

1252(e)(3).² This notice includes additional dockets numbers because those filings all contain issues associated with demand response and those issues may be discussed within presentations. The technical conference will be held in the Commission Meeting Room at the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. The conference will be open for the public to attend and advance registration is not required. This will be a staff conference, but Commissioners may attend.

The agenda for this conference is attached. In order to allot sufficient time for questions and responses, each speaker will be provided with five minutes for prepared remarks. Due to the limitation of time, slides and graphic displays (i.e, PowerPoint® presentations) will not be permitted during the conference. Presenters who want to distribute copies of their prepared remarks or handouts should bring 100 double-sided copies to the technical conference. Presenters who wish to include comments, presentations, or handouts in the record for this proceeding should file their comments with the Commission. Comments may either be filed on paper or electronically via the eFiling link on the Commission's Web site at <http://www.ferc.gov>.

A free webcast of this event will be available through <http://www.ferc.gov>. Anyone with Internet access who desires to view this event can do so by navigating to <http://www.ferc.gov>'s Calendar of Events and locating this event in the Calendar. The event will contain a link to its Webcast. The Capitol Connection provides technical support for the webcasts. It also offers access to this event via television in the Washington, DC area and via phone bridge for a fee. [Docket No. RM98-1-000]

Records Governing Off-the-Record Communications; Public Notice

January 13, 2006.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. Section 1252(e)(3) requires the Commission, not later than one year after the date of enactment of the EPAct 2005, to draft and publish a report, by appropriate region, that assesses demand response resources, including those available from all consumer classes. Specifically, the Commission must identify and review:

(A) Saturation and penetration rates of advanced meters and communications technologies, devices and systems;
 (B) existing demand response programs and time-based rate programs;
 (C) the annual resource contribution of demand resources;
 (D) the potential for demand response as a quantifiable, reliable resource for regional planning purposes;

(E) steps taken to ensure that, in regional transmission planning and operations, demand resources are provided equitable treatment as a quantifiable, reliable resource relative to the resource obligations of any load-serving entity, transmission provider, or transmitting party; and
 (F) regulatory barriers to improved customer participation in demand response, peak reduction and critical period pricing programs.

[Docket No. RM05-32-000]

Repeal of the Public Utility Holding Company Act of 1935 and Enactment of the Public Utility Holding Company Act of 2005; Notice of New Docket Prefixes "HC" and "PH"

January 13, 2006.

Notice is hereby given that new docket prefixes "HC" and "PH" have been established for certain filings under the Public Utility Holding Company Act of 2005.

An "HC" docket prefix will be assigned to filings that, pursuant to 18 CFR 366.4(a), notify the Commission that a company meets the definition of a holding company. Thus, an "HC" docket prefix will be assigned to FERC-65 filings, "Notification of Holding Company Status."

A "PH" docket prefix will be assigned to filings that, pursuant to 18 CFR 366.4(b)(1), (c)(1), seek exemption from the requirements of the Public Utility Holding Company Act of 2005, or waiver of the Commission's regulations under the Public Utility Holding Company Act of 2005. Thus, a "PH" docket prefix will be assigned to FERC-65A filings, "Exemption Notification," and to FERC-65B filings, "Waiver Notification."

Petitions for declaratory order made pursuant to 18 CFR 366.4(b)(2), (c)(2), however, will be assigned an "EL" docket prefix, as the Commission has traditionally done for petitions for declaratory orders under the Federal Power Act.

The "HC" and "PH" docket prefix formats will be HCFY-NNN-000 and PHFY-NNN-000, where "FY" is the fiscal year in which the proceeding commenced, and "NNN" is a sequential number. For "HC" filings, a single docket number will be assigned to all Notification of Holding Company Status

filings made within a fiscal year. For example, "HC06-1-000" will be assigned to all such filings made in fiscal year 2006; "HC07-1-000" to all such filings made in fiscal year 2007. "PH" filings, however, will be docketed individually.

Filing guidelines for "HC" and "PH" filings are attached to this notice and will be posted on the Commission's Web site at <http://www.ferc.gov/help/how-to.asp>.

Secretary.

Filing Guidelines for "HC" and "PH" Filings Under the Public Utility Holding Company Act of 2005 and 18 CFR 366

FERC-65, Notification of Holding Company Status

These notification filings should be submitted using the Commission's eFiling system. Do not include waiver or exemption notifications with these filings. The document you submit should include HC06-1-000 in the caption or heading of the document, for filings made on or before September 30, 2006. During the eFiling submission process:

1. Select the filing type "Production of Document."
2. On the Select Docket screen, enter HC06-1 in the docket number search block and select HC06-1-000 from the results.
3. Before you browse, select, and attach the file, make sure that the file name is less than 25 characters and contains no spaces or special characters.
4. On the Submission Description screen, edit the description by replacing "Production of Document" with "Notification of Holding Company Status."

If you are unable to file electronically, you must submit an original and 14 paper copies of the filing to the address below. It is not necessary to include a form of notice for the Federal Register.

FERC-65A, Exemption Notification, and FERC-65B, Waiver Notification

These filings must be submitted on paper at this time. The document you submit should include PH06-__-000 in the caption or heading of the document,

for filings made on or before September 30, 2006.

Submit an original and 14 copies of all "PH" filings, with a form of notice of the "PH" filing suitable for publication in the **Federal Register** on a 3½" diskette, to: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Forms of notice for "PH" exemption and waiver requests are available on the Commission's Web site at <http://www.ferc.gov/docs-filing/not-form.asp>.

Please be advised that the United States Postal Service scans all documents addressed to the Commission with a heat-treatment process that may corrupt diskettes and render filings unusable. You are recommended to use express mail or courier delivery services.
