

**DEPARTMENT OF DEFENSE****GENERAL SERVICES  
ADMINISTRATION****NATIONAL AERONAUTICS AND  
SPACE ADMINISTRATION**

[OMB Control No. 9000-0159]

**Federal Acquisition Regulation;  
Information Collection; Central  
Contractor Registration**

**AGENCIES:** Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of request for public comments regarding an extension to an existing OMB clearance.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Federal Acquisition Regulation (FAR) Secretariat will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning the Central Contractor Registration database. The clearance currently expires on June 30, 2006.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

**DATES:** Submit comments on or before April 10, 2006.

**ADDRESSES:** Submit comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to the General Services Administration, Regulatory Secretariat (VIR), 1800 F Street, NW, Room 4035, Washington, DC 20405.

**FOR FURTHER INFORMATION CONTACT** Mr. Ernest Woodson, Contract Policy Division, GSA, (202) 501-3775.

**SUPPLEMENTARY INFORMATION:****A. Purpose**

The Central Contractor Registration (CCR) is the primary vendor database for

the U.S. Federal Government. CCR collects, validates, stores, and disseminates data in support of agency acquisition missions.

Both current and potential Federal Government vendors are required to register in CCR in order to be awarded contracts by the Federal Government. Vendors are required to complete a one-time registration to provide basic information relevant to procurement and financial transactions. Vendors must update or renew their registration at least once per year to maintain an active status.

CCR validates the vendor information and electronically shares the secure and encrypted data with Federal agency finance offices to facilitate paperless payments through electronic funds transfer (EFT). Additionally, CCR shares the data with Federal Government procurement and electronic business systems.

**B. Annual Reporting Burden**

*Respondents:* 54,199.

*Responses Per Respondent:* 1.

*Annual Responses:* 54,199.

*Hours Per Response:* 1.

*Total Burden Hours:* 54,199.

*Obtaining Copies of Proposals:*

Requesters may obtain a copy of the information collection documents from the General Services Administration, FAR Secretariat (VIR), Room 4035, 1800 F Street, NW, Washington, DC 20405, telephone (202) 501-4755. Please cite OMB Control Number 9000-0159, Central Contractor Registration, in all correspondence.

Dated: February 6, 2006.

**BILLING CODE 6820-EP-S**

**DEPARTMENT OF DEFENSE****Office of the Secretary****Defense Business Board; Notice of  
Advisory Committee Meeting**

**AGENCY:** Department of Defense, DoD.

**ACTION:** Notice of Advisory Committee Meeting.

**SUMMARY:** The Defense Business Board (DBB) will meet in open session on Wednesday, March 8, 2006, at the Pentagon, Washington, DC from 9 a.m. until 10 a.m. The mission of the DBB is to advise the Secretary of Defense on effective strategies for implementation of best business practices of interest to the Department of Defense. At this meeting, the Board will deliberate on

their findings and recommendations related to: Human Resources Management and the Enterprise Transition Plan.

**DATES:** Wednesday, March 8, 2006, 9 a.m. to 10 a.m.

**ADDRESSES:** 1155 Defense Pentagon, 3C288, Washington, DC 20301-1155

**FOR FURTHER INFORMATION CONTACT:**

Members of the public who wish to attend the meeting must contact the Defense Business Board no later than Wednesday, March 1st for further information about escort arrangements in the Pentagon. Additionally, those who wish to make oral comments or delivery written comments should also request to be scheduled, and submit a written text of the comments by Wednesday, March 1st to allow time for distribution to the Board members prior to the meeting. Individual oral comments will be limited to five minutes, with the total oral comment period not exceeding 30 minutes.

The DBB may be contacted at: Defense Business Board, 1155 Defense Pentagon, Room 3C288, Washington, DC 20301-1155, via e-mail at [defensebusinessboard2@oosd.mil](mailto:defensebusinessboard2@oosd.mil) or via phone at (703) 697-2168.

Dated: February 3, 2006.

**BILLING CODE 5001-06-M**

**DEPARTMENT OF DEFENSE****Department of the Army; Corps of  
Engineers****Intent To Prepare a Draft  
Environmental Impact Statement for  
the Construction and Operation of an  
Open Pit Taconite Mine Proposed by  
Ispat Inland Mining Between Biwabik  
and McKinley in St. Louis County, MN**

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DOD.

**ACTION:** Notice of intent.

**SUMMARY:** Ispat Inland Mining (Ispat) has applied to the St. Paul District, Corps of Engineers (Corps) for a permit to discharge dredged or fill material into wetlands to facilitate the construction and operation of a taconite mine consisting of two conventional open pits in a deposit known as the East Reserve (formerly known as the J&L East Reserve) between Biwabik and McKinley in St. Louis County, MN. The combined area of the two open pits would be 364 acres. The proposed pits contain an estimated 116,000,000 long

tons of ore. The ore would be hauled by truck approximately 1.9 miles on a proposed new haul road spur and then an additional 5.5 miles on an existing haul road to Ispat's currently permitted and operating Minorca taconite processing facility north of Virginia, MN. Tailing waste would be disposed of in Ispat's currently permitted and operating Minorca and Upland tailings basins. The mining process would require the construction of overburden, waste rock, and lean ore stockpiles on the north side of the proposed pits. The total stockpile area would cover approximately 375 acres. Project plans call for the mining of an average of just over six million long tons of crude ore per year over the proposed 18-year life of the mine. The project would allow mining operations and taconite processing at the Minorca Plant to continue until 2024.

The project would require the discharge of dredged or fill material into approximately 75.7 acres of wetlands. While some of the wetlands may be isolated, the majority of the wetlands are adjacent to an unnamed tributary to the Embarrass River, which is a tributary to the St. Louis River, which is a navigable water of the U.S., or the wetlands are adjacent to an unnamed tributary to the Pike River, which is a navigable water of the United States. Ispat proposes to utilize wetland credits from the existing Ispat Inland wetland mitigation bank in Aitkin County, MN to compensate for the lost wetland functions and values that would be caused by the proposed project. The discharge of dredged or fill material into waters of the United States requires a permit issued by the Corps under Section 404 of the Clean Water Act. The final environmental impact statement will be used as a basis for the permit decision and to ensure compliance with the National Environmental Policy Act (NEPA).

**ADDRESSES:** Questions concerning the Draft Environmental Impact Statement (DEIS) can be addressed to Mr. Jon K. Ahlness, Regulatory Branch by letter at U.S. Army Corps of Engineers, 190 Fifth Street East, Suite 401, St. Paul, MN 55101-1638, by telephone or by e-mail at [jon.k.ahlness@mvp02.usace.army.mil](mailto:jon.k.ahlness@mvp02.usace.army.mil).

**FOR FURTHER INFORMATION CONTACT:** Mr. Jon K. Ahlness, (651) 290-5381.

**SUPPLEMENTARY INFORMATION:** The Corps and the State of Minnesota will jointly prepare the DEIS. The Corps is the lead federal agency and the Minnesota Department of Natural Resources (MnDNR) is the lead agency. The MnDNR has already completed its scoping process and had hired a

consultant to prepare its DEIS. The Corps is joining with the MnDNR to prepare a joint Federal/State DEIS. The Corps, with assistance from the MnDNR, will prepare and release to the public a Draft Scoping Decision Document, along with the MnDNR Scoping Environmental Assessment Worksheet (EAW). The public will have 30 days to provide comments on those two documents. In accordance with 40 CFR 1506.5(c) and Corps policy, the Corps will determine the suitability of the MnDNR consultant for Federal purposes. We anticipate that the DEIS will be available to the public in May of 2006.

The DEIS will assess impacts of the proposed action and reasonable alternatives, identify and evaluate mitigation alternatives, and discuss potential environmental monitoring. Significant issues and resources to be identified in the DEIS will be determined through coordination with responsible federal, state, and local agencies; the general public; interested private organizations and parties; and affected Native American Tribes. Anyone who has an interest in participating in the development of the DEIS is invited to contact the St. Paul District, Corps of Engineers. Major issues identified to date for discussion in the DEIS are the impacts of the proposed project on:

1. Fish, wildlife, and ecologically sensitive resources.
2. Water resources, including: Water use and potential impacts to the water supplies of Biwabik and McKinley; surface water hydrology; groundwater hydrology; waters of the U.S., including wetlands; and receiving stream geomorphology.
3. Water quality, including: Surface water runoff; storm water management; and mercury discharges from pit dewatering.
4. Cumulative impacts, including: Wildlife habitat loss/fragmentation and habitat corridor obstruction/landscape barriers; wetlands; and water flow/volume and water quality in unnamed streams and the Embarrass River. Additional issues of interest may be identified through the public scoping process.

Issuing a permit for the development of an open pit taconite mine is considered to be a major Federal action that may have a significant impact on the quality of the human environment. The project: (1) Would have a significant adverse effect on wetlands (which are special aquatic sites), and (2) has the potential to significantly affect water quality, groundwater, fish, and

wildlife. Our environmental review will be conducted to the requirements of the National Environmental Policy Act of 1969, National Historic Preservation Act of 1966, Council of Environmental Quality Regulations, Endangered Species Act of 1973, Section 404 of the Clean Water Act, and other applicable laws and regulations.

Dated: January 29, 2006.

## DEPARTMENT OF DEFENSE

### Department of the Army; Corps of Engineers

#### Inland Waterways Users Board

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice of open meeting.

**SUMMARY:** In Accordance with 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the forthcoming meeting.

*Name of Committee:* Inland Waterways Users Board (Board).

*Date:* February 22, 2006.

*Location:* The Embassy Suites—Old Town Alexandria, 1900 Diagonal Road, Alexandria, VA 22314, (703-684-5900).

*Time:* Registration will begin at 8:30 a.m. and the meeting is scheduled to adjourn at 12:30 p.m.

*Agenda:* The Board will consider its project investment priorities for the next fiscal year. The Board will also hear briefings on the status of both the funding for inland navigation projects and studies, and the Inland Waterways Trust Fund.

**FOR FURTHER INFORMATION CONTACT:** Mr. Mark R. Pinton, Headquarters, U.S. Army Corps of Engineers, CECW-MVD, 441 G Street, NW., Washington, DC 20314-1000; Ph: 202-761-4258.

**SUPPLEMENTARY INFORMATION:** The meeting is open to the public. Any interested person may attend, appear before, or file statements with the committee at the time and in the manner permitted by the committee.

**Brenda S. Bowen,**

*Army Federal Register Liaison Officer.*
