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** December 5, 2005.

**FOR FURTHER INFORMATION CONTACT:** Victoria Cho at (202) 482-5075, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW., Washington, DC 20230.

#### SUPPLEMENTARY INFORMATION:

##### Background

On September 22, 2004, the Department published a notice of initiation of the administrative review of the antidumping duty order on corrosion-resistant carbon steel flat products from Korea, covering the period August 1, 2003, to July 31, 2004, (the "eleventh review") (69 FR 56745). On April 7, 2005, the Department fully extended the preliminary results of the eleventh administrative review by 120 days (70 FR 17648). On September 7, 2005, the Department published the preliminary results of the eleventh administrative review (70 FR 53153). The final results of this review are currently due no later than January 5, 2006.

##### Extension of Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue (1) the preliminary results of a review within 245 days after the last day of the month in which occurs the anniversary of the date of publication of an order or finding for which a review is requested,

and (2) the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days and to extend the time limit for the final result to a maximum of 180 days. *See also* 19 CFR 351.213(h)(2).

We determine that it is not practicable to complete the final results of this review within the original time limit of complex model-match issues that cuts across all of the antidumping duty orders on the subject merchandise. Therefore, the Department is extending the deadline for the final results of the above referenced review by 32 days until February 6, 2006. This extension is in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: November 28, 2005.

#### Notice of Extension of Time Limit for the Final Results of the Administrative Review of the Antidumping Duty Order on Persulfates From the People's Republic of China

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** December 5, 2005.

**FOR FURTHER INFORMATION CONTACT:** Charles Riggle at (202) 482-0650 or Frances Veith at (202) 482-4295, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

#### SUPPLEMENTARY INFORMATION:

##### Background

On August 10, 2005, the Department of Commerce ("the Department") published the preliminary results of the administrative review of the antidumping duty order on persulfates from the People's Republic of China ("PRC") covering the period July 1, 2003, through June 30, 2004. *See Persulfates from the People's Republic of China: Notice of Preliminary Results of Antidumping Duty Administrative*

*Review*, 70 FR 46476 (August 10, 2005). The Department is extending the time limit for the final results of the administrative review of the antidumping duty order on persulfates from the PRC. The final results of this review are currently due no later than December 8, 2005.

##### Extension of Time Limit for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended, ("the Act"), requires the Department to issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results. Completion of the final results within the 120-day period is not practicable due to several complex issues regarding the selection of the appropriate surrogate financial statements to use in the calculation of normal value for the final results. The parties have submitted extensive arguments regarding the use of financial data from producers of comparable products to derive surrogate financial ratios.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for issuing the final results of this review by 60 days until February 6, 2006.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: November 29, 2005.

#### Notice of Extension of Time Limit for Final Results of Administrative Review: Saccharin From the People's Republic of China

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** December 5, 2005.

**FOR FURTHER INFORMATION CONTACT:**

Blanche Ziv, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4207.

**SUPPLEMENTARY INFORMATION:****Background**

On August 8, 2005, the Department of Commerce ("the Department") published the preliminary results of the administrative review of the antidumping duty order on saccharin from the People's Republic of China ("PRC") covering the period December 27, 2002, through June 30, 2004. See *Saccharin from the People's Republic of China: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review*, 70 FR 45657 (August 8, 2005). The final results of the antidumping duty administrative review of saccharin from the PRC are currently due no later than December 6, 2005.

**Extension of Time Limit for Final Results of Review**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act") requires the Department to issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time specified, the administering authority may extend the 120-day period to 180 days. Completion of the final results within the 120-day period is not practicable due to a potential issue arising in a concurrent scope proceeding of the antidumping duty order on saccharin from the PRC regarding acid saccharin being shipped from the PRC to a third country where it is processed into sodium saccharin and then shipped to the United States.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is fully extending the time period for issuing the final results. Because the extended date, February 4, 2006, falls on a Saturday, we will issue the final results no later than February 6, 2006.

On September 2, 2005, the Department extended the deadline of September 7, 2005, until further notice for interested parties to submit case briefs and/or written comments on the preliminary results of review. Interested parties may submit case briefs and/or written comments no later than December 13, 2005. Rebuttal briefs and rebuttals to written comments, limited to issues raised in such briefs or comments, may be filed no later than

December 20, 2005. The Department will also notify parties regarding the schedule for a public hearing to be held at a future date pursuant to a request submitted by Shanghai Fortune Chemical Co., Ltd. The public hearing will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: November 29, 2005.

**Continuation of Antidumping Duty Order: Sparklers From the People's Republic of China**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of the determinations by the Department of Commerce ("Department") and the International Trade Commission ("Commission") that revocation of this antidumping duty order would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the Department hereby orders the continuation of the antidumping duty order on sparklers from the People's Republic of China ("China"). The Department is publishing notice of the continuation of this antidumping duty order.

**EFFECTIVE DATE:** December 5, 2005.

**FOR FURTHER INFORMATION CONTACT:**

Hilary E. Sadler, Esq. or Maureen Flannery, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW., Washington, DC 20230; telephone: (202) 482-4340 or 482-3020, respectively.

**SUPPLEMENTARY INFORMATION:****Background**

On June 1, 2005, the Department initiated and the Commission instituted a sunset review of the antidumping duty order on sparklers from China pursuant to section 751(c) of the Act. See

*Initiation of Five-Year ("Sunset") Reviews*, 70 FR 31537 (June 1, 2005). As a result of its review, the Department found that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping and notified the Commission of the magnitude of the margins likely to prevail were the order to be revoked. See *Sparklers from the People's Republic of China; Notice of Final Results of Expedited Sunset Review of Antidumping Duty Order*, 70 FR 58382 (October 6, 2005).

On November 15, 2005, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on sparklers from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See *Sparklers from China*, 70 FR 70636 (November 22, 2005), USITC Publication 3814 (November 2005) (Investigation No. 731-TA-464 (Second Review)).

**Scope of the Order**

The products subject to this order are fireworks each comprising a cut-to-length wire, one end of which is coated with a chemical mix that emits bright sparks while burning. Sparklers are currently classified under subheadings 3604.10.10.00, 3604.10.90.10, and 3604.10.90.50 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Sparklers were formerly classified under HTSUS subcategory 3604.10.00. The Department has reviewed the current categories and has determined that sparklers are currently classified in the above subcategories. Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the order is dispositive.

**Determination**

As a result of the determinations by the Department and the Commission that revocation of this antidumping duty order would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to sections 751(d)(2)(A) and (B) of the Act, the Department hereby orders the continuation of the antidumping duty order on sparklers from China.

U.S. Customs and Border Protection will continue to collect antidumping duty deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation for this order is the date of publication in the **Federal Register** of
