

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53051; File No. SR-MSRB-2005-17]

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Amendments to Administrative Rules (Rules A-3(f) and A-6(c)) Relating to Board Member Compensation

January 4, 2006.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 16, 2005, the Municipal Securities Rulemaking Board (“MSRB” or “Board”), filed with the Securities and Exchange Commission (“Commission” or “SEC”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the MSRB. The MSRB has filed the proposal pursuant to section 19(b)(3)(A)(iii) of the Act,³ and Rule 19b-4(f)(3) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The MSRB is filing with the Commission a proposed rule change consisting of amendments to Rules A-3(f) and A-6(c) relating to Board member compensation. The text of the proposed rule change is available on the MSRB’s Web site (<http://www.msrb.org>), at the MSRB’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the MSRB included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The MSRB has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The MSRB has been reviewing its Administrative Rules (“A-Rules”) to make sure that they are consistent with Virginia law (where the MSRB is incorporated) and current good corporate governance practices. Rule A-3(f), on compensation and expenses, and Rule A-6(c), on committees of the Board, both pertain to Board member compensation practices. These two provisions are somewhat outdated and do not allow the Board appropriate administrative flexibility to implement improved compensation and reimbursement practices consistent with the Board’s corporate governance practices. To accomplish this goal, the Board determined that Rule A-6(c) should be deleted and Rule A-3(f) should be modeled on a provision found in the NASD and Nasdaq By-Laws⁵ such that the Board has a general grant of authority to provide for reasonable compensation and/or reimbursement to Board and committee members.

2. Statutory Basis

The MSRB believes that the proposed rule change is consistent with section 15B(b)(2)(I) of the Act,⁶ which provides that MSRB rules shall “provide for the operation and administration of the Board, including the selection of a Chairman from among the members of the Board, the compensation of the members of the Board, and the appointment and compensation of such employees, attorneys, and consultants as may be necessary or appropriate to carry out the Board’s functions under this section.”⁷ The MSRB believes that the proposed rule change is consistent with these provisions in that it relates to the operation and administration of the Board and the compensation of members of the Board.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The MSRB does not believe that the proposed rule change will result in any burden on competition not necessary or appropriate in furtherance of the purposes of the Act since it would apply

solely to internal operational and administrative matters.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(3) thereunder⁹ because it is concerned solely with the administration of the MSRB. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁰

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

Title: National Automotive Sampling System (NASS).

Type of Request: Extension of a currently approved collection.

OMB Control Number: 2127-0021.

Affected Public: Passenger Motor Vehicle Operators.

Abstract: The collection of crash data that support the establishment and enforcement of motor vehicle regulations that reduce the severity of injury and property damage caused by motor vehicle crashes is authorized under the National Traffic and Motor Vehicle Safety Act of 1966 (Pub. L. 89-563, Title 1, Sec. 106, 108, and 112). The National Automotive Sampling System (NASS) Crashworthiness Data System (CDS) of the National Highway Traffic Safety Administration investigates high severity crashes. Once a crash has been selected for investigation, researchers locate, visit, measure, and photograph the crash scene; locate, inspect, and photograph vehicles; conduct a telephone or personal interview with the involved individuals or surrogate; and obtain and record injury information received from various medical data sources. NASS CDS data are used to describe and analyze circumstances, mechanisms, and consequences of high severity motor vehicle crashes in the United States. The collection of interview data aids in this effort.

Estimated Annual Burden: 5,807 hours.

Number of Respondents: 13,500.

Issued on: January 4, 2006.

Associate Administrator, National Center for Statistics and Analysis.
