**Recreational Programs**

**AGENCY:** Office of Special Education and Rehabilitative Services, Department of Education.

**ACTION:** Notice of intent to fund down the grant slate for the Recreational Programs.

**SUMMARY:** The Secretary intends to use the grant slate developed for the Recreational Programs in Fiscal Year (FY) 2005 to make new grant awards in FY 2006. The Secretary takes this action because a significant number of high-quality applications remain on the last year's grant slate and limited funding is available for new grant awards in FY 2006.

**SUPPLEMENTARY INFORMATION:**

**Background**

On February 7, 2005, we published a notice in the **Federal Register** (70 FR 6428) inviting applications for new awards under Recreational Programs. This notice indicated that the selection criteria, absolute priority, and application requirements contained in the notice would apply to the FY 2005 grant competition only.

We received a significant number of applications for grants under Recreational Programs in FY 2005 and made nine new grant awards. Because such a large number of high-quality applications were received, many applications that were awarded high scores by peer reviewers did not receive funding last year.

Limited funding is available for new awards under this program in FY 2006. In order to conserve funding that would have been required for a peer review of new applications submitted under the program, we intend to select grantees in FY 2006 from the existing slate of applicants. This slate was developed during the FY 2005 competition using the selection criteria, absolute priority, and application requirements included in the February 7, 2005, notice. No changes to the selection criteria, absolute priority, or application requirements will be required by this action.
