DEPARTMENT OF COMMERCE

Minority Business Development Agency

[Docket No. 000724217-6008-11]

Amendment of Performance Incentives for Minority Business Enterprise Centers To Allow for a Third Bonus Year of Funding

AGENCY: Minority Business Development Agency.

ACTION: Notice.

SUMMARY: The Minority Business Development Agency (MBDA) publishes this notice to announce that it will allow for a third year of bonus funding, on a non-competitive basis, to the Houston Minority Business Enterprise Center (MBEC) (formally known as the Houston Minority Business Development Center (MBDC)), as originally funded under the **Federal Register** notice of August 28, 2000 (65 FR 52069). In its August 28, 2000 notice, MBDA solicited competitive applications from organizations to operate MBECs. The MBEC Program provides funding for general business assistance to minority business enterprises (MBEs) in various markets throughout the United States and stipulated that no award to operate a MBEC may be longer than five funding periods. MBDA changes this policy to allow for a third year of bonus funding for a total of six funding periods. This action is taken in light of the fact that the Houston MBEC (Grijalva and Allen) has had an "excellent" performance rating for five consecutive years. Furthermore, this action supports the Agency's efforts in rebuilding minority firms impacted by Hurricanes Rita and Katrina. The Houston MBEC non-competitively received additional funding in the amount of \$300,000, specifically to assist the minority firms impacted by Hurricane Katrina, as it was the closest proximity to the Gulf Coast and able to immediately respond to the need for additional services. This is in addition to the amount of \$400,375 for the continuation of general business assistance to MBEs in program year 2006.

DATES: The third bonus funding period, if approved by the Grants Officer, will commence January 1, 2006 and continue through December 31, 2006.

FOR FURTHER INFORMATION CONTACT: Mr. Efrain Gonzalez at (202) 482-1940.

SUPPLEMENTARY INFORMATION: Under Executive order 11625, the MBEC Program requires MBEC staff to provide general business assistance to minority-owned companies in various markets throughout the United States, and standardized business assistance services to "rapid growth potential" minority businesses (e.g., those generating \$500,000 or more in annual revenues or capable of generating significant employment and long-term economic growth); to develop a network of strategic partnerships; to possibly charge client fees; and to provide strategic business consulting. These requirements are used to generate increased results with respect to financing and contracts awarded to minority-owned firms and thus, are a key component of this program.

MBDA is announcing the amendment of a prior **Federal Register** notice (65 FR 52069, August 28, 2000) published by MBDA which established that no award to operate a Minority Business Enterprise Center (MBEC) (formally known as Minority Business Development Centers (MBDC)) may be longer than five funding periods without competition, no matter what an MBEC's performance happens to be. Under the prior notice, performance incentives allowed MBECs to earn two bonus funding periods, in addition to the normal three funding periods, without competition based on an "excellent" performance rating, for a total of five funding periods. MBDA hereby amends the prior notice to allow for a third year of bonus funding on a non-competitive basis to eligible MBECs originally funded under the **Federal Register** notice of August 28, 2000, for a total of six funding periods.

This action is taken in light of the fact that the Houston MBEC (Grijalva and Allen) has maintained an "excellent" performance rating over the five year funding period. This MBEC is the only MBEC to have achieved an "excellent" performance rating in five consecutive program years and thus is the only recipient of the third bonus funding period. In addition, this award will allow the Houston MBEC to maintain continuity in level of services in light of the adverse economic impact and devastation caused by Hurricanes Rita and Katrina.

Such additional funding will be at the total discretion of MBDA. The Houston

MBEC (Grijalva and Allen) will be eligible for a third bonus funding period (January 1, 2006–December 31, 2006) on a non-competitive basis.

The Houston MBEC will continue to concentrate on serving firms located in the Houston, Texas Metropolitan Statistical Area. This includes delivering relevant services to minority-owned firms impacted by Hurricanes Rita and Katrina and to displaced MBEs currently residing in the greater Houston, Texas area. The Houston MBEC program shall continue to leverage telecommunications technology, including the Internet, and a variety of online computer-based resources to dramatically increase the level of service that the MBEC can provide to minority-owned firms, including micro-enterprises.

Entrepreneurs eligible for assistance under the MBEC Program are African Americans, Puerto Ricans, Spanish-speaking Americans, Aleuts, Asian Pacific Americans, Asian Indians, Native Americans, Eskimos and Hasidic Jews.

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission (CPSC) requests comments on a proposed extension of approval, for a period of three years from the date of approval by the Office of Management and Budget (OMB), of a collection of information from manufacturers and importers of children's sleepwear. This collection of information is in the Standard for the Flammability of Children's Sleepwear: Sizes 0 through 6X and the Standard for the Flammability of Children's Sleepwear: Sizes 7 through 14 and regulations implementing those standards. See 16 CFR Parts 1615 and 1616. The children's sleepwear standards and implementing regulations establish requirements for testing and recordkeeping by manufacturers and importers of children's sleepwear.

The Commission will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from OMB.

DATES: The Office of the Secretary must receive written comments not later than March 27, 2006.

SUPPLEMENTARY INFORMATION:

A. The Standards

Children's sleepwear in sizes 0 through 6X manufactured for sale in or imported into the United States is subject to the Standard for the Flammability of Children's Sleepwear: Sizes 0 through 6X (16 CFR part 1615). Children's sleepwear in sizes 7 through 14 is subject to the Standard for the Flammability of Children's Sleepwear: Sizes 7 through 14 (16 CFR part 1616). The children's sleepwear flammability standards require that fabrics, seams, and trim used in children's sleepwear in sizes 0 through 14 must self-extinguish when exposed to a small open-flame ignition source. The children's sleepwear standards and implementing regulations also require manufacturers and importers of children's sleepwear in sizes 0 through 14 to perform testing of products and to maintain records of the results of that testing. 16 CFR part 1615, subpart B; 16 CFR part 1616; subpart B. The Commission uses the information compiled and maintained by manufacturers and importers of children's sleepwear to help protect the public from risks of death or burn injuries associated with children's sleepwear. More specifically, the Commission reviews this information to determine whether the products produced and imported by the firms comply with the applicable standard. Additionally, the Commission uses this information to arrange corrective actions if items of children's sleepwear fail to comply with the applicable standard in a manner that creates a substantial risk of injury to the public.

OMB approved the collection of information in the children's sleepwear standards and implementing regulations under control number 3041-0027. OMB's most recent extension of approval will expire on January 31, 2006. The Commission proposes to request an extension of approval for the collection of information in the children's sleepwear standards and implementing regulations.

B. Estimated Burden

The Commission staff estimates that about 53 firms manufacture or import products subject to the two children's sleepwear flammability standards. These firms may perform an estimated 2000 tests each that take up to three hours per test. The Commission staff estimates that these standards and implementing regulations will impose
