

Respondents: Individuals or households, business or other for profit and Federal Government.

Number of Respondents: 2,000.

Estimated Time Per Response: .5 hours.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Total Annual Burden: 1,000 hours.

Annual Cost Burden: N/A.

Privacy Act Impact Assessment: N/A.

Needs and Uses: This information collection is necessary to require owners of marine VHF radios with Digital Selective Calling (DSC) capability to register information such as name, address, type of vessel with a private entity issuing marine mobile service identities (MMSI). The information would be used by search and rescue personnel to identify vessels in distress and to select the proper rescue units and search methods. The information is used by the private entities to maintain a database used to provide information about the vessel owner in distress using marine VHF radios with DSC capability. If the collection were not conducted, the U.S. Coast Guard would not have access to this information which would increase the time needed to complete a search and rescue operation.

OMB Control No.: 3060-0936.

Title: Section 95.1215, Disclosure Policies and Section 95.1217, Labeling Requirements.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for profit and not-for-profit institutions.

Number of Respondents: 20.

Estimated Time Per Response: 1 hour.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 20 hours.

Annual Cost Burden: N/A.

Privacy Act Impact Assessment: N/A.

Needs and Uses: The information collection requires manufacturers of transmitters for the Medical Implant Communications Service (MICS) to include with each transmitting device a statement regarding harmful interference and to label the device in a conspicuous location on the device. The requirements will allow use of potential life-saving medical technology without causing interference to other users of the 402-405 MHz band.

OMB Control No.: 3060-1004.

Title: Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for profit, not-for-profit institutions, and state, local or tribal government.

Number of Respondents: 50 respondents; 213 responses.

Estimated Time Per Response: 5 hours.

Frequency of Response: Quarterly, semi-annual and one-time reporting requirements, third party disclosure requirement and recordkeeping requirement.

Total Annual Burden: 1,202 hours.

Annual Cost Burden: N/A.

Privacy Act Impact Assessment: N/A.

Needs and Uses: The Commission sought and received emergency OMB approval for this collection. However, since OMB only grants emergency OMB approval for six months, the Commission is seeking extension of this information collection (no change in requirements) in order to obtain the full three year clearance from OMB.

The Commission released an order (FCC 05-181) finding that certain Tier III carriers did not sufficiently support their requests for waiver of the E911 rules, but providing the carriers with additional time, until July 21, 2006, to augment the record to show a clear path to full compliance with the E911 requirements. The Commission also imposed conditions and required Tier III carriers to file separate status reports by November 21, 2005, and commencing February 1, 2006, additional status reports on a quarterly basis, for a two year period.

In addition, on October 28, 2005 (FCC 05-182) and on November 3, 2005 (FCC 05-188), in response to requests for relief submitted by certain Tier III carriers, the Commission released orders that granted, in part, limited extensions of the December 31, 2005 requirement, subject to conditions, and required Tier III carriers to file status reports on a quarterly basis, for a two year period beginning on February 1, 2006. Further FCC 05-188 required one Tier III carrier, in addition to the quarterly reporting requirements, to submit a compliance plan by November 3, 2006.

The Commission will use the information submitted by Tier III carriers subject to reporting requirements to ensure that they comply with the Commission's E911 requirements and the terms of the underlying orders addressing their requests for waiver relief.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

November 28, 2005.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before February 13, 2006. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: You may submit your Paperwork Reduction Act (PRA) comments by e-mail or U.S. postal mail. To submit your comments by e-mail send them to: PRA@fcc.gov. To submit your comments by U.S. mail, mark it to the attention of Judith B. Herman, Federal Communications Commission, 445 12th Street, SW., Room 1-C804, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection(s) send an e-mail to PRA@fcc.gov or contact Judith B. Herman at 202-418-0214.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0690.

Title: Amendment of the Commission's Rules Regarding the 37.0–38.6 GHz and 38.6–40.0 GHz Bands, Third Notice of Proposed Rulemaking.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit, not-for-profit institutions, and state, local, or tribal government.

Number of Respondents: 700 (approximately 4 applicants for each of the 175 license areas).

Estimated Time Per Response: 300 hours per auction bidder.

Frequency of Response: Every 10 year reporting requirement.

Total Annual Burden: 2,100 hours.

Total Annual Cost: \$315,000.

Privacy Act Impact Assessment: N/A.

Needs and Uses: The Commission proposes to issue geographic area licenses for the 37.0–38.6 GHz band, or in the alternative, seeks comment on the possibility of using a first-come, first-served link-by-link registration approach comparable to the *70/80/90 GHz Report and Order*. In that proceeding, the Commission decided to issue non-exclusive nationwide licenses conditioned upon site and path-specific coordination wherein many service providers would engineer their systems to operate in close proximity, without causing mutual interference. In order to facilitate such coordination, the Commission adopted non-interference requirements and required all licensees to register their facilities in a database accessible to other licensees on a first-come, first-served basis. Although the Commission determined not to impose a limit to the number of non-exclusive nationwide licenses, licensees would be required to construct individual links within 12 months after registering them. Our goal is to establish a flexible regulatory framework that would promote seamless deployment of a host of services and technologies in the 73 GHz and 42 GHz bands. We seek to enhance opportunities for deployment of broadband wireless services, foster effective competition, promote innovation and further our efforts for consistent rule application regarding broadband wireless services.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority

December 1, 2005.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, Public Law 104–13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before February 13, 2006. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: You may submit your all Paperwork Reduction Act (PRA) comments by e-mail or U.S. postal mail. To submit your comments by e-mail send them to PRA@fcc.gov. To submit your comments by U.S. mail, mark them to the attention of Cathy Williams, Federal Communications Commission, Room 1–C823, 445 122th Street, SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection(s) send an e-mail to PRA@fcc.gov or contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0176.

Title: Section 73.1510, Experimental Authorizations.

Form Number: Not applicable.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 250.

Estimated Time per Response: 0.25 hours.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 1,087 hours.

Total Annual Cost: \$179,000.

Privacy Impact Assessment: No impact(s).

Needs and Uses: 47 CFR 73.1510 requires that a licensee of an AM, FM, and TV broadcast station to file an informal application with the FCC to request an experimental authorization to conduct technical experimentation directed toward improvement of the technical phases of operation and service. This request shall describe the nature and purpose of experimentation to be conducted, the nature of the experimental signal transmission, and the proposed hours and duration of the experimentation. The data is used by FCC staff to maintain complete technical information about a broadcast station and to ensure that such experimentation does not cause interference to other broadcast stations.
