**Continuation of Antidumping and Countervailing Duty Orders: Fresh and Chilled Atlantic Salmon from Norway**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of the determinations by the Department of Commerce (the "Department") and the International Trade Commission (the "ITC") that revocation of the antidumping duty ("AD") order on fresh and chilled Atlantic salmon ("salmon") from Norway would likely lead to continuation or recurrence of dumping; that revocation of the countervailing duty ("CVD") order on salmon from Norway would likely lead to continuation or recurrence of a countervailable subsidy; and that revocation of these AD and CVD orders would likely lead to a continuation or recurrence of material injury to an industry in the United States, the Department is publishing this notice of the continuation of these AD and CVD orders.

**EFFECTIVE DATE:** February 13, 2006.

**FOR FURTHER INFORMATION CONTACT:** Zev Primor (AD order), Tipten Troidl (CVD order), AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4114 and (202) 482-1767, respectively.

**SUPPLEMENTARY INFORMATION:**

**Background**

On February 2, 2005, the Department initiated and the ITC instituted sunset reviews of the AD and CVD orders on salmon from Norway, pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended (the "Act"), respectively. See *Notice of Initiation of Five-year ("Sunset") Reviews*, 70 FR 5415 (February 2, 2005). As a result of its reviews, the Department found that revocation of the AD order would likely lead to continuation or recurrence of dumping and that revocation of the CVD order would likely lead to continuation or recurrence of subsidization, and notified the ITC of the margins of dumping and the subsidy rates likely to prevail were the orders revoked. See *Fresh and Chilled Atlantic Salmon From Norway: Final Results of the Full Sunset Review of Antidumping Duty Order*, 70 FR 77378 (December 30, 2005) and *Final Results of Expedited Sunset Review of Countervailing Duty Order: Fresh and Chilled Atlantic Salmon From Norway*, 70 FR 53345 (September 8, 2005) (collectively, "Final Results").

On February 1, 2006, the ITC determined that revocation of the AD and CVD orders on salmon from Norway would likely lead to continuation or recurrence of material injury within a reasonably foreseeable time. See *Fresh and Chilled Atlantic Salmon From Norway*, 71 FR 5373 (February 1, 2006) ("ITC Determination") and USITC Publication 3835 (January 2006), entitled *Fresh and Chilled Atlantic Salmon from Norway* (Inv. Nos. 701-TA-302 and 731-TA-454 (Second Review)).

**Scope of the Orders**

The merchandise covered by the AD and CVD orders is the species Atlantic salmon (Salmon Salar) marketed as specified herein; the order excludes all other species of salmon: Danube salmon, Chinook (also called "king" or "quinnat"), Coho ("silver"), Sockeye ("redfish" or "blueback"), Humpback ("pink") and Chum ("dog"). Atlantic salmon is a whole or nearly-whole fish, typically (but not necessarily) marketed gutted, bled, and cleaned, with the head on. The subject merchandise is typically packed in fresh-water ice ("chilled"). Excluded from the subject merchandise are fillets, steaks and other cuts of Atlantic salmon. Also excluded are frozen, canned, smoked or otherwise processed Atlantic salmon. Atlantic salmon is currently provided for under the Harmonized Tariff Schedule of the United States ("HTSUS") subheadings 0302.12.0003 and 0302.12.0004. The HTSUS subheadings are provided for

convenience and customs purposes. The written description remains dispositive.

### Determination

As a result of the determinations by the Department and the ITC that revocation of these AD and CVD orders would likely lead to continuation or recurrence of dumping or a countervailable subsidy, and of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the AD and CVD orders on salmon from Norway. U.S. Customs and Border Protection will continue to collect cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of these orders is the date of publication in the **Federal Register** of this Notice of Continuation.

Pursuant to sections 751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year review of these orders not later than January 2011.

These five-year (sunset) reviews and notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

### Notice of Final Results of the Eleventh Administrative Review of the Antidumping Duty Order on Certain Corrosion-Resistant Carbon Steel Flat Products from the Republic of Korea

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On September 7, 2005, the Department of Commerce (the Department) published the *Preliminary Results* of the antidumping duty administrative review for certain corrosion-resistant carbon steel flat products (CORE) from the Republic of Korea (Korea). See *Certain Corrosion-Resistant Carbon Steel Flat Products from Korea: Notice of Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review*, 70 FR 53153 (September 7, 2005) (*Preliminary Results*). This review covers five manufacturers and exporters

of the subject merchandise: Union Steel Manufacturing Co., Ltd. (Union); Pohang Iron & Steel Company, Ltd. (POSCO) and Pohang Coated Steel Co., Ltd. (POCOS) (collectively, the POSCO Group); Hyundai HYSCO (HYSCO); Dongbu Steel Co., Ltd. (Dongbu) (collectively, respondents); and Dongshin Special Steel Co., Ltd. (Dongshin). The period of review (POR) is August 1, 2003, through July 31, 2004.

As a result of our analysis of the comments received, these final results differ from the *Preliminary Results*. For our final results, we have found that during the POR, the POSCO Group, Union and Dongbu sold subject merchandise at less than normal value (NV). We have also found that HYSCO did not make sales of the subject merchandise at less than NV (*i.e.*, it has a zero or *de minimis* dumping margin). Regarding Dongshin, because it failed to respond to the Department's questionnaire, we have preliminarily determined to resort to adverse facts available and assigned to Dongshin the "All Others" rate in effect for this order (17.70 percent), which is the highest margin upheld in this proceeding. See *Preliminary Results* at 53155-56. Since the publication of the *Preliminary Results*, we have not received any comments regarding Dongshin from interested parties that would warrant reconsideration of our finding. Therefore, we have continued to assign a rate of 17.70 percent to Dongshin. The final results are listed in the "Final Results of Review" section below. Furthermore, we rescinded the request for review of the antidumping order for SeAH Steel Corporation (SeAH) because neither SeAH nor its affiliates had exports or sales of subject merchandise to the United States during the POR. For more information, see *Preliminary Results* at 53154.

**EFFECTIVE DATE:** February 13, 2006.

**FOR FURTHER INFORMATION CONTACT:** Jolanta Lawska (Union), Preeti Tolani (Dongbu), Victoria Cho (the POSCO Group), and Joy Zhang (HYSCO), AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-8362, (202) 482-0395, (202) 482-5075, and (202) 482-1168, respectively.

**SUPPLEMENTARY INFORMATION:**

### Background

On September 7, 2005, the Department published the *Preliminary Results*. On December 5, 2005, the Department published the notice of
