DATES: An emergency review has been requested in accordance with the Act (44 U.S.C. Chapter 3507 (j)), since public harm is reasonably likely to result if normal clearance procedures are followed. Approval by the Office of Management and Budget (OMB) has been requested by January 4, 2006.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Director of OMB provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Office of Management and Budget (OMB) may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's

ability to perform its statutory obligations. Type of Review: New.

Title: Hurricane Relief Program.

Abstract: Formula grant applications are needed to identify those SEAs that are eligible applicants under the Hurricane Relief Program, and to obtain counts by State of students displaced by Hurricanes Katrina and Rita. The counts will be used to make formula payments to the SEAs to enable them to make formula payments to eligible LEAs and certain BIA and non-public schools that are educating displaced students including homeless children and youth.

Additional Information: This request for an emergency clearance is to collect extremely time-critical student data and related information in applications from State educational agencies (SEAs) that have local education agencies (LEAs) and Bureau of Indian Affairs (BIA) schools serving students displaced by Hurricanes Katrina and Rita. LEAs will also collect information from the parents of displaced nonpublic school

children. This expedited collection is a direct result of an emergency initiative that Congress passed on December 22 and its purpose is to provide immediate aid for the costs related to the education of these displaced students for the 2005-2006 school year, including homeless children and youth. The data collected will be used by ED to make four Emergency Impact Aid formula grant payments to applicant SEAs based on quarterly student counts reported by LEAs. The SEAs will make four formula grant payments to applicant LEAs and BIA schools based on the quarterly student counts that they report to the SEAs, and LEAs in turn will be responsible for making payments to accounts for nonpublic school children. In addition, the first quarterly student count will be used to determine eligibility and payments for displaced homeless children and youth. Due to the urgency of distributing this application form and collecting the required information from interested participants, we are requesting an OMB emergency clearance of the Emergency Impact Aid application.

Frequency: Quarterly.

Affected Public: State, local, or tribal gov't, SEAs or LEAs; individuals or household.

Reporting and Recordkeeping Hour Burden: Responses—13,200. Burden Hours—28,100.
