BILLING CODE 4210-33-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Choctaw National Wildlife Refuge

AGENCY: Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of Availability of the Draft Comprehensive Conservation Plan and Environmental Assessment for Choctaw National Wildlife Refuge in Choctaw County, Alabama.

SUMMARY: The Fish and Wildlife Service announces that a Draft Comprehensive Conservation Plan and Environmental Assessment for Choctaw National Wildlife Refuge are available for review and comment. The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, requires the Service to develop a comprehensive conservation plan for each national wildlife refuge. The purpose in developing a comprehensive conservation plan is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife and their habitats, plans identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation.

Significant issues addressed in the draft plan include: threatened and endangered species, waterfowl management, neotropical migratory birds, bottomland hardwood restoration, fisheries management, visitor services, funding and staffing, cultural resources, and land protection.

DATES: A meeting will be held to present the plan to the public. Mailings, newspaper articles, and posters will be

the avenues to inform the public of the date and time for the meeting.

Individuals wishing to comment on the Draft Comprehensive Conservation Plan and Environmental Assessment for Choctaw National Wildlife Refuge should do so no later than March 10, 2006.

ADDRESSES: Requests for copies of the Draft Comprehensive Conservation Plan and Environmental Assessment should be addressed to Choctaw National Wildlife Refuge, P.O. Box 808, Jackson, Alabama 36545; Telephone 251/246-3583. The plan and environmental assessment may also be accessed and downloaded from the Service's Internet Web site <http://southeast.fws.gov/planning/>. Comments on the draft plan may be submitted to the above address or via electronic mail to mike_dawson@fws.gov. Please include your name and return address in your Internet message. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home addresses from the record, which we will honor to the extent allowed by law.

SUPPLEMENTARY INFORMATION: The Service developed four alternatives for managing the refuge and chose Alternative D as the preferred alternative.

Alternatives

The draft comprehensive conservation plan and environmental assessment evaluates the four alternatives for managing the refuge over the next 15 years. These alternatives are briefly described as follows:

Alternative A: No Action (Current Management Direction)

Choctaw National Wildlife Refuge's most important terrestrial vegetation community is its bottomland hardwood forests, which provide habitat for migratory birds, including both waterfowl and neotropical migratory forest-dependent birds, and other species. The refuge has a current Forest Management Plan, but it has not been fully implemented; some stand treatments have been applied, but secondary treatments, such as thinnings, have not. Regeneration is occurring on the forest floor, but not stand recruitment; saplings are not maturing due to being eaten by deer and feral hogs, frequent flooding, and shady conditions. There is a dense canopy at present that inhibits regeneration of all but the most shade-tolerant trees. While
