Ball Bearings and Parts Thereof From France, Germany, Italy, Japan, and the United Kingdom: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 27, 2006.

FOR FURTHER INFORMATION CONTACT: Janis Kalnins or Richard Rimlinger, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1392 and (202) 482-4477, respectively.

SUPPLEMENTARY INFORMATION:

Background

At the request of interested parties, the Department of Commerce (the Department) initiated administrative reviews of the antidumping duty orders on antifriction bearings and parts thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom for the period May 1, 2004, through April 30, 2005. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 70 FR 37749 (June 30, 2005). On October 21, 2005, we published a notice of rescission and partial rescission of the antidumping duty administrative reviews of ball bearings and parts thereof from Singapore, the United Kingdom, and Japan and of spherical plain bearings from France (70 FR 61251). The preliminary results of the reviews still underway are currently due no later than January 31, 2006.

Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of these reviews within the original time limit because of the number of respondents in these reviews and the complexity of the issues under analysis. Therefore, we are extending the time period for issuing the preliminary results of these reviews by 30 days until March 2, 2006.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: January 23, 2005.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Carbazole Violet Pigment 23 from India: Notice of Initiation of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 27, 2006.

SUMMARY: On September 22, 2005, the Department of Commerce received a request to conduct a new shipper review of the antidumping duty order on carbazole violet pigment 23 from India. In accordance with section 751(a)(2)(B) of the Tariff Act of 1930, as amended, and 19 CFR 351.214(d) (2005), we are initiating a new shipper review.

FOR FURTHER INFORMATION CONTACT: Dmitry Vladimirov or Minoo Hatten at (202) 482-0665 and (202) 482-1690, respectively, Office 5, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

The notice announcing the antidumping duty order on carbazole violet pigment 23 from India was published on December 29, 2004. See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Carbazole Violet Pigment 23 from India*, 69 FR 77988 (December 29, 2004). On September 22, 2005, the Department of Commerce (the Department) received a timely request for a new shipper review of the antidumping duty order on carbazole violet pigment 23 from India from Gharda Chemicals, Ltd. (Gharda). On January 17, 2006, Gharda submitted additional information to supplement its new shipper review request in response to our January 10, 2006, letter requesting that Gharda correct certain deficiencies in its new shipper review request. Gharda is both the Indian producer and exporter of the subject merchandise to the United States on which its request for a new shipper

review is based. Gharda Polymers USA, its U.S. subsidiary, is an importer of the subject merchandise.

As required by 19 CFR 351.214(b)(2)(i) and (iii)(A), Gharda certified that it did not export carbazole violet pigment 23 to the United States during the period of investigation (POI) and that, since the initiation of the investigation, it has never been affiliated with any exporter or producer that exported carbazole violet pigment 23 to the United States during the POI.¹

In addition, pursuant to 19 CFR 351.214(b)(2)(iv), the company submitted documentation establishing the following: (1) the date on which it first shipped the subject merchandise for export to the United States and the date on which its subject merchandise was first entered, or withdrawn from warehouse, for consumption in the United States; (2) the volume of its first shipment and the volume of subsequent shipments²; and (3) the date of its first sale to an unaffiliated customer in the United States.

Initiation of Review

In accordance with section 751(a)(2)(B) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(d)(1) we are initiating a new shipper review for shipments of carbazole violet pigment 23 from India produced and exported by Gharda. The period of review is December 1, 2004, through November 30, 2005. See 19 CFR 351.214(g)(1)(i)(A). We intend to issue the preliminary results of this new shipper review no later than 180 days after initiation of this review. We intend to issue final results of this review no later than 90 days after the date on which the preliminary results are issued. See 19 CFR 351.214(i).

We will instruct U.S. Customs and Border Protection to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise produced and exported by Gharda Chemicals Ltd. in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Gharda has certified that it both produced and exported the subject merchandise on which it based the request for a new shipper review. Therefore, we will apply the bonding option only to entries of the subject merchandise that were both produced and exported by Gharda.

¹ See Gharda's Request for New Shipper Review, dated September 22, 2005, and Gharda's Supplemental Submission, dated January 17, 2006.

² In its September 22, 2005, Request for New Shipper Review, Gharda stated that it had no subsequent shipments.

Interested parties that need access to proprietary information in this new shipper review should submit applications for disclosure under administrative protective orders in accordance with 19 CFR 351.305 and 351.306.

This initiation and notice are in accordance with section 751(a)(2)(B) of the Act, 19 CFR 351.214(d), and 19 CFR 351.221(c)(1)(i).

Dated: January 23, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Advanced Technology Program (ATP) Advisory Committee

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of renewal.

In accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. 2, and the General Services Administration (GSA) rule on Federal Advisory Committee Management, 41 CFR part 101-6, and after consultation with GSA, the Secretary of Commerce has determined that the renewal of the Advanced Technology Program Advisory Committee is in the public interest in connection with the performance of the duties imposed on the Department by law.

The Committee was first established in July 1999 to advise ATP regarding their programs, plans, and policies. During the next two years, the Committee is expected to provide advice on ATP programs, plans, and policies; review ATP's efforts to assess the economic impact of the program; and report on the general health of the program and its effectiveness in achieving its legislatively mandated mission.

The Committee will consist of 6 to 12 members to be appointed by the Director of the National Institute of Standards and Technology to assure a balanced membership that will reflect the wide diversity of technical disciplines and industrial sectors represented in ATP projects.

The Committee will function solely as an advisory body and in compliance with the provisions of the Federal Advisory Committee Act. Copies of the
