

Note: The burden figures shown in the table above are estimates based on the surveys that the USPTO may conduct during the next three years. At this time, the USPTO cannot predict which or how many surveys will be conducted. Depending on the number of surveys that the USPTO actually conducts, it is possible that the burden hours could decrease or even increase from the totals shown in the table.

Estimated Total Annual Non-hour Respondent Cost Burden: \$0. (There are no capital start-up or maintenance costs associated with this information collection.) Although the USPTO conducts mail surveys, self-addressed and stamped envelopes are provided with them. Respondents incur no postage costs resulting from these surveys.
