1. *Docket.* EPA has established an official public docket for this action under docket ID number EPA-HQ-OPP-2005-0313. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

Agency Web site: EDOCKETS, EPA's electronic public docket and comment system was replaced on November 25, 2005, by an enhanced federal-wide electronic docket management and comment system located at <http://www.regulations.gov/>. Follow the on-line instructions.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, to access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will

not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

C. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please

follow the instructions in Unit I.D. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number EPA-HQ-OPP-2005-0313. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to opp-docket@epa.gov, Attention: Docket ID Number EPA-HQ-OPP-2005-0313. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.C.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid

the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Public Information and Records Integrity Branch (PIRIB) (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001, Attention: Docket ID Number EPA-HQ-OPP-2005-0313.

3. *By hand delivery or courier.* Deliver your comments to: Public Information and Records Integrity Branch (PIRIB), Office of Pesticide Programs (OPP), Environmental Protection Agency, Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA, Attention: Docket ID Number EPA-HQ-OPP-2005-0313. Such deliveries are only accepted during the docket's normal hours of operation as identified in Unit I.B.1.

D. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

E. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.

4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.

5. Provide specific examples to illustrate your concerns.

6. Make sure to submit your comments by the deadline in this notice.

7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action and the pesticide petition number of the summary of interest in the subject line on the first page of your response. It would also be helpful if you provided the name, date, and **Federal Register** citation related to your comments.

II. What Action Is the Agency Taking?

EPA is printing notice of the filing of a pesticide petition received under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a, proposing the establishment of regulations in 40 CFR part 180 for residues of the herbicide diquat dibromide in or on peas and beans, dried shelled (except soybeans). EPA has determined that this pesticide petition contains data or information regarding the elements set forth in FFDCA section 408(d)(2); however, EPA has not fully evaluated the sufficiency of the submitted data at this time or whether the data support granting of the pesticide petition. Additional data may be needed before EPA rules on this pesticide petition.

Pursuant to 40 CFR 180.7(f), a summary of the petition, prepared by the petitioner along with a description of the analytical methods available for the detection and measurement of the pesticide chemical residues is available on EPA's Electronic Docket at <http://www.epa.gov/edocket/>. To locate this information, on the home page of the EPA's Electronic Docket select "Quick Search" and type the OPP docket number for the pesticide petition (as specified in Unit I.B.1.) in the search field. Once the search has located the docket, clicking on the "Docket ID" will bring up a list of all documents in the docket for the pesticide including the petition summary.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0854.

OMB Approval Date: 09/15/2005.

Expiration Date: 09/30/2008.

Title: Truth-in-Billing Format, CC Docket No. 98-170.

Form No.: None.

Estimated Annual Burden: 34,866 responses; 5 to 462 hours per response; 4,636,942 total annually hourly burden.

Needs and Uses: On March 18, 2005, the Commission released the Second Report and Order, Declaratory Ruling, In the Matter of Truth-in-Billing and Billing Format *2005 Second Report and Order and Declaratory Ruling*, FCC 05-55, which determined that Commercial Mobile Radio Service (CMRS) providers no longer should be exempted from 47 CFR 64.2401(b), which requires billing descriptions to be brief, clear, non-misleading and in plain language. In conjunction with the *2005 Second Report and Order and Declaratory Ruling*, the Commission released a *2005 Second Further Notice of Proposed*

Rulemaking, which was also released on March 18, 2005, and which proposed and sought comment on measures to enhance the ability of consumers to make informed choices among competitive telecommunications providers.

The information collection requirements include the following: (1) Those requirements contained in the Truth-in-Billing Format rules, which were previously approved by OMB on November 30, 2004; (2) the adjustments pursuant to the new Census data; (3) changes to the existing rule § 64.2400(b) pursuant to the *2005 Second Report and Order*; and (4) the proposed requirements contained in the *2005 Second Further Notice of Proposed Rulemaking*.

OMB Control No.: 3060-0874.

OMB Approval Date: 11/01/2005.

Expiration Date: 11/30/2008.

Title: FCC General Communications Related Issues/Obscene, Profane, and/or Indecent Material Complaint Form.

Form No.: FCC Form 475 and FCC Form 475B.

Estimated Annual Burden: 1,354,619 responses; FCC Form 475—30 minutes, FCC Form 475B—15 minutes; 359,477 total annually hourly burden.

Needs and Uses: Revised FCC Form 475, Consumer Complaint Form, allows the Commission to collect detailed data from consumers on the practices of common carriers. The information contained in the collection will allow consumers to provide the Commission with a concise statement outlining all the issues in dispute. Revisions were made in the form to minimize the need to call back consumers in order to acquire additional data. The Commission uses the information to: (1) Assist in resolving informal complaints; (2) assess the practices of common carriers; and (3) for investigative work performed by Federal and State law enforcement agencies to monitor carrier practices and promote compliance with Federal and State law. The data may become the basis for enforcement actions and/or rulemaking proceedings, as appropriate.

The Commission revised FCC Form 475 to clarify information requirements and to comply with OMB requests to make the form more user friendly, by making it clear when and how revised Form 475 may be used appropriately. To emphasize which types of complaints may be filed using the revised form, Form 475 includes directions for use in colored text at the top of the form. Revised Form 475 will be used for all telephone-related complaints, except slamming. If information is required in

order to submit a complaint, certain fields have an asterisk next to them. Form 475 also clearly states that “slamming” complaints may not be filed using the revised Form 475. Letters and numbers have been added to the individual data requests, to make it easier for consumers to fill out the revised FCC Form 475.

In Form 475, the Commission asks for the complainant’s contact information in the first ten fields, including, name/company name, address, telephone number and e-mail address. Form 475 also asks the consumer to briefly describe his or her complaint, including the company(ies) involved, the account numbers, telephone numbers associated with the complaint, types of service involved, important dates, and the resolution the consumer is seeking. Revised Form 475 also provides clearer guidance for persons wishing to file Telephone Consumer Protection Act (TCPA) related complaints (e.g., unwanted telemarketing calls, unsolicited faxes, etc.). Revised Form 475 now has a section for consumers to submit TCPA complaints with the Commission. This section includes five fields or questions where consumers will provide the requested information and submit the information to file a TCPA violation with the Commission.

FCC Form 475B, Obscene, Profane, and/or Indecent Material Complaint Form, will enable the Commission to collect detailed data from consumers on the practices of those entities that may air/broadcast obscene, profane and/or indecent programming by giving consumers an opportunity, for the first time, to use a specific form to delineate such complaints. Form 475B will be used only for complaints associated with obscene, profane, and/or indecent programming. Information contained in the collection will allow consumers to provide the Commission with the relevant information to help consumers develop a concise statement outlining the issues in dispute, thereby minimizing the amount of time it takes to file a complaint, minimizing confusion on what information the Commission requires, and improving the complaint process and the overall quality of the complaints received.

Prior to the creation of Form 475B, consumers have attempted to use Form 475 to submit complaints about programming and in most instances the Commission has been unable, due to lack of adequate information, to process the complaints. For example, information pertaining to the date, time, and content of the program, the name of the station or program that is the subject of the complaint can now be easily
