SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

DEPARTMENT OF EDUCATION

[CFDA No. 84.184L]

Safe Schools/Healthy Students

AGENCY: Office of Safe and Drug-Free Schools, Department of Education.

ACTION: Notice of intent to fund down the grant slate for the Safe Schools/Healthy Students program.

SUMMARY: The Secretary intends to use the grant slate developed for the Safe Schools/Healthy Students program in Fiscal Year (FY) 2005 to make new grant awards in FY 2006. The Secretary takes this action because a significant number of high-quality applications remain on last year's grant slate and limited funding is available for new grant awards in FY 2006.

Background

On March 10, 2005, we published a notice in the **Federal Register** (70 FR 11948) inviting applications for new awards under the Safe Schools/Healthy Students program. This notice indicated that the final priority, selection criteria, requirements, and definitions published in a notice in the **Federal Register** on May 28, 2004 (69 FR 30756) would apply to the FY 2005 grant competition.

We received a significant number of applications for grants under the Safe Schools/Healthy Students program in FY 2005 and made 40 new grants. Because such a large number of high-quality applications were received, many applications that were awarded high scores by peer reviewers did not receive funding last year.

Limited funding is available for new awards under this program in FY 2006. In order to conserve funding that would have been required for a peer review of new applications submitted under the program, we intend to select grantees in FY 2006 from the existing slate of applicants. This slate was developed during the FY 2005 competition using the final priority, selection criteria, requirements, and definitions referenced in the March 10, 2005 notice. No changes to the final priority, selection criteria, requirements, and definitions will be required by this action.
