

production to a foreign country during 2003, 2004 or the period of January through November 2005.

The investigation also revealed that subject firm sales of electronic imprint machines increased from 2003 to 2004 and again during the period of January through November 2005 over the corresponding period in 2004.

The investigation further revealed that employment declines at the subject firm resulted from the introduction of a like and directly competitive product line requiring less time to manufacture and less labor.

In addition, in accordance with section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor herein presents the results of its investigation regarding certification of eligibility to apply for alternative trade adjustment assistance (ATAA) for older workers.

In order for the Department to issue a certification of eligibility to apply for ATAA, the worker group must be certified eligible to apply for trade adjustment assistance (TAA). Since the workers are denied eligibility to apply for TAA, the workers cannot be certified eligible for ATAA.

Conclusion

After careful review of the facts obtained, I determine that all workers of Paxar Americas, Inc., Thomas Avenue Plant, a subsidiary of Paxar Corporation, Systems Division, including on-site leased workers of Adecco, Sayre, Pennsylvania are denied eligibility to apply for adjustment assistance under section 223 of the Trade Act of 1974, and alternative trade adjustment assistance under section 246 of the Trade Act of 1974.

Signed in Washington, DC this 28th day of December 2005.

Certifying Officer, Division of Trade Adjustment Assistance.

Robert Bosch Fuel Systems Kentwood, MI; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, as amended, an investigation was initiated on January 20, 2005 in response to a worker petition filed on behalf of workers at

Robert Bosch Fuel Systems, Kentwood, Michigan.

The petitioning group of workers is covered by an earlier petition filed on December 12, 2005 (TA-W-58,496) that is the subject of an ongoing investigation for which a determination has not yet been issued. Further investigation in this case would duplicate efforts and serve no purpose; therefore the investigation under this petition has been terminated.

Signed at Washington, DC this 24th day of January 2006.

I. Section (a)(2)(A) all of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

B. The sales or production, or both, of such firm or subdivision have decreased absolutely; and

C. Increased imports of articles like or directly competitive with articles produced by such firm or subdivision have contributed importantly to such workers' separation or threat of separation and to the decline in sales or production of such firm or subdivision; or

II. Section (a)(2)(B) both of the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or

an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

2. The country to which the workers' firm has shifted production of the articles to a beneficiary country under the Andean Trade Preference Act, African Growth and Opportunity Act, or the Caribbean Basin Economic Recovery Act; or

3. There has been or is likely to be an increase in imports of articles that are like or directly competitive with articles which are or were produced by such firm or subdivision.

Also, in order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance as an adversely affected secondary group to be issued, each of the group eligibility requirements of Section 222(b) of the Act must be met.

(1) Significant number or proportion of the workers in the workers' firm or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) The workers' firm (or subdivision) is a supplier or downstream producer to a firm (or subdivision) that employed a group of workers who received a certification of eligibility to apply for trade adjustment assistance benefits and such supply or production is related to the article that was the basis for such certification; and

(3) either—

(A) The workers' firm is a supplier and the component parts it supplied for the firm (or subdivision) described in paragraph (2) accounted for at least 20 percent of the production or sales of the workers' firm; or

(B) A loss of business by the workers' firm with the firm (or subdivision) described in paragraph (2) contributed importantly to the workers' separation or threat of separation.
