

The annual total burden estimates for the Federal Drug Testing Custody and Control Form, the NLCP application, the NLCP inspection checklist, and NLCP recordkeeping requirements are shown in the following table.

Form/respondent	Burden/response (hrs.)	Number of responses	Total annual burden (hrs.)
Custody and Control Form:			
Donor .....	.08	7,096,000	567,680
Collector .....	.07	7,096,000	496,720
Laboratory .....	.05	7,096,000	354,800
Medical Review Officer .....	.05	7,096,000	354,800
Laboratory Application .....	3.00	3	9
Laboratory Inspection Checklist .....	3.00	100	300
Laboratory Recordkeeping .....	250.00	50	12,500
<b>Total .....</b>			<b>1,786,809</b>

Send comments to Summer King, SAMHSA Reports Clearance Officer, Room 7-1044, One Choke Cherry Road, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: February 14, 2006.

BILLING CODE 4162-20-M

**DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**

[Docket No. FR-4912-N-17]

**Notice of Availability of a Final Environmental Impact Statement for the Development of Stillwater Business Park, City of Redding, CA**

**AGENCY:** Office of the Assistant Secretary for Community Planning and Development, HUD.

**ACTION:** Notice.

**SUMMARY:** HUD gives notice to the public, agencies, and Indian tribes that the City of Redding, CA, makes available to the public for comment the Final Environmental Impact Statement/Final Environmental Impact Report (FEIS/FEIR) for the Stillwater Business Park project located in Redding CA. The City of Redding, CA has prepared the FEIS/FEIR under its authority as the Responsible Entity for compliance with the National Environmental Policy Act (NEPA) in accordance with 24 CFR 58.4, and under its authority as lead agency in accordance with the California Environmental Quality Act (CEQA). This notice is given in accordance with the Council on Environmental Quality regulations at 40 CFR parts 1500-1508. A HUD Economic Development Initiative (EDI) special purpose grant would be used for the project. Environmental Protection Agency (EPA)

State and Tribal Assistance Grants (STAG) will also fund water and wastewater related infrastructure. EPA is acting as a cooperating agency for this process.

**DATES: Comments Due Date:** Comments due no later than March 24, 2006. Comments on the FEIS/FEIR should be addressed to the contact person listed below.

**FOR FURTHER INFORMATION CONTACT:**

Nathan Cherpeski, City of Redding, 777 Cypress Ave., Redding, CA 96001, at (530) 225-4519 or [ncherpeski@ci.redding.ca.us](mailto:ncherpeski@ci.redding.ca.us). The FEIS/FEIR is available on the Internet and can be viewed or downloaded at: [http://ci.redding.ca.us/cm/major\\_pr/still\\_buspk.html](http://ci.redding.ca.us/cm/major_pr/still_buspk.html). Copies of the DEIS and Draft EIS/EIR are also available for viewing at the following locations:

City of Redding, Permit Center, 777 Cypress Ave., Redding, CA 96001.  
City of Anderson Planning Department, 1887 Howard Street, Anderson, CA 96007.

Shasta County Library—Anderson Branch, 3200 West Center, Anderson, CA 96007.

Shasta County Department of Resource Management, Planning Division, 1855 Placer Street, Redding, CA 96001.

Shasta County Library, 1855 Shasta Street, Redding, CA 96001.

**SUPPLEMENTARY INFORMATION:** A Notice of Intent to prepare a draft EIS was published May 11, 2004. Scoping meetings were held on April 4, 2001, August 12, 2003, and June 2, 2004, to determine the issues for the EIS/EIR. A DEIS/DEIR was completed in May 2005. The DEIS/DEIR was the subject of public comments, both oral and written, provided by agencies, interested groups, and individuals, at a public hearing on April 12, 2005, and during the DEIS public comment period which extended from March 18, 2005, through May 2, 2005.

As a result of comments received and after meetings with EPA, USFWS, USACOE, and the California Department of Fish and Game, the City of Redding circulated a Supplemental Draft Environmental Impact Statement (SDEIS/DEIR) with a comment period from September 30, 2005, through November 14, 2005. A public open house was held October 26, 2005. Significant changes were made to the preferred alternative in the SDEIR/DEIR. Those changes are reflected in the preferred alternative described in the FEIS/FEIR. Developable acreage has been reduced and the size of the open space preserve has increased.

The preferred alternative is the development of a medium-to-large parcel business park through the acquisition of land, construction of major infrastructure components, and the provision of public services and utilities to serve the development. The City of Redding is proposing the development of the area east and northeast of the Municipal Airport in Redding, California. The proposed action study area is located on the *Enterprise and Cottonwood, California* 7.5-minute USGS quadrangles, Township 31 North, Range 4 West, Sections 2, 3, 10, 14, 15, 22, 23, 26, 34, and 35. A portion of the proposed location is classified as industrial and a portion as park under the Redding General Plan, adopted in 2000. The purpose and need for this project is to increase the activity of contributory economic sectors by constructing a medium to large parcel business park within the City of Redding sphere of influence capable of attracting and accommodating diverse business and industrial users.

The original proposal called for an approximate 687-acre business park consisting of 383 acres of developable land for a total of 4,410,400 sq. ft. of improvements for professional offices and industrial users. The preferred

alternative calls for an approximate 687-acre business park consisting of 343 acres of developable land for a total of 4,323,000 sq. ft. of improvements for professional offices and industrial users.

*Discussion of Mitigation Measures:* Comments received focused on impacts to wetlands, endangered species, growth inducing impacts, and cumulative effects. The FEIS/FEIR contains mitigation measures to address these and other areas. Impacts to wetlands and sensitive species will be mitigated on site in the nearly 300-acre open space preserve area. The preferred alternative was redesigned in the supplement to remove all impacts to the adjoining Stillwater Plains Mitigation Bank from surface hydrology. Buffer areas and set-backs have been incorporated into the project description. Impacts to traffic and other areas have also been addressed.

Questions may be directed to the individual named above under the heading **FOR FURTHER INFORMATION CONTACT**.

Dated: February 10, 2006.

**Pamela H. Patenaude,**

*Assistant Secretary for Community, Planning and Development.*

## DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5033-FA-02]

### Announcement of Funding Awards for Fiscal Year (FY) 2005 for the Katrina Disaster Housing Assistance Program

**AGENCY:** Office of the Assistant Secretary for Public and Indian Housing, HUD.

**ACTION:** Announcement of funding awards.

**SUMMARY:** In accordance with HUD's regulations implementing the Department of Housing and Urban Development Reform Act of 1989, this document notifies the public of Fiscal Year (FY) 2005 funding awards made noncompetitively to public housing agencies (PHAs) under the Katrina Disaster Housing Assistance Program (KDHP). The purpose of the KDHP is to support a joint temporary housing assistance program between HUD and the Federal Emergency Management Agency (FEMA). KDHP was funded using FEMA FY2005 assistance. The notice identifies the PHA recipients, and the amount of their awards.

**FOR FURTHER INFORMATION CONTACT:** David A. Vargas, Director, Office of

Housing Voucher Programs, Office of Public and Indian Housing, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 4226, Washington, DC 20410-5000, telephone (202) 708-2815. Hearing- or speech-impaired individuals may call HUD's TTY number at (800) 927-7589. (Only the "800" telephone number is toll-free.)

**SUPPLEMENTARY INFORMATION:** In late August 2005, Hurricane Katrina hit the Gulf Coast area of the United States causing unprecedented and catastrophic damage to property, significant loss of life, and the displacement of tens of thousands of individuals from their homes and communities. President Bush called upon all Federal agencies to do everything in their power to assist the victims of Hurricane Katrina. Recognizing that moving displaced families out of temporary shelters into more permanent housing is a key element in helping families return to some degree of normalcy, the Federal Emergency Management Agency (FEMA), through a Mission Assignment, tasked HUD to assume a major role in this relief effort by administering the Katrina Disaster Housing Assistance Program (KDHP).

On September 23, 2005, HUD and FEMA jointly announced the establishment of KDHP, a housing assistance program funded using FEMA FY2005 assistance. KDHP was a temporary program designed to streamline the processing of families who lost housing as a result of Hurricane Katrina, and relocate families already in the HUD rental assistance programs. The temporary program took effect on October 1, 2005.

KDHP provides a temporary monthly rent subsidy to assist certain families displaced by Hurricane Katrina in obtaining decent, safe, and sanitary housing in the privately owned rental market. It was determined that PHAs are uniquely positioned to help displaced families lease privately owned rental units throughout the country. Through the administration of HUD's Housing Choice Voucher Program, PHAs are familiar with their rental markets and available housing stock. These PHAs work with private landlords and assist families in finding decent, safe, and sanitary housing in the privately owned rental market on a regular basis. It is important, however, not to confuse KDHP with the regular Housing Choice Voucher Program. HUD provides separate funding for KDHP. Although there are many common principles and the general structure of the relationship between owner, family, and PHA

remain the same, there are also significant differences in program requirements.

In order to participate, a PHA must already be administering a housing choice voucher program. Family eligibility is dependent on several criteria. The family must be displaced by Hurricane Katrina and must be registered with FEMA no later than March 11, 2006. Furthermore, the family must have either been previously assisted under certain HUD assisted housing programs or must qualify as pre-disaster homeless families.

More detailed information about this program can be found in KDHP's User Guide, located at <http://www.hud.gov/offices/pih/systems/pic/docs/kdhappguide.pdf> and in the notice of the Office of Public and Indian Housing titled "Katrina Disaster Housing Assistance Program (KDHP) Operating Requirements, Notice PIH 2005-36," and located at <http://www.hud.gov/offices/pih/publications/notices/05/pih2005-36.pdf>.

With respect to funding participating PHAs, KDHP provides that when a unit is selected by the family and is approved by the PHA, the owner and the PHA enter into a KDHP rent subsidy contract and the family and the owner execute a lease and the KDHP lease addendum. For certain previously HUD-assisted families, the PHA will receive a one-time fee of \$1,000 for successfully placing the family in addition to an on going monthly administrative fee. Under the KDHP rent subsidy contract, the PHA pays security deposit assistance and a monthly rent subsidy directly to the owner on behalf of the family. The PHA also pays assistance for deposits for utilities directly to the utility companies on behalf of the family. HUD provides the PHA with funding for the security deposit assistance, utility deposit assistance, and monthly rent subsidy directly to the PHA. This funding is in addition to the \$1,000 placement fee and the on going monthly administrative fee. The monthly rent subsidy is based on the FMR. Family income is not considered in calculating the monthly rent subsidy. KDHP is temporary assistance for a term not to exceed 18 months.

A total of \$8,288,753 in budget authority for KDHP for 2,148 units was awarded to KDHP participating PHAs.

In accordance with 24 CFR 4.7 of HUD's regulations in 24 CFR part 4 implementing the Department of Housing and Urban Development Reform Act of 1989 (103 Stat. 1987, 42 U.S.C. 3545), the Department is publishing the names, addresses, and
