

Title: Amendment of the Commission's Rules Regarding the 37.0–38.6 GHz and 38.6–40.0 GHz Bands, Third Notice of Proposed Rulemaking.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit, not-for-profit institutions, and state, local, or tribal government.

Number of Respondents: 700 (approximately 4 applicants for each of the 175 license areas).

Estimated Time Per Response: 300 hours per auction bidder.

Frequency of Response: Every 10 year reporting requirement.

Total Annual Burden: 2,100 hours.

Total Annual Cost: \$315,000.

Privacy Act Impact Assessment: N/A.

Needs and Uses: The Commission proposes to issue geographic area licenses for the 37.0–38.6 GHz band, or in the alternative, seeks comment on the possibility of using a first-come, first-served link-by-link registration approach comparable to the *70/80/90 GHz Report and Order*. In that proceeding, the Commission decided to issue non-exclusive nationwide licenses conditioned upon site and path-specific coordination wherein many service providers would engineer their systems to operate in close proximity, without causing mutual interference. In order to facilitate such coordination, the Commission adopted non-interference requirements and required all licensees to register their facilities in a database accessible to other licensees on a first-come, first-served basis. Although the Commission determined not to impose a limit to the number of non-exclusive nationwide licenses, licensees would be required to construct individual links within 12 months after registering them. Our goal is to establish a flexible regulatory framework that would promote seamless deployment of a host of services and technologies in the 73 GHz and 42 GHz bands. We seek to enhance opportunities for deployment of broadband wireless services, foster effective competition, promote innovation and further our efforts for consistent rule application regarding broadband wireless services.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority

December 1, 2005.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, Public Law 104–13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before February 13, 2006. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: You may submit your all Paperwork Reduction Act (PRA) comments by e-mail or U.S. postal mail. To submit your comments by e-mail send them to PRA@fcc.gov. To submit your comments by U.S. mail, mark them to the attention of Cathy Williams, Federal Communications Commission, Room 1–C823, 445 122th Street, SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection(s) send an e-mail to PRA@fcc.gov or contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0176.

Title: Section 73.1510, Experimental Authorizations.

Form Number: Not applicable.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 250.

Estimated Time per Response: 0.25 hours.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 1,087 hours.

Total Annual Cost: \$179,000.

Privacy Impact Assessment: No impact(s).

Needs and Uses: 47 CFR 73.1510 requires that a licensee of an AM, FM, and TV broadcast station to file an informal application with the FCC to request an experimental authorization to conduct technical experimentation directed toward improvement of the technical phases of operation and service. This request shall describe the nature and purpose of experimentation to be conducted, the nature of the experimental signal transmission, and the proposed hours and duration of the experimentation. The data is used by FCC staff to maintain complete technical information about a broadcast station and to ensure that such experimentation does not cause interference to other broadcast stations.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0686.

Title: Streamlining the International Section 214 Authorization Process and Tariff Requirements.

Form No.: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 1,650 respondents; 3,603 responses.

Estimated Time Per Response: 1 hour-6,056 hours.

Frequency of Response: On occasion, annual, quarterly reporting requirements, third party disclosure requirement, and recordkeeping requirement.

Total Annual Burden: 148,053 hours.

Total Annual Cost: \$16,162,000.

Privacy Act Impact Assessment: N/A.

Needs and Uses: The Commission is submitting this revised information collection to OMB because we plan to develop four new Section 214 applications. They are: (1) International Telecommunications Certificate (ITC) Agreement; (2) ITC Modification; (3) ITC Other Filings; and (4) Foreign Carrier Notification. The Commission is also requesting continued OMB approval of the existing information collections previously approved by OMB.

After the new applications have been developed, they will be filed in the International Bureau Filing System (IBFS). We do not know the specific time frame for the development of each application. However, we estimate that the projected completion date for all Section 214 license applications is December 31, 2008. The development of the applications is contingent upon the availability of budget funds, human resources and other factors. The annual burden hours and costs are unknown at this time because the forms have not been developed by the Commission. Therefore, this submission to OMB does
