and recordkeeping requirements, Trade agreements.

Amendments to the Regulations

■ Accordingly, chapter I of title 19, Code of Federal Regulations (19 CFR chapter I), is amended as set forth below.

PART 10—ARTICLES CONDITIONALLY FREE, SUBJECT TO A REDUCED RATE, ETC.

■ 1. The general authority citation for part 10 continues, and the specific authority for new Subpart J is added, to read as follows:

Authority: 19 U.S.C. 66, 1202 (General Note 3(i), Harmonized Tariff Schedule of the United States), 1321, 1481, 1484, 1498, 1508, 1623, 1624, 3314;

* * * * *

Section 10.699 also issued under Pub. L. 109–53, 119 Stat. 462.

■ 2. Part 10, CBP regulations, is amended by adding a new Subpart J to read as follows:

Subpart J—Dominican Republic—Central America—United States Free Trade Agreement

Retroactive Preferential Tariff Treatment for Textile and Apparel Goods

§ 10.699 Refunds of Excess Customs Duties

(a) *Applicability*. The Dominican Republic-Central America-United States Free Trade Agreement (CAFTA–DR or Agreement) was entered into by the governments of Costa Rica, the Dominican Republic, El Salvador, Guatemala, Honduras, Nicaragua, and the United States on August 5, 2004. The Congress approved the CAFTA–DR in the Dominican Republic—Central America—United States Free Trade Agreement Implementation Act (the Act), Public Law 109–53, 119 Stat. 462 (19 U.S.C. 4001 *et seq.*). Section 205 of the Act provides for the retroactive application of the Agreement and payment of refunds for any excess duties paid with respect to entries of textile and apparel goods of eligible CAFTA–DR countries that meet certain conditions and requirements. Those conditions and requirements are set forth in paragraphs (b) and (c) of this section.

(b) *General.* Notwithstanding 19 U.S.C. 1514 or any other provision of law, and subject to paragraph (c) of this section, a textile or apparel good of an eligible CAFTA–DR country that was entered or withdrawn from warehouse for consumption on or after January 1, 2004, and before the date of the entry into force of the Agreement with respect to that country will be liquidated or reliquidated at the applicable rate of duty for that good set out in the Schedule of the United States to Annex 3.3 of the Agreement, and CBP will refund any excess customs duties paid with respect to such entry, with interest accrued from the date of entry, provided:

(1) The good would have qualified as an originating good under § 203 of the Act if the good had been entered after the date of entry into force of the Agreement for that country; and

(2) Customs duties in excess of the applicable rate of duty for that good set out in the Schedule of the United States to Annex 3.3 of the Agreement were paid.

(c) *Request for liquidation or reliquidation*. Liquidation or reliquidation may be made under paragraph (b) of this section with respect to an entry of a textile or apparel good of an eligible CAFTA–DR country only if a request for liquidation or reliquidation is filed with the CBP port where the entry was originally filed by the later of December 31, 2006, or the date that is 90 days after the date of the entry into force of the Agreement for that country, and the request contains sufficient information to enable CBP:

(1) To locate the entry or to reconstruct the entry if it cannot be located; and

(2) To determine that the good satisfies the conditions set forth in paragraph (b) of this section.

(d) *Definitions*. For purposes of this section:

(1) ''Eligible CAFTA–DR country'' means a country that the United States Trade Representative has determined, by notice published in the **Federal Register**, to be an eligible country for purposes of section 205 of the Act; and

(2) ''Textile or apparel good'' means a good listed in the Annex to the Agreement on Textiles and Clothing referred to in section 101(d)(4) of the Uruguay Round Agreements Act (19 U.S.C. 3511(d)(4)), other than a good listed in Annex 3.29 of the Agreement.

Deborah J. Spero,

Acting Commissioner of Customs and Border Protection.

Approved: February 28, 2006.

Timothy E. Skud,

Deputy Assistant Secretary of the Treasury.

BILLING CODE 9111–14–P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Part 1

Definition of Contribution in Aid of Construction Under Section 118(c)

CFR Correction

In Title 26 of the Code of Federal Regulations, part 1 (§§ 1.61 to 1.169), revised as of April 1, 2005, on page 495, reinstate § 1.118–2 to read as follows:

§ 1.118–2 Contribution in aid of construction.

(a) *Special rule for water and sewerage disposal utilities*—(1) *In general.* For purposes of section 118, the term *contribution to the capital of the taxpayer* includes any amount of money or other property received from any person (whether or not a shareholder) by a regulated public utility that provides water or sewerage disposal services if—

(i) The amount is a contribution in aid of construction under paragraph (b) of this section;

(ii) In the case of a contribution of property other than water or sewerage disposal facilities, the amount satisfies the expenditure rule under paragraph (c) of this section; and

(iii) The amount (or any property acquired or constructed with the amount) is not included in the taxpayer's rate base for ratemaking purposes.

(2) *Definitions*—(i) *Regulated public utility* has the meaning given such term by section 7701(a)(33), except that such term does not include any utility which is not required to provide water or sewerage disposal services to members of the general public in its service area.

(ii) *Water or sewerage disposal facility* is defined as tangible property described in section 1231(b) that is used predominately (80% or more) in the trade or business of furnishing water or sewerage disposal services.

(b) *Contribution in aid of construction*—(1) *In general.* For purposes of section 118(c) and this section, the term *contribution in aid of construction* means any amount of money or other property contributed to a regulated public utility that provides water or sewerage disposal services to the extent that the purpose of the contribution is to provide for the expansion, improvement, or replacement of the utility's water or sewerage disposal facilities.

(2) *Advances.* A contribution in aid of construction may include an amount of money or other property contributed to

a regulated public utility for a water or sewerage disposal facility subject to a contingent obligation to repay the amount, in whole or in part, to the contributor (commonly referred to as an advance). For example, an amount received by a utility from a developer to construct a water facility pursuant to an agreement under which the utility will pay the developer a percentage of the receipts from the facility over a fixed period may constitute a contribution in aid of construction. Whether an advance is a contribution or a loan is determined under general principles of federal tax law based on all the facts and circumstances. For the treatment of any amount of a contribution in aid of construction that is repaid by the utility to the contributor, see paragraphs (c)(2)(ii) and (d)(2) of this section.

(3) *Customer connection fee*—(i) *In general.* Except as provided in paragraph (b)(3)(ii) of this section, a customer connection fee is not a contribution in aid of construction under this paragraph (b) and generally is includible in income. The term *customer connection fee* includes any amount of money or other property transferred to the utility representing the cost of installing a connection or service line (including the cost of meters and piping) from the utility's main water or sewer lines to the line owned by the customer or potential customer. A customer connection fee also includes any amount paid as a service charge for starting or stopping service.

(ii) *Exceptions*—(A) *Multiple customers.* Money or other property contributed for a connection or service line from the utility's main line to the customer's or the potential customer's line is not a customer connection fee if the connection or service line serves, or is designed to serve, more than one customer. For example, a contribution for a split service line that is designed to serve two customers is not a customer connection fee. On the other hand, if a water or sewerage disposal utility treats an apartment or office building as one utility customer, then the cost of installing a connection or service line from the utility's main water or sewer lines serving that single customer is a customer connection fee.

(B) *Fire protection services.* Money or other property contributed for public and private fire protection services is not a customer connection fee.

(4) *Reimbursement for a facility previously placed in service*—(i) *In general.* If a water or sewerage disposal facility is placed in service by the utility before an amount is contributed to the utility, the contribution is not a contribution in aid of construction under this paragraph (b) with respect to the cost of the facility unless, no later than 8½ months after the close of the taxable year in which the facility was placed in service, there is an agreement, binding under local law, that the utility is to receive the amount as reimbursement for the cost of acquiring or constructing the facility. An order or tariff, binding under local law, that is issued or approved by the applicable public utility commission requiring current or prospective utility customers to reimburse the utility for the cost of acquiring or constructing the facility, is a binding agreement for purposes of the preceding sentence. If an agreement exists, the basis of the facility must be reduced by the amount of the expected contributions. Appropriate adjustments must be made if actual contributions differ from expected contributions.

(ii) *Example.* The application of paragraph (b)(4)(i) of this section is illustrated by the following example:

Example. M, a calendar year regulated public utility that provides water services, spent $1,000,000 for the construction of a water facility that can serve 200 customers. M placed the facility in service in 2000. In June 2001, the public utility commission that regulates M approves a tariff requiring new customers to reimburse M for the cost of constructing the facility by paying a service availability charge of $5,000 per lot. Pursuant to the tariff, M expects to receive reimbursements for the cost of the facility of $100,000 per year for the years 2001 through 2010. The reimbursements are contributions in aid of construction under paragraph (b) of this section because no later than 8½ months after the close of the taxable year in which the facility was placed in service there was a tariff, binding under local law, approved by the public utility commission requiring new customers to reimburse the utility for the cost of constructing the facility. The basis of the $1,000,000 facility is zero because the expected contributions equal the cost of the facility.

(5) *Classification by ratemaking authority.* The fact that the applicable ratemaking authority classifies any money or other property received by a utility as a contribution in aid of construction is not conclusive as to its treatment under this paragraph (b).

(c) *Expenditure rule*—(1) *In general.* An amount satisfies the expenditure rule of section 118(c)(2) if the amount is expended for the acquisition or construction of property described in section 118(c)(2)(A), the amount is paid or incurred before the end of the second taxable year after the taxable year in which the amount was received as required by section 118(c)(2)(B), and accurate records are kept of contributions and expenditures as provided in section 118(c)(2)(C).

(2) *Excess amount*—(i) *Includible in the utility's income.* An amount received by a utility as a contribution in aid of construction that is not expended for the acquisition or construction of water or sewerage disposal facilities as required by paragraph (c)(1) of this section (the excess amount) is not a contribution to the capital of the taxpayer under paragraph (a) of this section. Except as provided in paragraph (c)(2)(ii) of this section, such excess amount is includible in the utility's income in the taxable year in which the amount was received.

(ii) *Repayment of excess amount.* If the excess amount described in paragraph (c)(2)(i) of this section is repaid, in whole or in part, either—

(A) Before the end of the time period described in paragraph (c)(1) of this section, the repayment amount is not includible in the utility's income; or

(B) After the end of the time period described in paragraph (c)(1) of this section, the repayment amount may be deducted by the utility in the taxable year in which it is paid or incurred to the extent such amount was included in income.

(3) *Example.* The application of this paragraph (c) is illustrated by the following example:

Example. M, a calendar year regulated public utility that provides water services, received a $1,000,000 contribution in aid of construction in 2000 for the purpose of constructing a water facility. To the extent that the $1,000,000 exceeded the actual cost of the facility, the contribution was subject to being returned. In 2001, M built the facility at a cost of $700,000 and returned $200,000 to the contributor. As of the end of 2002, M had not returned the remaining $100,000. Assuming accurate records are kept, the requirement under section 118(c)(2) is satisfied for $700,000 of the contribution. Because $200,000 of the contribution was returned within the time period during which qualifying expenditures could be made, this amount is not includible in M's income. However, the remaining $100,000 is includible in M's income for its 2000 taxable year (the taxable year in which the amount was received) because the amount was neither spent nor repaid during the prescribed time period. To the extent M repays the remaining $100,000 after year 2002, M would be entitled to a deduction in the year such repayment is paid or incurred.

(d) *Adjusted basis*—(1) *Exclusion from basis.* Except for a repayment described in paragraph (d)(2) of this section, to the extent that a water or sewerage disposal facility is acquired or constructed with an amount received as a contribution to the capital of the taxpayer under paragraph (a) of this section, the basis of the facility is reduced by the amount of the contribution. To the extent the water or

sewerage disposal facility is acquired as a contribution to the capital of the taxpayer under paragraph (a) of this section, the basis of the contributed facility is zero.

(2) *Repayment of contribution.* If a contribution to the capital of the taxpayer under paragraph (a) of this section is repaid to the contributor, either in whole or in part, then the repayment amount is a capital expenditure in the taxable year in which it is paid or incurred, resulting in an increase in the property's adjusted basis in such year. Capital expenditures allocated to depreciable property under paragraph (d)(3) of this section may be depreciated over the remaining recovery period for that property.

(3) *Allocation of contributions.* An amount treated as a capital expenditure under this paragraph (d) is to be allocated proportionately to the adjusted basis of each property acquired or constructed with the contribution based on the relative cost of such property.

(4) *Example.* The application of this paragraph (d) is illustrated by the following example:

Example. A, a calendar year regulated public utility that provides water services, received a $1,000,000 contribution in aid of construction in 2000 as an advance from B, a developer, for the purpose of constructing a water facility. To the extent that the $1,000,000 exceeds the actual cost of the facility, the contribution is subject to being returned. Under the terms of the advance, A agrees to pay to B a percentage of the receipts from the facility over a fixed period, but limited to the cost of the facility. In 2001, A builds the facility at a cost of $700,000 and returns $300,000 to B. In 2002, A pays $20,000 to B out of the receipts from the facility. Assuming accurate records are kept, the $700,000 advance is a contribution to the capital of A under paragraph (a) of this section and is excludable from A's income. The basis of the $700,000 facility constructed with this contribution to capital is zero. The $300,000 excess amount is not a contribution to the capital of A under paragraph (a) of this section because it does not meet the expenditure rule described in paragraph (c)(1) of this section. However, this excess amount is not includible in A's income pursuant to paragraph (c)(2)(ii) of this section since the amount is repaid to B within the required time period. The repayment of the $300,000 excess amount to B in 2001 is not treated as a capital expenditure by A. The $20,000 payment to B in 2002 is treated as a capital expenditure by A in 2002 resulting in an increase in the adjusted basis of the water facility from zero to $20,000.

(e) *Statute of limitations*—(1) *Extension of statute of limitations.* Under section 118(d)(1), the statutory period for assessment of any deficiency attributable to a contribution to capital under paragraph (a) of this section does not expire before the expiration of 3 years after the date the taxpayer notifies the Secretary in the time and manner prescribed in paragraph (e)(2) of this section.

(2) *Time and manner of notification.* Notification is made by attaching a statement to the taxpayer's federal income tax return for the taxable year in which any of the reportable items in paragraphs (e)(2)(i) through (iii) of this section occur. The statement must contain the taxpayer's name, address, employer identification number, taxable year, and the following information with respect to contributions of property other than water or sewerage disposal facilities that are subject to the expenditure rule described in paragraph (c) of this section—

(i) The amount of contributions in aid of construction expended during the taxable year for property described in section 118(c)(2)(A) (qualified property) as required under paragraph (c)(1) of this section, identified by taxable year in which the contributions were received;

(ii) The amount of contributions in aid of construction that the taxpayer does not intend to expend for qualified property as required under paragraph (c)(1) of this section, identified by taxable year in which the contributions were received; and

(iii) The amount of contributions in aid of construction that the taxpayer failed to expend for qualified property as required under paragraph (c)(1) of this section, identified by taxable year in which the contributions were received.

(f) *Effective date.* This section is applicable for any money or other property received by a regulated public utility that provides water or sewerage disposal services on or after January 11, 2001.

BILLING CODE 1505–01–D

DEPARTMENT OF JUSTICE

28 CFR Part 16

[AAG/A Order No. 003–2006]

Privacy Act of 1974; Implementation

AGENCY: Department of Justice.

ACTION: Final rule.

SUMMARY: The Department of Justice, Tax Division, is amending 28 CFR part 16 to exempt a newly revised Privacy Act system of records entitled ''Files of Applicants For Attorney and Non-Attorney Positions with the Tax Division, Justice/TAX–003,'' as described in today's notice section of the **Federal Register**, from 5 U.S.C. 552a(c)(3) and (d)(1). The exemptions will be applied only to the extent that information in a record is subject to exemption pursuant to 5 U.S.C. 552a(k)(5). The exemptions are necessary to protect the confidentiality of employment records. The Department also is deleting as obsolete provisions exempting two former Tax Division systems of records: ''Freedom of Information/Privacy Act Request Files, Justice/TAX–004;'' and ''Tax Division Special Project Files, Justice/TAX–005.'' The records in TAX–004 are now covered by a Departmentwide system notice, ''Freedom of Information Act, Privacy Act, and Mandatory Declassification Review Requests and Administrative Appeals, DOJ–004''. The relevant records in TAX–005 are now part of the revised system entitled ''Criminal Tax Case Files, Special Project Files, Docket Cards, and Associated Records, Justice/TAX–001.''

DATES: *Effective Date:* This final rule is effective March 7, 2006.

FOR FURTHER INFORMATION CONTACT: Mary Cahill, (202) 307–1823.

SUPPLEMENTARY INFORMATION: On November 16, 2005 (70 FR 69486), a proposed rule was published in the **Federal Register** with an invitation to comment. Based on suggestions received, the Department is eliminating the reference to 5 U.S.C. 552a(k)(2) as a basis for exemption, and is removing the exemption from 5 U.S.C. 552a(e)(1).

This rule relates to individuals rather than small business entities. Nevertheless, pursuant to the requirements of the Regulatory Flexibility Act, 5 U.S.C. 601–612, this rule will not have a significant economic impact on a substantial number of small entities.
