DEPARTMENT OF THE INTERIOR

National Park Service

Draft General Management Plan/ Environmental Impact Statement, Chickasaw National Recreation Area, Oklahoma

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Termination of the Environmental Impact Statement for the General Management Plan, Chickasaw National Recreation Area.

SUMMARY: The National Park Service (NPS) is terminating preparation of an Environmental Impact Statement (EIS) for the General Management Plan, Chickasaw National Recreation Area, Oklahoma. A Notice of Intent to prepare the EIS for the Chickasaw National Recreation Area General Management Plan was published in Vol. 67, No. 184,

of the September 23, 2002, **Federal Register** (59530). The National Park Service has since determined that an Environmental Assessment (EA) rather than an EIS is the appropriate environmental documentation for the general management plan.

SUPPLEMENTARY INFORMATION: The general management plan will establish the overall direction for the national recreation area, setting broad management goals for managing the area over the next 15 to 20 years. The plan was originally scoped as an EIS. However, few public comments were received in the scoping process. Although several concerns were expressed during the public scoping process, particularly on the future of the recreation area's water resources, no issues were identified for the general management plan that have the potential for controversial impacts.
