SUPPLEMENTARY INFORMATION:

I. Abstract

The IACB is responsible for promoting the development of American Indian and Alaska Native Arts and crafts, improving the economic status of members of federally recognized Tribes, and helping to develop and expand marketing opportunities for arts and crafts produced by Native American Indians and Alaska Natives. This year, the Secretary of the Interior has mandated that each department complete a Strategic Plan. In conjunction with this

plan, the Commissioners for the IACB have requested that the IACB generate baseline numbers that will be included in the Strategic Plan, as well as other statistics that will be used for evaluating and strengthening our Congressional mandate. The IACB has designed a questionnaire that would produce valid and reliable results that can be generalized to the entire universe of study. It is directed toward the Native American Indian and Alaska Native artist/artisan constituency. The questionnaire is to be utilized at Indian markets across the country, which is where most artists and artisans served by the IACB sell their work. Recently, the IACB learned that it would be able to participate in the Santa Fe Indian Market, the largest event in the Southwest, and felt this would be an excellent opportunity to utilize the questionnaire. In order to do this, it requested emergency approval of the Indian Artist/Artisan Survey; OMB approved the survey under OMB Control Number 1085-0003. The IACB is planning to extend the information collection approval for the standard three years and to add additional surveys in other regions necessary to establish a national baseline.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). This notice identifies an information collection activity that the Office of Acquisition and Property Management has submitted to OMB for extension or re-approval.

Claim for Relocation Payments—Residential, DI-381 and Claim for Relocation Payments—Nonresidential, DI-382 were created because of amendments to the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Act) made by the Uniform Relocation Act Amendments of 1987, Title IV of the Surface Transportation and Uniform Relocation Assistance Act of 1987, Public Law 100-17. The Office of Acquisition and Property Management has revised these forms to more closely reflect the changes made by the Uniform

Relocation Assistance and Real Property Acquisition Act final rule published January 4, 2005, by the Federal Highway Administration. The revision make the forms more user-friendly; incorporate citations; revise the sections relating to certification of occupancy status (citizen or national of the United States or an alien lawfully present in the United States); and clarify the allowable and non-allowable moving expenses sections. The Office of Acquisition and Property Management is requesting a 3 year term of approval for this information collection activity.

The information on the information collection requests will be used to determine the amount of money, if any, owed to persons or businesses displaced by Federal acquisition of their real property.

(3) *Description of the need and use of the information:* The information on the information collection requests will be used to determine the amount of money, if any, owed to persons or businesses displaced by Federal acquisition of their real property.

III. Request for Comments

The Department of the Interior invites comments on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) The accuracy of the agency's estimate of the burden of the collection

and the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other collection techniques or other forms of information technology.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

Dated: February 24, 2006.
