

after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 620 is issued to NorQuest Seafood Inc., for a period effective November 1, 2005 through October 31, 2006, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before October 1, 2006, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that NorQuest Seafood Inc. is authorized to continue operation of the Chignik Hydroelectric Project No. 620 until such time as the Commission acts on its application for subsequent license.

Magalie R. Salas,
Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2005-0026; FRL-8025-7]

Agency Information Collection Activities; Submission for OMB Review and Approval; Comment Request; NSPS for Grain Elevators (Renewal), ICR Number 1130.08, OMB Number 2060-0082

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act, this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. This ICR is scheduled to expire on April 30, 2006. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of

information while this submission is pending at OMB. This ICR describes the nature of the information collection and its estimated burden and cost.

DATES: Additional comments may be submitted on or before February 27, 2006.

ADDRESSES: Submit your comments, referencing docket ID number EPA-HQ-OECA-2005-0026, to (1) EPA online using <http://www.regulations.gov> (our preferred method), by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center (EPA/DC), Environmental Protection Agency, Enforcement and Compliance Docket and Information Center, Mail Code 2201T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Learia Williams, Compliance Assessment and Media Programs Division, Office of Compliance, (Mail Code 2223A), Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone number: (202) 564-4113; fax number: (202) 564-0050; e-mail address: williams.learia@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On May 6, 2005 (70 FR 24020), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OECA 2005-0026, which is available for public viewing at the Enforcement and Compliance Docket and Information Center in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Avenue, NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket and Information Center Docket is: (202) 566-1752. An electronic version of the public docket is available at <http://www.regulations.gov>. Use <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available

electronically. When in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in <http://www.regulations.gov>. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in <http://www.regulations.gov>. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: NSPS for Grain Elevators (Renewal).

Abstract: The New Source Performance Standards (NSPS) for grain elevators were proposed on January 18, 1977 and promulgated on August 3, 1978. These standards apply to each affected facility at any grain terminal elevator or any grain storage elevator. The facilities are each truck unloading station, truck loading station, barge and ship loading station, railcar loading station, railcar unloading station, grain dryer and all grain handling operations that commenced construction, modification or reconstruction after August 3, 1978.

Owners or operators of the affected facilities must make the following one-time-only reports: notification of the date of construction or reconstruction; notification of the actual date of startup; notification of any physical or operational change to an existing facility that may increase the rate of emission of the regulated pollutant; notification of initial performance test; and results of initial performance test. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction, or any period during which the monitoring system is inoperative. Performance tests are the Agency's records of a source's initial capability to comply with emissions

standards and not the operating conditions under which compliance was achieved. An annual summary report is also required.

Any owner or operator subject to the provisions of this subpart must maintain a file of these measurements, and retain the file for at least two years following the collection of such measurements, maintenance reports, and records. All reports are sent to the delegated state or local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA regional office.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB Control Numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 10.35 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owners or operators of each grain terminal elevator or any grain storage elevator.

Estimated Number of Respondents: 200.

Frequency of Response: On occasion, initially and annually.

Estimated Total Annual Hour Burden: 2,070 hours.

Estimated Total Annual Costs: \$167,108, which includes \$0 Capital/startup expense, \$0 Operations and Maintenance costs, and \$167,108 Respondent Labor costs.

Changes in the Estimates: There was an increase of 1,811 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. The increase in burden hours from the most recently approved ICR is

due primarily to a more accurate accounting of existing sources, an annual summary report that was inadvertently left out, a revised labor rate, and the fact that we are presently accounting for management and clerical person hours per year, which was not shown in the previous ICR.

After a thorough analysis by the National Grain and Feed Association, they arrived at two hundred as the number of sources that are subject to subpart DD, as compared to one hundred and thirty-two in the previous ICR.

There are no capital or operations and maintenance costs since there is no continuous monitoring.

Dated: December 5, 2005.

Oscar Morales,

Director, Collection Strategies Division.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared pursuant to the Environmental Review Process (ERP), under section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at 202-564-7167. An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in the **Federal Register** dated April 1, 2005 (70 FR 16815).

Draft EISs

EIS No. 20050340, ERP No. D-AFS- J65451-UT, West Fork Blacks Fork Allotment Management Plan, Proposes to Authorize Continued Livestock Grazing, Township 1 North, Range 11 East, Salt Lake Principle Meridan, Evanston Ranger District, Wasatch-Cache National Forest, Summit County, UT

Summary: EPA expressed concerns about adverse impacts from sheep grazing to soils and vegetation. Rating EC2.

EIS No. 20050400, ERP No. D-BLM- K65291-00, Lake Havasu Field Office Resource Management Plan, Implementation, Colorado River, Davis Dam in the north and south to Park Dam, CA and AZ

Summary: EPA does not object to the proposed project. Rating LO.

EIS No. 20050405, ERP No. D-NPS- K39094-NV, Clean Water Coalition Systems Conveyance and Operations Program, Construction, Operation and Maintenance, City of Las Vegas, City County, NV

Summary: EPA expressed concerns about potential impacts to water quality and requested additional information on wastewater discharge permit requirements, details on water and air quality mitigation, criteria for effluent allocation between Las Vegas Wash and Boulder Basin, measures to conserve, reuse, and recycle water, and measures to reduce wastewater production. Rating EC2.

EIS No. 20050424, ERP No. D-NPS- K39095-CA, Furnace Creek Water Collection System, Reconstruction, Death Valley National Park, Implementation, Inyo County, CA

Summary: EPA expressed environmental concerns about the proposed discharge of more than 120,000 gallons per day of reverse osmosis brine into the Furnace Creek Wash alluvium, which could affect surface water and groundwater quality. EPA requested that other disposal alternatives be considered. Rating EC2.

EIS No. 20050436, ERP No. D-NPS- F61022-MI, Isle Royale National Park Wilderness and Backcountry Management Plan, Implementation, MI

Summary: EPA does not object to the proposed project. Rating LO.

EIS No. 20050446, ERP No. D-USN- E11059-00, Undersea Warfare Training Range (USWTR), Installation and Operation, Preferred Site (in the Cherry Point Operating Area) and the Alternate Sites (within the Virginia Capes and Jacksonville Operating Areas), NC, VA and FL

Summary: EPA does not object to the proposed project. Rating LO.

Final EISs

EIS No. 20050391, ERP No. F-AFS- K65284-CA, Creeks Forest Health Recovery Project, To Develop a Network of Defensible Fuel Profile Zones (DFPZs), Group-Selection Timber Harvest, Individual Tree Selection, Lassen National Forest, Almanor Ranger District, Plumas County, CA

Summary: EPA's previous concerns about the potential impacts to water and air quality, environmental justice and tribal consultation have been adequately addressed; therefore, EPA does not object to the proposed action.
