[Docket No. RP06-94-001]

#### Garden Banks Gas Pipeline, LLC; Notice of Compliance Filing

January 20, 2006.

Take notice that on January 5, 2006, Garden Banks Gas Pipeline, LLC (Garden Banks) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheets to become effective December 15, 2005:

Substitute Second Revised Sheet No. 15  
Substitute Second Revised Sheet No. 25  
Substitute Third Revised Sheet No. 34

Garden Banks states that the purpose of the filing is to comply with the Commission instruction to file redlined copies of the proposed tariff sheets.

Any person desiring to protest this filing must file in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). Protests to this filing will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Such protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing a protest must serve a copy of that document on all the parties to the proceeding.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC.

There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). [Docket No. RP06-175-000]

#### Gas Transmission Northwest Corporation; Notice of Petition for Limited Waiver

January 20, 2006.

Take notice that on January 17, 2006, Gas Transmission Northwest Corporation (GTN) petitions the Commission for the grant of a limited waiver, to the extent required, of the Right-of-First-Refusal (ROFR) provisions of GTN's tariff in order to facilitate the restructuring of Duke Energy Marketing America's (DEMA) FTS-1 contracts.

GTN states that the filing has been served upon each person designated on the official service list.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies

of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

[Project No. 620]

#### NorQuest Seafood Inc.; Notice of Authorization for Continued Project Operation

January 20, 2006.

On October 3, 2003, NorQuest Seafood, Inc., licensee for the Chignik Hydroelectric Project No. 620, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations there under. Project No. 620 is located on Indian Creek in Chignik, Alaska.

The license for Project No. 620 was issued for a period ending October 31, 2005. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license

after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 620 is issued to NorQuest Seafood Inc., for a period effective November 1, 2005 through October 31, 2006, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before October 1, 2006, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that NorQuest Seafood Inc. is authorized to continue operation of the Chignik Hydroelectric Project No. 620 until such time as the Commission acts on its application for subsequent license.

electronically. When in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in <http://www.regulations.gov>. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in <http://www.regulations.gov>. For further information about the electronic docket, go to <http://www.regulations.gov>.

**Title:** NSPS for Grain Elevators (Renewal).

**Abstract:** The New Source Performance Standards (NSPS) for grain elevators were proposed on January 18, 1977 and promulgated on August 3, 1978. These standards apply to each affected facility at any grain terminal elevator or any grain storage elevator. The facilities are each truck unloading station, truck loading station, barge and ship loading station, railcar loading station, railcar unloading station, grain dryer and all grain handling operations that commenced construction, modification or reconstruction after August 3, 1978.

Owners or operators of the affected facilities must make the following one-time-only reports: notification of the date of construction or reconstruction; notification of the actual date of startup; notification of any physical or operational change to an existing facility that may increase the rate of emission of the regulated pollutant; notification of initial performance test; and results of initial performance test. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction, or any period during which the monitoring system is inoperative. Performance tests are the Agency's records of a source's initial capability to comply with emissions
