SUPPLEMENTARY INFORMATION:

A. Background

This interim rule amends FAR 25.103 and FAR Subpart 25.11 to implement Section 517 of Division H, Title V of the Consolidated Appropriations Act, 2005 (Pub. L. 108–447). Section 517 authorizes exemption from the Buy American Act for acquisitions of information technology that are commercial items. This applies only to the use of FY 2005 funds.

This same exemption appeared last year in section 535(a) of Division F, Title V, Consolidated Appropriations Act, 2004 (Pub. L. 108–199). The FY 04 exemption was implemented through deviations by the individual agencies.

The interim rule is based on the estimation that the exemption of commercial information technology is likely to continue. If the exception does not appear in a future appropriations act, a prompt change to the FAR will be made to limit applicability of the

exemption to the fiscal years to which it applies.

The effect of this exemption is that the following clauses are no longer applicable in acquisition of commercial information technology:

- FAR 52.225–1, Buy American Act—Supplies.

- FAR 52.225–2, Buy American Act Certificate.

- FAR 52.225–3, Buy American Act—Free Trade Agreements—Israeli Trade Act.

- FAR 52.225–4, Buy American Act—Free Trade Agreements—Israeli Trade Act Certificate.

This is because the Buy American Act no longer applies; and the Free Trade Agreement non-discriminatory provisions are no longer necessary, since all products now are treated without the restrictions of the Buy American Act.

The Trade Agreements provision and clause at FAR 52.225–5 and FAR 52.225–6 are still necessary when the Trade Agreements Act applies (acquisitions above \$175,000). The Trade Agreements provision and clause already waive applicability of the Buy American Act for eligible products, and are needed to implement the restrictions on procurement of noneligible end products. Section 535 and subsequent similar sections waived only the Buy American Act, not all restrictions on the purchase of foreign information technology.

“Information technology” and “Commercial item” are already defined in FAR Part 2.

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The changes may have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because the rule increases the exceptions to the Buy American Act to include the acquisitions of information technology that are commercial items. An Initial Regulatory Flexibility Analysis (IRFA) has been prepared and is summarized as follows:

The objective of the interim rule is to add the exemption to the Buy American Act for acquisitions of commercial information technology. As a result of the additional exception, the Buy American Act will no longer apply to those acquisitions and the Free Trade Agreement non-discriminatory

provisions are no longer necessary, since all products will be treated without the restrictions of the Buy American Act. The interim rule applies to all offerors responding to solicitations for commercial information technology where the Buy American Act previously applied (generally, acquisitions between \$2,500 and \$175,000). This rule does not apply to the Department of Defense, which uses DFARS clauses to implement the Buy American Act. This exception will allow small entities to compete without meeting the Buy American Act domestic end product requirements.

- It is anticipated that small business concerns will continue to receive the same number of awards in the range of \$2,500 to \$100,000, because these awards are generally set-aside for small business concerns.

- It is also expected that small business concerns will continue to receive awards in the range of \$100,000 to \$175,000, but in this range they will face competition from foreign end products.

- This rule will not have an effect on small businesses affected by the "non-manufacturer rule" which means that a contractor under a small business set-aside or 8(a) contract shall be a small business under the applicable size standard and shall provide either its own product or that of another domestic small business manufacturing or processing concern. If there is a small business set-aside, and there is no SBA waiver of the nonmanufacturer rule, then FAR 52.219-6(c) and/or FAR 52.219-18(d) require that a domestic product must be furnished. In this case, the rule will have no effect on small businesses because the nonmanufacturer rule is not changed.

- If SBA did waive the nonmanufacturer rule, then there is no requirement to purchase a domestic product but an evaluation preference would apply.

- The rule could have an impact on small businesses when there is no small business set-aside because small businesses may lose the evaluation preference for acquisitions between \$25,000 and \$175,000.

The FAR Secretariat has submitted a copy of the IRFA to the Chief Counsel for Advocacy of the Small Business Administration. Interested parties may obtain a copy from the FAR Secretariat. We invite comments from small business concerns and other interested parties on this issue. The Councils will also consider comments from small entities concerning the affected FAR Part 25 in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C 601, *et seq.* (FAC 2005-07, FAR case 2005-022), in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does apply because the changes to the FAR will slightly reduce the information collection requirements currently approved by the Office of Management and Budget OMB Clearances 9000-0024 and 9000-0130.

We estimate a reduction of approximately 5 percent (300 hours) for OMB Clearance 9000-0024 and a reduction of 50 hours to 9000-0130.

D. Determination to Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense (DoD), the Administrator of General Services (GSA), and the Administrator of the National Aeronautics and Space Administration (NASA) that urgent and compelling reasons exist to promulgate this interim rule without prior opportunity for public comment. This action is necessary to implement the changes resulting from the enactment of Section 517 of Division H, Title V of the Consolidated Appropriations Act, 2005 (Pub. L. 108-447), effective December 8, 2004. However, pursuant to Public Law 98-577 and FAR 1.501, the Councils will consider public comments received in response to this interim rule in the formation of the final rule.
