SUPPLEMENTARY INFORMATION: Whereas the Congress of the United States has declared it to be a national policy to preserve for the public use historical sites, buildings, and objects of national significance for the inspiration and benefit of the people of the United States, and whereas the Congress has recognized that:

(1) Dr. Carter G. Woodson, cognizant of the widespread ignorance and scanty information concerning the history of African Americans, founded on September 9, 1915, the Association for the Study of Negro Life and History, since renamed the Association for the Study of African-American Life and History.

(2) The Association was founded in particular to counter racist propaganda alleging black inferiority and the pervasive influence of Jim Crow prevalent at the time.

(3) The mission of the Association was and continues to be educating the American public of the contributions of Black Americans in the formation of the Nation’s history and culture.

(4) Dr. Woodson dedicated nearly his entire adult life to every aspect of the Association’s operations in furtherance of its mission.

(5) Among the notable accomplishments of the Association under Dr. Woodson’s leadership, Negro History Week was instituted in 1926 to be celebrated annually during the second week of February. Negro History Week has since evolved into African American History Month.

(6) The headquarters and center of operations of the Association was Dr. Woodson’s residence, located at 1538 Ninth Street, NW., Washington, DC.

Congress, therefore, on October 24, 2000, directed a resource study of the Dr. Carter G. Woodson Home and headquarters of the Association for the Study of African-American Life and History, located at 1538 Ninth Street, NW., Washington, DC, to identify the suitability and feasibility of designating

the Carter G. Woodson Home as a unit of the National Park System.

Upon its consideration of that completed study and the recommendation of the Secretary of the Interior (Secretary) that the Carter G. Woodson Home should be made a unit of the National Park System, the Congress directed to the Secretary to establish the Carter G. Woodson Home National Historic Site as a unit of the National Park System by publication of a notice to that effect in the **Federal Register** upon the acquisition of the Carter G. Woodson Home. The Secretary was granted authority to acquire the Carter G. Woodson Home and any of three properties immediately to its north located at 1540, 1542, and 1544 Ninth Street, NW., described on the map entitled “Carter G. Woodson Home National Historic Site”, numbered 876/82338-A and dated July 22, 2003.

Dated: February 17, 2006.
