**Craven County Wood Energy Limited Partnership; Notice of Issuance of Order**

December 5, 2005.

Craven County Wood Energy Limited Partnership (Craven) filed an application for market-based rate authority, with an accompanying rate tariff. The proposed rate tariff provides for the sales of energy, capacity, and ancillary services at market-based rates. Craven also requested waiver of various Commission regulations. In particular, Craven requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Craven.

On December 2, 2005, the Director, Division of Tariffs and Market Development-South, granted the request for blanket approval under part 34, and noted that any person desiring to be heard or to protest the blanket approval of issuance of securities or assumptions of liability by Craven should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing motions to intervene or protests is January 3, 2006.

Absent a request to be heard in opposition by the deadline above, Craven is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Craven, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Craven's issuances of securities or assumptions of liability.
