

DEPARTMENT OF EDUCATION**Privacy Act of 1974; System of Records—Common Services for Borrowers**

AGENCY: Federal Student Aid, Department of Education.

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, (Privacy Act), the Chief Operating Officer for Federal Student Aid of the U.S. Department of Education (Department) publishes this notice of a new system of records entitled the Common Services for Borrowers (CSB) system (18–11–16). Over the next three to four years, the Department will consolidate the activities it carries out with regard to making and servicing loans, and collecting or otherwise resolving obligations owed by an individual with respect to a loan, grant, or scholarship program authorized by the Higher Education Act of 1965, as amended (HEA). The CSB system will contain records of an individual's loan, grant, or scholarship and of transactions performed by the Department to carry out these activities. Because many of these records are currently maintained in the systems of records entitled Title IV Program Files (18–11–05) and Student Financial Assistance Collection Files (18–11–07), the Department will delete these other systems of records after it has fully phased into the new CSB system of records all of the records that are currently maintained in these systems of records. The Department seeks comment on the proposed system of records described in this notice, in accordance with the requirements of the Privacy Act.

DATES: We must receive your comments on the proposed routine uses for the system of records described in this notice on or before February 22, 2006.

The Department has filed a report describing the new system of records covered by this notice with the Chair of the Senate Committee on Homeland Security and Governmental Affairs, the Chair of the House Committee on Government Reform, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on January 18, 2006. This new system of records will become effective on the later date of: (1) the expiration of the 40-day period for OMB review on February 27, 2006; or (2) February 22, 2006, unless the system of records needs to be changed as a result of public comment or OMB review.

ADDRESSES: Address all comments about the proposed routine uses to Patricia Dorn, Chief of Staff, Borrower Services, Federal Student Aid, U.S. Department of Education, 830 First Street, NE., Union Center Plaza, room 42G4, Washington, DC 20202–5345. POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

The records are maintained in hardcopy, microfilm, magnetic storage and optical storage media, such as tape, disk, etc.

RETRIEVABILITY:

Records in this system are retrievable by social security number or name of the borrower.

SAFEGUARDS:

All physical access to the Department's site, and the sites of the Department's contractors where this system of records is maintained, is controlled and monitored by security personnel who check each individual entering the building for his or her employee or visitor badge.

In accordance with the Department's Administrative Communications System Directive OM: 5-101 entitled "Contractor Employee Personnel Security Screenings," all contract and

Department personnel who have facility access and system access are required to undergo a security clearance investigation. Individuals requiring access to Privacy Act data are required to hold, at a minimum, a moderate-risk security clearance level. These individuals are required to undergo periodic screening at five-year intervals.

In addition to conducting security clearances, contract and Department employees are required to complete security awareness training on an annual basis. Annual security awareness training is required to ensure that contract and Department users are appropriately trained in safeguarding Privacy Act data in accordance with OMB Circular No. A-130, Appendix III.

The computer system employed by the Department offers a high degree of resistance to tampering and circumvention. This security system limits data access to Department and contract staff on a "need-to-know" basis, and controls individual users' ability to access and alter records within the system. All users of this system of records are given a unique user identification. The Department's Federal Student Aid Information Security and Privacy Policy requires the enforcement of a complex password policy. In addition to the enforcement of the complex password policy, users are required to change their password at least every 60 to 90 days in accordance with the Department's information technology standards.

At the principal site of the Department's contractor in Meriden, Connecticut, additional physical security measures are in place and access is monitored 24 hours per day, 7 days a week.

Records are retained for five years after the debt is paid in full or otherwise closed out, and thereafter disposed of.
