BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Order on Intent To Revoke Market- Based Rate Authority

Issued December 22, 2005.

Before Commissioners: Joseph T. Kelliher,
Chairman; Nora Mead Brownell, and
Suedeem G. Kelly

In the matter of: ER02-2001-004, ER04-0292-000, ER04-0646-000, ER02-0388-000, ER03-0827-000, ER98-4301-000, ER02-1324-000, ER03-0182-000, ER03-0261-000, Electric Quarterly Reports, Bravo Energy Resources, LLC, Core Equities, Inc., HC Power Marketing, Maxim Energy Partners, LLC, Mountainview Power Company, Mt. Carmel Cogen, Inc., Phoenix Energy Associates, L.L.C., USP&G (Pennsylvania), Ltd.

1. Section 205 of the Federal Power Act (FPA), 16 U.S.C. 824d (2000), and 18 CFR part 35 (2005), require, among other things, that all rates, terms and conditions of jurisdictional services be filed with the Commission. In Order No. 2001, which established revised public utility filing requirements for rates, terms and conditions of jurisdictional services, the Commission required public utilities, including power marketers, to file, among other things, Electric Quarterly Reports summarizing the contractual terms and conditions in their agreements for all jurisdictional services (including market-based power sales, cost-based power sales, and transmission service) and transaction information (including rates) for short-term and long-term power sales during the most recent calendar quarter.¹

2. Commission staff review of the Electric Quarterly Report submittals has

revealed that a number of public utilities that previously had been granted authority to sell power at market-based rates have failed to file Electric Quarterly Reports in 2005. Accordingly, this order notifies those public utilities that their market-based rate authorizations will be revoked unless they comply with the Commission's requirements.

3. In Order No. 2001, the Commission stated that,

[i]f a public utility fails to file a[n] Electric Quarterly Report (without an appropriate request for extension), or fails to report an agreement in a report, that public utility may forfeit its market-based rate authority and may be required to file a new application for market-based rate authority if it wishes to resume making sales at market-based rates.²

4. The Commission further stated that,

[o]nce this rule becomes effective, the requirement to comply with this rule will supersede the conditions in public utilities' market-based rate authorizations, and failure to comply with the requirements of this rule will subject public utilities to the same consequences they would face for not satisfying the conditions in their rate authorizations, including possible revocation of their authority to make wholesale power sales at market-based rates.³

5. Pursuant to these requirements, the Commission has revoked or withdrawn the market-based rate tariffs of several market-based rate sellers that failed to submit their Electric Quarterly Report.⁴

6. Commission staff review of the Electric Quarterly Report submittals has identified a number of public utilities that previously had been granted authority to sell power at market-based rates that have failed to file Electric Quarterly Reports. Commission staff has made a concerted effort to contact the non-filing utilities listed in the caption to remind them of their regulatory obligations. None of the public utilities

⁴ See Intent to Revoke Market-Based Rate Authority, 107 FERC ¶ 61,310 (2004); Notice of the Revocation of Market-Based Rate Tariffs, *et al.*, 69 Fed. Reg. 57,679 (September 27, 2004); Intent to Withdraw Market-Based Rate Authority, 104 FERC ¶ 61,139 (2003); and Order on Market-Based Rates, 105 FERC ¶ 61,219 (2003).

listed in the caption of this order has met those obligations.⁵

7. Accordingly, this order notifies those public utilities that their market-based rate authorizations will be revoked unless they comply with the Commission's requirements within 15 days of the issuance of this order.

8. In addition, the above-captioned companies' failure to comply with their Electric Quarterly Report filing requirements provides a basis for the Commission to institute a proceeding under section 206 of the FPA, to determine whether these companies may continue to make wholesale power sales at market-based rates and whether any refunds would be appropriate. In cases where, as here, the Commission institutes a section 206 investigation on its own motion, section 206(b) of the FPA, as recently amended by section 1285 of the Energy Policy Act of 2005,⁶ requires that the Commission establish a refund effective date that is no earlier than the date of publication of notice of its initiation of the investigation, but no later than five months subsequent to that date. Consistent with our general policy,⁷ we will set the refund effective date as the date publication of notice of its initiation of the investigation.

9. In the event that any of the above-captioned market-based rate sellers have

⁵ According to the Commission's records, the companies subject to this order last filed their Electric Quarterly Reports in the quarters and years shown below:

already filed their required Electric Quarterly Reports in compliance with the Commission's requirements, its inclusion herein is inadvertent. Any such market-based rate seller is directed, within 15 days of the date of issuance of this order, to identify itself and provide details about its prior filings that establish that it complied with the Commission's Electric Quarterly Report filing requirements.

10. If any of the above-captioned market-based rate sellers does not wish to continue having market-based rate authority and does not foresee entering into any contracts to sell power at market-based rates, it may file a notice of cancellation with the Commission pursuant to section 205 of the FPA to cancel its market-based rate tariff and relieve it of its obligation to submit further Electric Quarterly Reports.

The Commission Orders

(A) Within 15 days of the date of issuance of this order, each public utility listed in the caption of this order shall file all delinquent Electric Quarterly Reports. If a public utility fails to make this filing, the Commission will revoke that public utility's authority to sell power at market-based rates and terminate its electric market-based rate tariff. Upon expiration of the filing deadline in this order, the Secretary shall promptly issue a notice, effective on the date of issuance, listing the public utilities whose tariffs have been revoked.

(B) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by section 402(a) of the Department of Energy Organization Act and by the Federal Power Act, particularly section 206 thereof, and pursuant to the Commission's Rules of Practice and Procedure and the regulations under the Federal Power Act (18 CFR Chapter I), the Commission hereby institutes a proceeding to determine whether the above-captioned companies may continue to make wholesale power sales at market-based rates and whether any refunds would be appropriate, as discussed in the body of this order.

(C) The Secretary is hereby directed to publish this order in the **Federal Register**.

By the Commission.

Secretary.
