

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T07–029 to read as follows:

§ 165.T07–029 Security Zone; Atlantic Ocean Five Miles South of Boca Chica, Florida

(a) *Regulated Area.* The Coast Guard is establishing a temporary security zone in and on the waters 5 miles south of Boca Chica, Florida within a 500 yard radius of position 21°31' N, 081°33.76' W.

(b) *Definitions.* Designated Representative(s) includes Coast Guard Patrol Commanders including Coast Guard coxswains, petty officers, and other officers operating Coast Guard vessels, and Federal, state, and local officers designated by or assisting the Captain of the Port, Key West, Florida with enforcement of this regulation.

(c) *Regulations.* All vessels and persons are prohibited from anchoring, mooring, entering or remaining within the Regulated Area unless authorized by the Captain of the Port, Key West, Florida or designated representative(s). Persons desiring to enter or transit the Regulated Area may contact the Captain of the Port, Key West, Florida via telephone at (305) 292–8727. If permission to transit the regulated area is granted by the Captain of the Port, Key West, Florida or his designated representative(s), all persons and vessels must comply with the instructions of the Captain of the Port, Key West, Florida or his designated representative(s).

(d) *Effective Dates.* This rule is effective from 12:01 p.m. on February 7, 2006, through March 10, 2006.

Dated: February 9, 2006.

P.J. Heyl,

Captain, U.S. Coast Guard, Captain of the Port, Key West, Florida.

BILLING CODE 4910–15–P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 52**

[GA–200533; FRL–8022–4]

Approval and Promulgation of Air Quality Implementation Plans; Georgia Update to Materials Incorporated by Reference

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; notice of administrative change.

SUMMARY: EPA is publishing this action to provide the public with notice of the update to the Georgia State Implementation Plan (SIP) compilation. In particular, materials submitted by Georgia that are incorporated by reference (IBR) into the Georgia SIP are being updated to reflect EPA-approved revisions to Georgia's SIP that have occurred since the last update.

DATES: This action is effective February 28, 2006.

ADDRESSES: SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following locations: Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, GA 30303; the EPA, Air and Radiation Docket and Information Center, Air Docket (Mail Code 6102T), 1200 Pennsylvania Avenue, NW., Washington, DC 20460, and the National Archives and Records Administration. For information on the availability of this material at NARA, call 202–741–6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

FOR FURTHER INFORMATION CONTACT: Ms. Stacy Difrank at the above Region 4 address or at (404) 562–9042. E-mail: difrank.stacy@epa.gov.

SUPPLEMENTARY INFORMATION: Each state has a SIP containing the control measures and strategies used to attain and maintain the national ambient air quality standards (NAAQS). The SIP is extensive, containing such elements as air pollution control regulations, emission inventories, monitoring networks, attainment demonstrations, and enforcement mechanisms.

Each state must formally adopt the control measures and strategies in the SIP after the public has had an opportunity to comment on them and then submit the SIP to EPA. Once these control measures and strategies are approved by EPA, after notice and comment, they are incorporated into the federally approved SIP and are

identified in part 52 “Approval and Promulgation of Implementation Plans,” Title 40 of the Code of Federal Regulations (40 CFR part 52). The full text of the state regulation approved by EPA is not reproduced in its entirety in 40 CFR part 52, but is “incorporated by reference.” This means that EPA has approved a given state regulation with a specific effective date. The public is referred to the location of the full text version should they want to know which measures are contained in a given SIP. The information provided allows EPA and the public to monitor the extent to which a state implements a SIP to attain and maintain the NAAQS and to take enforcement action if necessary.

The SIP is a living document which the state can revise as necessary to address the unique air pollution problems in the state. Therefore, EPA from time to time must take action on SIP revisions containing new and/or revised regulations as being part of the SIP. On May 22, 1997, (62 FR 27968), EPA revised the procedures for incorporating by reference, into the Code of Federal Regulations, materials submitted by states in their EPA-approved SIP revisions. These changes revised the format for the identification of the SIP in 40 CFR part 52, streamlined the mechanisms for announcing EPA approval of revisions to a SIP, and streamlined the mechanisms for EPA's updating of the IBR information contained for each SIP in 40 CFR part 52. The revised procedures also called for EPA to maintain “SIP Compilations” that contain the federally-approved regulations and source specific permits submitted by each state agency. These SIP Compilations are contained in 3-ring binders and are updated primarily on an annual basis. Under the revised procedures, EPA is to periodically publish an informational document in the rules section of the **Federal Register** when updates are made to a SIP Compilation for a particular state. EPA's 1997 revised procedures were formally applied to Georgia on May 21, 1999 (64 FR 27699).

This action represents EPA's publication of the Georgia SIP Compilation update, appearing in 40 CFR part 52.

EPA has determined that today's action falls under the “good cause” exemption in the section 553(b)(3)(B) of the Administrative Procedure Act (APA) which, upon finding “good cause,” authorizes agencies to dispense with public participation and section 553(d)(3) which allows an agency to make an action effective immediately (thereby avoiding the 30-day delayed

effective date otherwise provided for in the APA). Today's administrative action simply codifies provisions which are already in effect as a matter of law in Federal and approved state programs. Under section 553 of the APA, an agency may find good cause where procedures are "impractical, unnecessary, or contrary to the public interest." Public comment for this administrative action is "unnecessary" and "contrary to the public interest" since the codification only reflect existing law. Immediate notice of this action in the **Federal Register** benefits the public by providing the public notice of the updated Georgia SIP Compilation.

Statutory and Executive Order Reviews

A. General Requirements

Under Executive Order 12866 (58 FR 5735, October 4, 1993), this administrative action is not a "significant regulatory action" and is therefore not subject to review by the Office of Management and Budget. This action is not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001) because it is not a significant regulatory action under Executive Order 12866. Because the agency has made a "good cause" finding that this action is not subject to notice-and-comment requirements under the APA or any other statute as indicated in the Supplementary Information section above, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), or to sections 202 and 205 of the Unfunded Mandates Reform Act (UMRA) of 1995 (Pub. L. 104-4). In addition, this action does not significantly or uniquely affect small governments or impose a significant intergovernmental mandate, as described in sections 203 and 204 of UMRA. This administrative action also does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This administrative action also is not subject to Executive

Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant. This administrative action does not involve technical standards; thus the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. The administrative action also does not involve special consideration of environmental justice related issues as required by Executive Order 12898 (59 FR 7629, February 16, 1994). This administrative action does not impose an information collection burden under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). EPA's compliance with these Statutes and Executive Orders for the underlying rules are discussed in previous actions taken on the State's rules.

B. Submission to Congress and the Comptroller General

The Congressional Review Act (CRA) (5 U.S.C. 801 *et seq.*), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA if the agency makes a good cause finding that notice and public procedure is impracticable, unnecessary or contrary to the public interest. Today's administrative action simply codifies provisions which are already in effect as a matter of law in Federal and approved state programs. 5 U.S.C. 808(2). These announced actions were effective when EPA approved them through previous rulemaking actions. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this action in the **Federal Register**. This update to Georgia's SIP Compilation is not a "major rule" as defined by 5 U.S.C. 804(2).

C. Petitions for Judicial Review

EPA has also determined that the provisions of section 307(b)(1) of the Clean Air Act pertaining to petitions for judicial review are not applicable to this action. This action is simply an announcement of prior rulemakings that have previously undergone notice and comment rulemaking. Prior EPA rulemaking actions for each individual component of the Georgia SIP

compilation previously afforded interested parties the opportunity to file a petition for judicial review in the United States Court of Appeals for the appropriate circuit within 60 days of such rulemaking action.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: January 6, 2006.

A. Stanley Meiburg,

Acting Regional Administrator, Region 4.

■ 40 CFR part 52 is amended as follows:

PART 52—[AMENDED]

■ 1. The authority for citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart L—Georgia

■ 2. Section 52.570 is amended by revising paragraph (b) and (c) to read as follows:

52.570 Identification of plan.

* * * * *

(b) Incorporation by reference.

(1) Material listed in paragraph (c) of this section with an EPA approval date prior to July 1, 2005, and paragraph (d) with an EPA approval date prior to April 10, 2003, was approved for incorporation by reference by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Material is incorporated as it exists on the date of the approval, and notice of any change in the material will be published in the **Federal Register**. Entries in paragraph (c) of this section with EPA approval dates after July 1, 2005, and paragraph (d) with an EPA approval date after April 10, 2003, will be incorporated by reference in the next update to the SIP compilation.

(2) EPA Region 4 certifies that the rules/regulations provided by EPA in the SIP compilation at the addresses in paragraph (b)(3) are an exact duplicate of the officially promulgated State rules/regulations which have been approved as part of the state implementation plan as of July 1, 2005.

(3) Copies of the materials incorporated by reference may be inspected at the Region 4 EPA Office at 61 Forsyth Street, SW., Atlanta, GA 30303; the EPA, Air and Radiation Docket and Information Center, Air Docket, 1301 Constitution Avenue NW.,

Room B102, Washington, DC 20460; or at the National Archives and Records Administration (NARA). For

information on the availability of this material at NARA, call 202-741-6030, or go to: <http://www.archives.gov/>

40 CFR Part 52

[EPA-R05-OAR-2005-0563, FRL-8037-4]

Approval and Promulgation of Implementation Plans; Wisconsin; Wisconsin Construction Permit Permanency SIP Revision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final Rule.

SUMMARY: EPA is taking final action to approve revisions to the Wisconsin State Implementation Plan (SIP) submitted by the State of Wisconsin on December 8, 2005. Wisconsin had submitted for approval into its SIP a statutory revision designed to ensure the permanency of construction permit conditions. EPA proposed approval of this revision on January 12, 2006 (71 FR 1994). EPA is approving this revision because it is consistent with Federal regulations governing State permit programs. This revision also addresses one of the deficiencies identified in

EPA's Notice of Deficiency (NOD), published in the **Federal Register** on March 4, 2004. (69 FR 10167.)

DATES: Effective Date: This rule will become effective on March 30, 2006.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA-R05-OAR-2005-0563. All documents in the docket are listed on the <http://www.regulations.gov> Web site. Although listed in the index, some information is not publicly available, i.e., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Susan Siepkowski, Environmental Engineer, at (312) 353-2654 before visiting the Region 5 office.

Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-2654, siepkowski.susan@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, whenever "we," "us," or "our" is used, we mean EPA. This **SUPPLEMENTARY INFORMATION** section is arranged as follows:

- I. Background Information for Today's Action
- II. What Comments Did We Receive?
- III. What Action is EPA Taking Today?
- IV. Statutory and Executive Order Reviews

I. Background Information for Today's Action

On March 4, 2004, EPA published a NOD for the Clean Air Act (Act) title V operating permit program in Wisconsin. (69 FR 10167). The NOD was based upon EPA's findings that the State's title V program did not comply with the requirements of the Act or with the implementing regulations at 40 CFR part 70 in several areas. One of the deficiencies identified in the NOD was related to the expiration of Wisconsin's construction permits.

40 CFR 70.1 requires that each title V source has a permit that assures compliance with all applicable requirements, including any term or condition of any preconstruction permit issued pursuant to programs approved
