BILLING CODE 4162-20-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Endangered Species Recovery Permit Application

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of a permit application.

SUMMARY: The following applicant has applied for an enhancement of propagation or survival permit to conduct certain activities with endangered species pursuant to section 10(a)(1)(A) of the Endangered Species Act. The U.S. Fish and Wildlife Service ("we") solicits review and comment from local, State and Federal agencies, and the public on the following permit request.

DATES: Comments on this permit application must be received on or before February 9, 2006.

ADDRESSES: Written data or comments should be submitted to the U.S. Fish and Wildlife Service, Chief, Endangered Species, Ecological Services, 911 NE. 11th Avenue, Portland, Oregon 97232-4181 (fax: 503-231-6243). Please refer to the permit number when submitting comments. All comments received, including names and addresses, will become part of the official administrative record and may be made available to the public.

FOR FURTHER INFORMATION CONTACT: Documents and other information submitted with this application are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents within 30 days of the date of publication of this notice to the address above (telephone: 503-231-2063). Please refer to the permit number when requesting copies of documents.

SUPPLEMENTARY INFORMATION:

Permit No. TE-114934

Applicant: Idaho Department of Fish and Game, Boise, Idaho.

The applicant requests a permit to take (harass by survey, capture, handle, collar, take blood samples, relocate, sacrifice, and release) the gray wolf (*Canis lupus*) in conjunction with wolf management activities in the State of Idaho north of Interstate 90, for the purpose of enhancing its survival.

The applicant proposes to: (a) Conduct monitoring of wolf populations; and (b) coordinate non-lethal and lethal control actions to reduce wolf conflicts with livestock and dogs. These actions are currently coordinated by the U.S. Fish and Wildlife Service (Service). If the permit is issued, the applicant would take on responsibility for managing wolves in northern Idaho. Wolf management activities would be in accordance with the requirements of the State of Idaho Wolf Conservation and Management Plan (March 2002) and the Service's Interim Wolf Control Plan for Northwestern Montana and the Panhandle of Northern Idaho (Control Plan) (September 1999).

If issued, the permit would not affect ongoing wolf management in the remainder of the State of Idaho conducted in accordance with the non-essential experimental population regulations found at 50 CFR 17.84(n).

We have determined that a practical, responsive management program is essential to enhancing survival of the wolf in the wild (Service 1987; Service 1994; Service 1999). The program must respond to wolf-livestock conflicts, while promoting wolf recovery objectives. The Control Plan provides guidelines for: (a) Determining problem wolf status (including investigative procedures and criteria), (b) conducting wolf control actions, and (c) disposition of problem wolves.

We have made a preliminary determination that issuance of this permit would be categorically excluded from further consideration under the National Environmental Policy Act of 1969 (NEPA). If issued, the permit would authorize Idaho Department of Fish and Game to manage wolves in the same manner that the Service has in the 6 years since the Control Plan was adopted for northern Idaho. No additional environmental impacts would be expected beyond those analyzed in the Service's 1988 Environmental Assessment, the Service's 1999 Environmental Action Memorandum, and the Control Plan. The effect of the permit would be to allow continuation of previously analyzed and authorized activities; therefore, its issuance would be an administrative action.

Our preliminary NEPA categorical exclusion determination, the two wolf plans noted above, and the Idaho Department of Fish and Game permit application, can be found at: <http://www.fws.gov/pacific/ecoservices/Endangered/Recovery/default.htm>.

Additional information about wolf recovery and conservation in the northwestern United States, including control of problem wolves, can be found in various reports at: <http://westerngraywolf.fws.gov/>.

All comments received from individuals become part of the official public record. Requests for such comments will be handled in accordance with the Freedom of Information Act and the Council on Environmental Quality's National Environmental Protection Act regulations [40 CFR 1506.6(f)]. Our practice is to make comments, including names and addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, but this must be stated prominently at the beginning of their comments. We will honor these requests to the extent allowable by law.

We solicit public review and comment on this recovery permit application.

Authority: This document is published under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Dated: December 13, 2005.

David J. Wesley,

Acting Regional Director, Region 1, U.S. Fish and Wildlife Service.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NV-030-1610-DU]

Notice of Intent To Prepare an Amendment to the Carson City Field Office Consolidated Resource Management Plan

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: This document provides notice that the Bureau of Land Management (BLM) intends to prepare a Resource Management Plan (RMP) amendment to address Lands and Land Tenure Issues, and Recreation and Travel Management. The appropriate state, tribal and local governments will

be invited to participate as cooperating agencies.

DATES: All relevant public meetings will be announced through the local news media, newsletters, and the BLM Web site at <http://www.nv.blm.gov/carson/> at least 15 days prior to the event. The minutes and list of attendees from each meeting will be available to the public and open for 30 days to any participant who wishes to clarify the views they expressed.

ADDRESSES: Comments should be addressed to Donald T. Hicks, Manager, Carson City Field Office, Bureau of Land Management, 5665 Morgan Mill Road, Carson City, NV 89701.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to our mailing list, contact Desna Young, Environmental Planner at the Carson City Field Office, 775-885-6000. Documents pertinent to this proposal may be examined at the Carson City Field Office.

SUPPLEMENTARY INFORMATION: The proposed RMP amendment involves approximately 19,000 acres of public land in Alpine County, California. As part of the RMP amendment, an EA will be prepared to analyze designation of public lands suitable for retention, disposal by sale or exchange, or conveyance for community expansion purposes. Public lands needing access will be identified as well as lands with existing access that could be improved to permit easier access to the public. The EA will also analyze travel and management by designating road and trail routes on public land. Comments will be accepted throughout the RMP amendment and EA process. The plan amendment will fulfill the needs and obligations set forth by the National Environmental Policy Act (NEPA), the Federal Land Policy and Management Act (FLPMA), and BLM management policies. Comments, including names and street addresses of respondents, will be available for public review at the Carson City Field Office during regular business hours 7:30 a.m. to 5 p.m. Monday through Friday, except holidays, and may be published as part of the EA. Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be

available for public inspection in their entirety.

Dated: November 21, 2005.

Donald T. Hicks,

Manager, Carson City Field Office.

BILLING CODE 4310-HC-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[ID-200-1610-DO-081D]

Notice of Intent To Prepare a Resource Management Plan for the Jarbidge Field Office, Idaho and Associated Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: The Bureau of Land Management (BLM) Jarbidge Field Office, Twin Falls, Idaho intends to prepare a Resource Management Plan (RMP) with an associated Environmental Impact Statement (EIS) for the Jarbidge Field Office and by this notice is announcing public scoping meetings. The RMP will replace the existing 1987 Jarbidge RMP.

DATES: The BLM will announce public scoping meetings to identify relevant issues through local news media, newsletters, and the BLM Web site <http://www.blm.gov/rmp/id/jarbidge> at least 15 days prior to the first meeting. We will provide formal opportunities for public participation upon publication of the Draft RMP/EIS.

ADDRESSES: You may submit comments by any of the following methods:

- Web site: <http://www.blm.gov/rmp/id/jarbidge> (subject to change).
- E-mail: ID_Jarbidge_RMP@blm.gov.
- Fax: (208) 736-2375 or (208) 735-2076.
- Mail: Project Manager, Jarbidge Field Office, 2536 Kimberly Road, Twin Falls, Idaho 83301.

Documents pertinent to this proposal may be examined at the Jarbidge Field Office.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to our mailing list, contact Rick Vandervoet, Acting Field Manager, Jarbidge Field Office, Telephone 208-735-2060; e-mail richard_vandervoet@blm.gov or Howard Hedrick, District Manager, Twin Falls District, Telephone 208-735-2060; e-mail howard_hedrick@blm.gov.

SUPPLEMENTARY INFORMATION: This document provides notice that the BLM Jarbidge Field Office, Twin Falls, Idaho,

intends to prepare a RMP with an associated EIS for the Jarbidge Field Office and announces public scoping meetings.

The planning area is located in Twin Falls, Owyhee and Elmore Counties, Idaho and Elko County, Nevada. This planning activity encompasses approximately 1,366,000 acres of public land. The plan will fulfill the needs and obligations set forth by the National Environmental Policy Act (NEPA), the Federal Land Policy and Management Act (FLPMA), and BLM management policies. Preparation of an RMP for the Jarbidge Field Office is necessary to respond to a Stipulated Settlement Agreement under the jurisdiction of the District Court, for the District of Idaho; respond to changing resource conditions; respond to new issues; and prepare a comprehensive framework for managing public lands administered by the field office into the future. The BLM will work collaboratively with interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis and EIS alternatives. These issues will also guide the planning process. You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. Individual respondents may request confidentiality. If you wish to withhold your name and/or address from public review or disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. The BLM will honor such requests to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, are available for public inspection in their entirety.

To be most helpful, scoping comments should be received within 60 days following the publication of this notice in the **Federal Register**; however, coordination with the public will continue throughout the planning process.

Preliminary issues and management concerns have been identified by BLM personnel, other agencies, and in meetings with individuals and user groups. They represent the BLM's knowledge to date regarding the existing issues and concerns with current land
