

filing system are also identified through the GIPSA web site. The Louisiana central filing system covers all farm products.

We originally certified the central filing system for Louisiana on December 30, 1986. On July 22, 2004, Janice Newton, Commercial Division Manager, Office of Secretary of State, Louisiana, requested the certification be amended to make changes related to electronic filing, effective filing statement content, and central filing system procedure necessitated or made possible by amendments to Section 1324 of the Food Security Act, which, among other things, permit effective financing statements to be signed, authorized, or otherwise authenticated. Specifically, the following changes were requested:

(1) The creditor, or his agent, file effective financing statements without signature by the debtor and secured party;

(2) Format and provide the names of individual debtor as required on the UCC-1F filing form, and in the case of an organization, use full legal names, and enter names exactly as provided by the filer;

(3) Use the farm number established by the Farm Service Agency of the U.S. Department of Agriculture as a reasonable description of the property as an alternative to requiring the description include the farm name or general location;

(4) Amend effective financing statements in writing, signed, authorized, or otherwise authenticated by the debtor and filed within 3 months of the amendment to reflect material changes;

(5) Effective financing statements expire on either the expiration of the effective period of the statement or the filing of a notice authorized or otherwise authenticated by the creditor that the statement has expired, whichever occurs first; and

(6) No longer require the signature of the debtor or of the secured party for filing any effective financing statement, including continuations, assignments, partial releases, terminations, or other similar statement filed.

This notice announces our approval of the amended certification for Louisiana's central filing system in accordance with the request to amend signature and property description requirements.

Effective Date

This notice is effective upon signature for good cause because it increases the flexibility in which effective filing statements may be authorized and authenticated, in addition, it allows a

simplified manner in which farm property may be described. Approving changes to the certification of approved central filing systems does not require public notice. Therefore, this notice may be made effective in less than 30 days after publication in the **Federal Register** without prior notice or other public procedure.

Authority: 7 U.S.C. 1631, 7 CFR 2.22(a)(3)(v) and 2.81(a)(5), and 9 CFR 205.101(e).

SUPPLEMENTARY INFORMATION:
Title: Rural Economic Development Loan and Grant Program.

OMB Control Number: 0570-0012.
Expiration Date of Approval: June 30, 2006.

Type of Request: Extension of a currently approved information collection.

Abstract: RBS is part of the Rural Development mission area of the U.S. Department of Agriculture. RBS administers the Rural Economic Development Loan and Grant Program (REDLG), which provides zero-interest loans and grants to Rural Utilities Service (RUS) borrowers for the purpose of promoting rural economic development and job creation projects. The loans and grants under the REDLG program may be provided to approximately 1,700 electric and telecommunication utilities across the country that have borrowed funds from RUS. Under this program, the RUS borrowers may receive the loan funds and pass them on to businesses or other organizations. The RUS borrower is responsible for the loan even if it does not receive payments from the ultimate recipient. Grants may be provided to RUS borrowers to establish revolving loan funds.

RBS needs to receive the information contained in this collection of information to select the projects it believes will provide the most long-term, economic benefit to rural areas. The selection process is competitive, and RBS has generally received more applications that it could fund. RBS also needs to make sure the funds are used for the intended purpose and, in the case of the loan, that the funds will be repaid. RBS must determine that loans made from revolving loan funds established with grants are used for eligible purposes.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 2.25 hours per response.

Respondents: RUS borrowers.
Estimated Number of Respondents: 120.

Estimated Total Annual Responses: 1,996.

Estimated Number of Hours per Response: 2.25.

Estimated Total Hours: 4,481.90 hours.

Comments are invited on (a) Whether the proposed collection of information is necessary for the proper performance of the functions of RBS, including whether the information will have practical utility; (b) the accuracy of RBS estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the

information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Brigitte Sumter, Regulations and Paperwork Management Branch, Support Services Division, U.S. Department of Agriculture, Rural Development, Stop 0742, 1400 Independence Avenue, SW., Washington, DC 20250. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: February 10, 2006.

*Acting Administrator, Rural Business—
Cooperative Service.*
