

members; complete work on a paper examining the impacts of agricultural biotechnology on American agriculture and USDA over the next 5 to 10 years, through review and revision of the current draft Chair's text for the paper; and consider preliminary presentations and introductory discussions related to two upcoming committee projects. The projects are the following: (1) What are the effects (in terms of planting decisions, markets, and rural communities) of coexistence issues on the development and use of new crops derived through modern biotechnology? and (2) What avenues of technology transfer or actions by USDA are most likely to result in the production of biotechnology-derived crops— other than large-scale, commingled, major commodity uses— that would have the greatest positive impacts on domestic markets, rural communities in the United States, and developing nations?

Background information regarding the work of the AC21 will be available on the USDA Web site at http://www.usda.gov/wps/portal/tut/p/_s.7_0_A/7_0_1OB?contentidonly=true&contentid=AC21Main.xml.

On March 27, 2006, if time permits, reasonable provision will be made for oral presentations of no more than five minutes each in duration. The meeting will be open to the public, but space is limited. If you would like to attend the meetings, you must register by contacting Ms. Dianne Harmon at (202) 720-4074, by fax at (202) 720-3191 or by e-mail at dharm@ars.usda.gov at least 5 days prior to the meeting. Please provide your name, title, business affiliation, address, and telephone and fax numbers when you register. If you require a sign language interpreter or other special accommodation due to disability, please indicate those needs at the time of registration.

Foreign Agricultural Service

Trade Adjustment Assistance for Farmers

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice.

The Administrator, Foreign Agricultural Service (FAS), today accepted a petition filed by the

Washington State Potato Commission representing Washington fresh potato producers for trade adjustment assistance. The Administrator will determine within 40 days whether or not increasing imports of French fries contributed importantly to a decline in domestic producer prices of 20 percent or more during the marketing period beginning January 1, 2004, and ending December 31, 2005. If the determination is positive, all producers who produce and market their fresh potatoes in Washington will be eligible to apply to the Farm Service Agency for no cost technical assistance and for adjustment assistance payments.
