The petitioner states that the recorded data in the hand-held computers will be downloaded at the end of the shift and collated with other data to allow the petitioner to proactively correct unsafe practices and to prevent accidents before they occur. The petitioner has listed in this petition specific terms and conditions that will be used when the proposed alternative method is implemented. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

BILLING CODE 4510-43-P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Privacy Act of 1974, as Amended; System of Records Notices

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of a proposed new routine use for an existing privacy system of records and the revision of the existing inventory of Privacy Act system managers.

SUMMARY: The National Archives and Records Administration (NARA) is proposing to revise an existing system of records, NARA 1—Researcher Application Files. The system is being revised to add as a routine use the invitation for researchers to participate in voluntary customer satisfaction surveys. NARA is also revising its inventory of system managers,

Appendix B, to reflect organizational changes and to update addresses.

DATES: *Effective Date:* The revision to NARA 1, Researcher Application Files, will become effective without further notice on February 23, 2006, unless comments received on or before that date cause a contrary decision. If changes are made based on NARA's review comments received, a new final notice will be published.

ADDRESSES: Send comments to the Privacy Act Officer, Office of General Counsel (NGC), Room 3110, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. They may be faxed to 301-837-0293. You may also comment via the Internet to comments@NARA.GOV.

FOR FURTHER INFORMATION CONTACT:

Ramona Branch Oliver, Privacy Act Officer, National General Counsel, Room 3110, AII, at telephone number 301-837-2024 or fax number 301-837-0293.

SUPPLEMENTARY INFORMATION: The last notice for this system was published in the **Federal Register** on April 2, 2002.

The notice for this system of records states the name and the location of the record system, the authority for and manner of its operation, the categories of individuals that it covers, the types of records that it contains, the sources of information in the records, and the proposed "routine uses" of the system of records. The notice also includes the business address of the NARA official who will inform interested persons of the procedures whereby they may gain access to and correct records pertaining to themselves.

One of the purposes of the Privacy Act, as stated in section 2(b)(4) of the Act, is to provide certain safeguards for an individual against an invasion of personal privacy by requiring Federal agencies to disseminate any record of identifiable personal information in a manner that assures that such action is for a necessary and lawful purpose, that information is current and accurate for its intended use, and that adequate safeguards are provided to prevent misuse of such information. NARA intends to follow these principles in transferring information to another agency or individual as a "routine use", including assurance that the information is relevant for the purposes for which it is transferred.

Dated: January 14, 2006.

Allen Weinstein,

Archivist of the United States.

Accordingly, we are publishing the revised system of records notice in its

entirety and the revised Appendix B as follows:
