#### Maine: Proposed Determination of Adequacy for the State Municipal Solid Waste Landfill (MSWLF) Permitting Program

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA is proposing to approve the State of Maine's permit program for municipal solid waste landfills (MSWLF's) and to approve the State's approach of not allowing conditionally exempt small quantity generator (CESQG) hazardous waste to be sent to non-municipal, non-hazardous waste disposal units. Elsewhere in today's **Federal Register**, EPA is publishing a direct final rule that determines the adequacy of the State of Maine's municipal solid waste permitting program without a prior proposal because we believe this action is not controversial and do not expect comments that oppose it. Unless we get relevant written comments which oppose this determination of adequacy during the comment period, the decision will take effect. If we receive comments that oppose this action, we will publish a document in the **Federal Register** withdrawing this rule before it takes effect and this separate document in this proposed rules section of the direct final **Federal Register** will serve as the proposal to determine the adequacy of the State Municipal Solid Waste Landfill permitting program.

**DATES:** Send your written comments by February 23, 2006.

**ADDRESSES:** Send any written comments to Chuck Franks, EPA Region 1, One Congress Street, Suite 1100 (CHW), Boston, MA 02114-2023; telephone: (617) 918-1554; e-mail: [franks.chuck@epa.gov](mailto:franks.chuck@epa.gov).

#### Fish and Seafood Promotion Act Provisions; Seafood Marketing Councils

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

**ACTION:** Proposed rule; request for comments.

**SUMMARY:** In 1989, NMFS issued a final rule enacting the Fish and Seafood Promotion Act of 1986 (Act), as it pertains to Seafood Marketing Councils (Councils), for one or more species of fish or fish products. That rule, along with a large number of other rules and regulations unused or little used, was stricken from the Code of Federal Regulations (CFR) as part of a government-wide Presidential regulatory reform effort. Although the implementing regulations were
