

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

After careful review, the Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder, applicable to a national securities exchange.¹⁶ In particular, the Commission believes that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹⁷ which requires among other things, that the rules of the Exchange are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission notes that the proposal does not alter the obligations of Phlx XL participants, except for the fact that it will reduce specialists and Phlx XL participants that receive directed orders continuous quoting obligation from 100% of the series in each option in which it is assigned to 99% of the series in each option in which it is assigned. The Commission notes that this reduction should provide specialists and Phlx XL participants that receive directed orders a brief amount of time to update their quotes after the Risk Monitor Mechanism removes their quotes from the Exchange's disseminated quotation. In addition, the Commission believes that the proposed rule change should provide Phlx XL participants assistance in effectively managing their quotations.

The Phlx has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register**. The Commission notes that similar proposals to provide protection from risk for market makers have been approved for other options exchanges.¹⁸ The Commission believes that granting accelerated approval of the proposal should provide Phlx XL participants with similar protections from the risk associated with an excessive number of near simultaneous executions in a single options class. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2)

of the Act,¹⁹ for approving the proposed rule change, as amended, prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²⁰ that the proposed rule change (SR-Phlx-2006-05) and Amendment No. 1 thereto be, and hereby are, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.²¹

Nancy M. Morris,

Secretary.
