

Stat. 521), in response to an act by the Oregon state legislature on January 25, 1915, ceding to the United States exclusive jurisdiction over all lands within Crater Lake National Park. Accordingly, OSHA officials informed Oregon OSHA of OSHA's determination. Federal OSHA officials also met on August 16, 2005 with the Crater Lake National Park superintendent, his staff and contractors working at the Park to inform them that Federal OSHA had jurisdiction over both the Federal employees and private sector contractors at Crater Lake. By e-mail of August 23, 2005, from Michele Patterson, Deputy Administrator, Oregon Occupational Safety and Health Division (OR-OSHA) to Richard Terrill, Regional Administrator, the state of Oregon agreed that the state did not have authority to regulate private sector contractors in the Park and that Federal OSHA should exercise jurisdiction over all employees (except state and local government employees, should there be any) at Crater Lake National Park.

Accordingly, Crater Lake National Park is deemed to be an issue no longer covered by the Oregon State Plan, and Federal OSHA is assuming jurisdiction and enforcement responsibility for all private sector as well as Federal employees at the Park. OSHA is also amending its description of the state plan to reflect this change in the level of Federal enforcement.

B. Location of Supplement for Inspection and Copying

A copy of the documents referenced in this notice may be obtained from: Office of State Programs, Directorate of Cooperative and State Programs, Occupational Safety and Health Administration, Room N3700, 200 Constitution Avenue, NW., Washington, DC 20210, (202) 693-2244, fax (202) 693-1671; Office of the Regional Administrator, Occupational Safety and Health Administration, 1111 Third Avenue, Suite 715, Seattle, Washington 98101-3212; and the Oregon Occupational Safety and Health Division, Department of Consumer and Business Services, 350 Winter Street, NE., Room 430, Salem, Oregon 97310. Other information about the Oregon State Plan is posted on the state's Web site at <http://www.cbs.state.or.us/external/osha/>. Electronic copies of this Federal Register notice are available on OSHA's Web page at <http://www.osha.gov/>.

C. Public Participation

Under 29 CFR 1953.3(e), the Assistant Secretary may prescribe alternative procedures to expedite the review

process or for other good cause which may be consistent with applicable laws. Federal OSHA and the state of Oregon have determined that all employers and employees (except state and local government employees, should there be any) at Crater Lake National Park are subject to Federal jurisdiction. This change to Federal jurisdiction has been communicated to Park authorities and their contractors and is already in effect. Accordingly, OSHA finds that further public participation is unnecessary, and this notice of approval is effective upon publication in the Federal Register.

List of Subjects in 29 CFR Part 1952

National parks, Intergovernmental relations, Law enforcement, Occupational safety and health.

Signed at Washington, DC, this 3rd day of January 2006.

Jonathan L. Snare,

Acting Assistant Secretary.

■ Part 1952 of 29 CFR is hereby amended as follows:

PART 1952—[AMENDED]

■ 1. The authority section for part 1952 continues to read as follows:

Authority: Section 18 of the OSH Act (29 U.S.C. 667), 29 CFR part 1902, and Secretary of Labor's Order No. 5-2002 (67 FR 65008).

Subpart D—Oregon

■ 2. Amend § 1952.104 by revising the second sentence of paragraph (b) to read as follows:

§ 1952.104 Final approval determination.

(b) * * * The plan does not cover private sector establishments on Indian reservations and tribal trust lands, including tribal and Indian-owned enterprises; employment at Crater Lake National Park; Federal agencies; the U.S. Postal Service and its contractors; contractors on U.S. military reservations, except those working on U.S. Army Corps of Engineers dam construction projects; and private sector maritime employment on or adjacent to navigable waters, including shipyard operations and marine terminals.

■ 3. Amend § 1952.105 by redesignating paragraph (b)(1)(iv) as (b)(1)(v) and adding a new paragraph (b)(1)(iv), to read as follows:

§ 1952.105 Level of Federal enforcement.

(b)(1) * * *
(iv) Enforcement of occupational safety and health standards with regard

to employment at Crater Lake National Park;

* * * * *

BILLING CODE 4510-26-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[COTP Prince William Sound 05-012]

RIN 1625-AA87

Security Zones; Port Valdez and Valdez Narrows, Valdez, AK

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is continuing temporary security zones encompassing the Trans-Alaska Pipeline (TAPS) Valdez Terminal Complex, Valdez, Alaska and TAPS Tank Vessels and Valdez Narrows, Port Valdez, Alaska, and is reducing the size of one of these zones. These temporary security zones will remain effective until February 12, 2006, while we complete a separate rulemaking to create permanent security zones in these locations.

DATES: This rule is effective from January 12, 2006, through February 12, 2006. Comments and related material must reach the Coast Guard on or before February 12, 2006.

ADDRESSES: You may mail comments and related material to U.S. Coast Guard Marine Safety Office, PO Box 486, Valdez, Alaska 99686. Marine Safety Office Valdez, Port Operations Department maintains the public docket for this rulemaking. Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at Marine Safety Office Valdez, 105 Clifton, Valdez, AK 99686 between 7:30 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: LTJG Duane Lemmon, Port Operations Department, U.S. Coast Guard Marine Safety Office Valdez, Alaska, (907) 835-7218.

SUPPLEMENTARY INFORMATION:

Regulatory History

On October 14, 2005, we published a temporary final rule entitled "Security Zones; Port Valdez and Valdez Narrows, Valdez AK" in the Federal Register (70

FR 60005). That rule is only effective to January 12, 2006.

A notice of proposed rulemaking (NPRM) was not published for this regulation. In accordance with 5 U.S.C. 553(b)(B), the Coast Guard finds good cause exists for not publishing an NPRM. The Coast Guard is taking this action for the immediate protection of the national security interests in light of terrorist acts perpetrated on September 11, 2001, and the continuing threat that remains from those who committed those acts. Also, in accordance with 5 U.S.C. 553(d)(3), the Coast Guard finds good cause to exist for making this regulation effective less than 30 days after publication in the **Federal Register**. Publication of a notice of proposed rulemaking and delay of effective date would be contrary to the public interest because immediate action is necessary to provide for the safety of the TAPS terminal and TAPS tank vessels.

On November 7, 2001, we published three temporary final rules in the **Federal Register** (66 FR 56208, 56210, 56212) that created security zones effective through June 1, 2002. The section numbers and titles for these zones are—

- § 165.T17-003—Security zone; Trans-Alaska Pipeline Valdez Terminal Complex, Valdez, Alaska,
- § 165.T17-004—Security zone; Port Valdez, and
- § 165.T17-005—Security zones; Captain of the Port Zone, Prince William Sound, Alaska.

Then on June 4, 2002, we published a temporary final rule (67 FR 38389) that established security zones to replace these security zones. That rule issued in April 2002, which expired July 30, 2002, created temporary § 165.T17-009, entitled “Port Valdez and Valdez Narrows, Valdez, Alaska—security zone”.

Then on July 31, 2002, we published a temporary final rule (67 FR 49582) that established security zones to extend the temporary security zones that would have expired. This extension was to allow for the completion of a notice-and-comment rulemaking to be completed to create permanent security zones to replace the temporary zones.

On October 23, 2002, we published the notice of proposed rulemaking that sought public comment on establishing permanent security zones similar to the temporary security zones (67 FR 65074). The comment period for that NPRM ended December 23, 2002. Although no comments were received that would result in changes to the proposed rule an administrative omission was found

that resulted in the need to issue a supplemental notice of proposed rulemaking (SNPRM) to address a collection of information of the proposed rule (68 FR 14935, March 27, 2003). Then, we issued a temporary final rule (68 FR 26490, May 16, 2003) that established security zones to extend the temporary security zones until June 30, 2003. This extension was to allow for a rulemaking for the permanent security zones to be completed. Then, on October 31, 2003, we published a temporary final rule (68 FR 62009) that established security zones to extend the temporary security zones through March 12, 2004. Then on May 19, 2004, we published a Second Supplemental Notice of Proposed Rulemaking (SSNPRM) (69 FR 28827) incorporating changes to the Trans-Alaskan Pipeline system, Valdez Marine Terminal (VMT) security zone coordinates described in the NPRM (67 FR 65074).

On June 30, 2005, we published a temporary final rule entitled “Security Zones: TAPS Terminal, Valdez Narrows, and Tank Vessels in COTP Prince William Sound” in the **Federal Register** (70 FR 37681). That rule was only effective to October 11, 2005. On October 7, 2005 we published a TSNPRM (70 FR 58646) with revisions to our proposed permanent security zones in the same locations as the temporary zones created by this rule. On October 14, 2005, we published a temporary final rule (70 FR 60005) that established security zones to extend these temporary security zones through January 12, 2006.

This temporary final rule creates temporary security zones through February 12, 2006, to allow for the rulemaking involving the TSNPRM to be completed.

Discussion of This Temporary Rule

This temporary final rule establishes three security zones. The Trans-Alaska Pipeline Valdez Marine Terminal Security zone encompasses the waters of Port Valdez between Allison Creek to the east and Sawmill Spit to the west and offshore to marker buoys A and B (approximately 1.5 nautical miles offshore from the TAPS Terminal). The Tanker Moving Security Zone encompasses the waters within 200 yards of a TAPS Tanker within the Captain of the Port, Prince William Sound Zone. The Valdez Narrows Security Zone encompasses the waters 200 yards either side of the Tanker Optimum Trackline through Valdez Narrows between Entrance Island and Tongue Point. This zone is active only when a TAPS Tanker is in the zone.

The Coast Guard has worked closely with local and regional users of Port Valdez and Valdez Narrows waterways to develop these security zones in order to mitigate the impact on commercial and recreational users. This temporary final rule establishes a uniform transition from the temporary operating zones while the rulemaking for permanent security zones is completed.

Request for Comments

Although the Coast Guard has good cause in implementing this regulation without a notice of proposed rulemaking, we want to afford the maritime community the opportunity to participate in this rulemaking by submitting comments and related material regarding the size and boundaries of these security zones in order to minimize unnecessary burdens. If you do so, please include your name and address, identify the docket number for this rulemaking, COTP Prince William Sound 04-001, indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8.5 by 11 inches, suitable for copying. If you would like to know they reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this temporary final rule in view of them.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary. Economic impact is expected to be minimal because there are alternative routes for vessels to use when the zone is enforced, permits to enter the zone are available, and the Tanker Moving Security Zone is in effect for a short duration.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a

significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. The number of small entities impacted by this rule is expected to be minimal because there are alternative routes for vessels to use when the zone is enforced, permits to enter the zone are available, and the Tanker Moving Security Zone is in effect for a short duration. Since the time frame this rule is in effect may cover commercial harvests of fish in the area, the entities most likely affected are commercial and native subsistence fishermen. The Captain of the Port will consider applications for entry into the security zone on a case-by-case basis; therefore, it is likely that very few, if any, small entities will be impacted by this rule. Those interested may apply for a permit to enter the zone by contacting Marine Safety Office, Valdez at the above contact number.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule contains no information collection requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and

would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action"

under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2-1, paragraph (34)(g), of the Instruction, from further environmental documentation. This rule creates no additional vessel traffic and thus imposes no additional burdens on the environment in Prince William Sound. It simply provides guidelines for vessels transiting in the Captain Of The Port, Prince William Sound Zone so that vessels may transit safely in the vicinity of the Port of Valdez and the TAPS terminal. A "Categorical Exclusion Determination" is available in the docket where indicated under

ADDRESSES.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Safety measures, Vessels, Waterways.

■ For the reasons set forth in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05-1(g), 6.04-1, 6.04-6, and 160.5; Public Law 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add temporary § 165.T17-022 to read as follows:

§ 165.T17-022 Port Valdez and Valdez Narrows, Valdez, Alaska-security zones.

(a) Location. The following areas are security zones:

(1) *Trans-Alaska Pipeline (TAPS) Valdez Terminal Complex (Terminal), Valdez, Alaska and TAPS tank vessels.* All waters enclosed within a line beginning on the southern shoreline of

Port Valdez at 61°05'03.6" N, 146°25'42" W; thence northerly to yellow buoy at 61°06'00" N, 146°25'42" W; thence east to the yellow buoy at 61°06'00" N, 146°21'30" W; thence south to 61°05'06" N, 146°21'30" W; thence west along the shoreline and including the area 2000 yards inland along the shoreline to the beginning point.

(2) *Tank Vessel Moving Security Zone.* All waters within 200 yards of any TAPS tank vessel maneuvering to approach, moor, unmoor or depart the TAPS Terminal or transiting, maneuvering, laying to or anchored within the boundaries of the Captain of the Port, Prince William Sound Zone described in 33 CFR 3.85–20(b).

(3) *Valdez Narrows, Port Valdez, Valdez, Alaska.* All waters within 200 yards of the Valdez Narrows Tanker Optimum Track line bounded by a line beginning at 61°05'15" N, 146°37'18" W; thence southwest to 61°04'00" N, 146°39'52" W; thence southerly to 61°02'32.5" N, 146°41'25" W; thence northwest to 61°02'40.5" N, 146°41'47" W; thence northeast to 61°04'07.5" N, 146°40'15" W; thence northeast to 61°05'22" N, 146°37'38" W; thence southeast back to the starting point at 61°05'15" N, 146°37'18" W.

(b) *Regulations.* (1) The general regulations in 33 CFR 165.33 apply to the security zones described in paragraph (a) of this section.

(2) Tank vessels transiting directly to the TAPS terminal complex, engaged in the movement of oil from the terminal or fuel to the terminal, and vessels used to provide assistance or support to the tank vessels directly transiting to the terminal, or to the terminal itself, and that have reported their movements to the Vessel Traffic Service, as required under 33 CFR part 161 and § 165.1704, may operate as necessary to ensure safe passage of tank vessels to and from the terminal.

(3) All persons and vessels must comply with the instructions of the Coast Guard Captain of the Port and the designated on-scene patrol personnel. These personnel comprise commissioned, warrant, and petty officers of the Coast Guard. Upon being hailed by a vessel displaying a U.S. Coast Guard ensign by siren, radio, flashing light, or other means, the operator of the vessel must proceed as directed. Coast Guard Auxiliary and local or state agencies may be present to inform vessel operators of the requirements of this section and other applicable laws.

Dated: January 5, 2006.

M.S. Gardiner,

Commander, United States Coast Guard, Coast Guard, Captain of the Port, Prince William Sound, Alaska.

BILLING CODE 4910–15–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

[EPA–HQ–OPP–2005–0483; FRL–7754–9]

Thymol; Exemption from the Requirement of a Tolerance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation establishes an exemption from the requirement of a tolerance for residues of the thymol (5-methyl-2-isopropyl-1-phenol) on honey, honeycomb, and honeycomb with honey when applied/used as treatment to decrease the incidence of Varroa mite infestation in the honey bee. Vita (Europe) Limited, c/o Landis International Limited, submitted a petition to EPA under the Federal Food, Drug, and Cosmetic Act (FFDCA), as amended by the Food Quality Protection Act of 1996 (FQPA), requesting an exemption from the requirement of a tolerance. This regulation eliminates the need to establish a maximum permissible level for residues of thymol (5-methyl-2-isopropyl-1-phenol).

DATES: This regulation is effective January 18, 2006. Objections and requests for hearings must be received on or before March 20, 2006.

ADDRESSES: To submit a written objection or hearing request follow the detailed instructions as provided in Unit X. of the **SUPPLEMENTARY INFORMATION.** EPA has established a docket for this action under Docket identification (ID) number EPA–HQ–OPP–2005–0483. All documents in the docket are listed on the www.regulations.gov web site. (EDOCKET, EPA's electronic public docket and comment system was replaced on November 25, 2005, by an enhanced Federal-wide electronic docket management and comment system located at <http://www.regulations.gov/>. Follow the on-line instructions.) Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on

the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in EDOCKET or in hard copy at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305–5805.

FOR FURTHER INFORMATION CONTACT:

Andrew Bryceland, Biopesticides and Pollution Prevention Division (7511C), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; telephone number: (703) 305–6928; e-mail address: bryceland.andrew@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected entities may include, but are not limited to:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT.**

B. How Can I Access Electronic Copies of this Document and Other Related Information?

In addition to using EDOCKET (<http://www.epa.gov/edocket/>), you may access this **Federal Register** document electronically through the EPA Internet under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr/>. A frequently updated electronic version of 40 CFR part 180 is available on E-CFR Beta Site Two at <http://www.gpoaccess.gov/ecfr/>. To access the OPPTS Harmonized Guidelines referenced in this document go directly
